1	State of Arkansas	As Engrossed: H2/18/19	
2	92nd General Assembly	A Bill	
3	Regular Session, 2019		HOUSE BILL 1309
4			
5	By: Representative S. Meeks		
6			
7		For An Act To Be Entitled	
8	AN ACT TO CF	REATE THE ARKANSAS NIGHTTIME ENV	IRONMENT
9	PROTECTION A	ACT; AND FOR OTHER PURPOSES.	
10			
11			
12		Subtitle	
13	TO CREA	ATE THE ARKANSAS NIGHTTIME	
14	ENVIRO	NMENT PROTECTION ACT.	
15			
16			
17	BE IT ENACTED BY THE GEN	VERAL ASSEMBLY OF THE STATE OF A	RKANSAS:
18			
19	SECTION 1. DO NOT	CODIFY. <u>Findings.</u>	
20	<u>The General Assemb</u>	oly finds that:	
21	<u>(1) Energy</u>	is wasted when methods of illum	<u>ination are used</u>
22	excessively and ineffici	ently;	
23	<u>(2)</u> The was	steful use of energy is not a co	<u>st-effective use of</u>
24	taxpayer money and adds	unnecessary pollutants to our e	<u>nvironment from the</u>
25	energy generation;		
26	<u>(3)(A) Ligh</u>	nt pollution has been implicated	in disruption of the
27	<u>human and animal circadi</u>	ian rhythm and strongly suspecte	<u>d as an etiology of</u>
28	<u>suppressed melatonin pro</u>	oduction, depressed immune syste	ms, and increases in
29	<u>certain cancer rates.</u>		
30	<u>(B)</u> 1	<u>The findings set out in subdivis</u>	ion (2)(A) of this
31	section prompted the Ame	erican Medical Association in Ju	<u>ne 2009 to adopt a</u>
32	resolution advocating th	ne reduction of light pollution	and glare through the
33	<u>use of energy-efficient</u>	and shielded lighting;	
34	<u>(4) Light p</u>	oollution disrupts nocturnal ani	mal activity, which
35	results in diminished he	ealth and survival of various an	imal and plant
36	populations;		

.

1	(5) Light pollution reduces the ability for Arkansans to enjoy	
2	recreational or educational astronomical observations of the starry night	
3	<u>sky;</u>	
4	(6) Light pollution reduces the ability for Arkansas scientists	
5	to conduct scientific research of the cosmos;	
6	(7) Inefficient luminaries may cast unwanted light outside the	
7	intended target area, creating light trespass; and	
8	(8) It is in the public interest to reduce light pollution to	
9	protect the nighttime environment and create awareness of the need to reduce	
10	light pollution.	
11		
12	SECTION 2. Arkansas Code Title 8, Chapter 14, is amended to read as	
13	follows:	
14	Chapter 14	
15	Shielded Outdoor Lighting Act Arkansas Nighttime Environment Protection Act	
16		
17	8-14-101. Title.	
18	This chapter shall be known and may be cited as the <del>"Shielded Outdoor</del>	
19	Lighting Act" "Arkansas Nighttime Environment Protection Act".	
20		
21	8-14-102. Purpose.	
22	The purpose of this chapter is to <del>conserve energy and preserve the</del>	
23	environment through the regulation of outdoor lighting fixtures regulate	
24	outdoor night lighting fixtures to promote safety, conserve energy, save tax	
25	dollars, and preserve the state's natural nighttime environment for astronomy	
26	and the health and welfare of the state's citizens and wildlife.	
27		
28	8-14-103. Definitions.	
29	As used in this chapter:	
30	(1) "Outdoor lighting fixture" means an automatically	
31	controlled, outdoor artificial illuminating device, whether permanent or	
32	portable, used for illumination or advertisement, including searchlights,	
33	spotlights, and floodlights, whether for architectural lighting, parking lot	
34	lighting, landscape lighting, billboards, or street lighting; and	
35	(2) "Shielded" means a fixture that is covered in a manner that	
36	light rays emitted by the fixture, either directly from the lamp or	

2

As Engrossed: H2/18/19

HB1309

1	indirectly from the fixture, are projected below a horizontal plane running
2	through the lowest point on the fixture where light is emitted.
3	(1) "Direct light" means light emitted directly from a light
4	source, off a reflector, or through a refractor or lens of a fixture;
5	(2)(A) "Electronic message center" means a self-luminous sign
6	that emits or projects any kind of light, color, or message that is computer-
7	generated or electronically generated.
8	(B) "Electronic message center" includes without
9	limitation displays using lamps, light-emitting diodes, liquid crystal
10	displays, or a flipper matrix and any sign that creates an image using an
11	array of picture elements or pixels;
12	(3) "Excessive cost" means:
13	(A) The cost to meet a requirement under this chapter or
14	the cost of additional wiring, controls, power requirements, poles,
15	materials, and commissioning, designing, and maintenance needed to meet a
16	requirement under this chapter that is at least one hundred twenty-five
17	percent (125%) more expensive than a nonconforming fixture; or
18	(B) In the case of a tariff on a streetlight, the tariff
19	for the streetlight for a conforming fixture is more expensive than the
20	tariff for a nonconforming fixture;
21	(4) "Fixture" means a complete lighting unit, including without
22	limitation a light source together with the parts designed to distribute the
23	light, to position and protect the light source, and to connect the light
24	source to the power supply;
25	(5) "Fully shielded" means a fixture that does not allow light
26	emissions, either directly from a light source or indirectly by reflection or
27	refraction from any part of the lighting unit, above a horizontal plane
28	running through the lowest point on the fixture where light is emitted;
29	(6) "Glare" means the effect produced by luminances within the
30	visual field that is sufficiently greater than the luminance to which the
31	eyes are adapted to cause annoyance, discomfort, or loss of visual
32	performance and visibility;
33	(7) "Governing body" means an agency director, elected official,
34	or a public body responsible for a fixture, including without limitation a
35	municipality, board, the Arkansas Department of Transportation, and the State
36	<u>Highway Commission;</u>

3

1	(8) "Illuminance" means the level of light measured on an
2	intercepting surface;
3	(9) "Lamp" means the component of a fixture that produces light;
4	(10) "Light pollution" means general sky glow caused by the
5	scattering of artificial light in the atmosphere;
6	(11) "Light trespass" means excessive or unreasonable light
7	emitted by a fixture that shines beyond the boundaries of the property on
8	which the fixture is located;
9	(12) "Lumen" means a unit of luminous flux emitted within a unit
10	solid angle by a point source with a uniform luminous intensity of one (1)
11	<u>candela;</u>
12	(13) "Lux" means a unit of illuminance that is equal to one (1)
13	lumen per square meter;
14	(14) "Partially shielded" means a fixture that is constructed so
15	that the bottom edge of the shield is below the plane of the center line of
16	the lamp, reducing light above the horizontal to less than twenty percent
17	(20%) of the light emitted from any part of the lighting unit;
18	(15) "Permanent outdoor fixture" means a fixture or system of
19	fixtures that is outdoors and intended to be used or is used for thirty $(30)$
20	days or longer; and
21	(16) "Public funds" means bond revenues or money appropriated or
22	allocated by the General Assembly, money raised through taxes or fees, and
23	county and municipal funds.
24	
25	8-14-104. Shielding — Prohibitions — Exemptions Regulations for
26	outdoor illumination.
27	(a) After January 1, 2006:
28	(1)(A) No public funds shall be used to install an outdoor
29	lighting fixture unless it is shielded.
30	(B) Subdivision (a)(l)(A) of this section shall not apply
31	to any municipality or county if the governing body of the municipality or
32	county determines by ordinance or to a municipally owned utility if the
33	municipal employee responsible for procurement determines that the cost of
34	acquiring a shielded outdoor lighting fixture will be prohibitive after
35	comparing:
36	(i) The cost of the fixtures; and

4

1	(ii) The projected energy cost of the operation of
2	the fixtures;
3	(2) The Arkansas Department of Environmental Quality shall
4	promulgate regulations prohibiting any person or entity from knowingly
5	placing or disposing of the bulb or tube portion of an electric lighting
6	device containing hazardous levels of mercury in a landfill after January 1,
7	<del>2008, if:</del>
8	(A) The device contains more than two-tenths milligram per
9	liter (0.2 mg/l) of leachable mercury as measured by the Toxicity
10	Characteristic Leaching Procedure as set out in EPA test Method 1311; and
11	(B) Adequate facilities exist for the public to properly
12	dispose of the device described in subdivision (a)(2)(A) of this section; and
13	(3)(A) Each electric public utility shall offer a shielded
14	lighting service option.
15	(B) Not later than January 1, 2006, each electric public
16	utility shall file an application with the Arkansas Public Service Commission
17	to establish a schedule of rates and charges for the provision of a shielded
18	lighting service option to the utility's customers.
19	(C) The commission shall require each electric public
20	utility to inform its customers of the availability of the shielded lighting
21	service.
22	(b) This chapter does not apply to acquisitions of:
23	(1) Incandescent outdoor lighting fixtures of one hundred fifty
24	watts (150W) or less or other light sources of seventy watts (70W) or less;
25	(2) Outdoor lighting fixtures on advertisement signs on
26	interstate or federal primary highways;
27	$(3)(\Lambda)$ Outdoor lighting fixtures existing and legally installed
28	before August 12, 2005.
29	(B) However, if an existing outdoor lighting fixture
30	exempted from this chapter under subdivision (b)(3)(A) of this section needs
31	to be replaced, the acquisition of the replacement outdoor lighting fixture
32	shall be subject to the provisions of this chapter;
33	(4) Navigational lighting systems at airports or other lighting
34	necessary for aircraft safety; and
35	(5) Outdoor lighting fixtures that are necessary for worker
36	safety at farms, ranches, dairies, or feedlots or industrial, mining, or oil

1	and gas facilities.	
2	(c) This chapter does not apply to outdoor lighting fixtures	
3	maintained or installed by:	
4	(1) A public school district;	
5	(2) A correctional facility;	
6	(3) A juvenile detention facility;	
7	(4) An adult detention facility;	
8	(5) A mental health facility; or	
9	(6) A state-supported institution of higher education.	
10	(a) A state agency, public corporation, county, or municipality shall	
11	not use public funds to operate, maintain, install, or cause to be installed	
12	a new or replacement permanent outdoor fixture unless the following	
13	conditions are met:	
14	(1) The permanent outdoor fixture is a fully shielded fixture	
15	when the initial rated lumens of the lamp of the permanent outdoor fixture is	
16	greater than one thousand eight hundred lumens (1,800 lm);	
17	(2) The illuminance of a surface does not exceed what is	
18	adequate for that purpose under guidelines recommended for that purpose by	
19	the Illuminating Engineering Society of North America, as the guidelines	
20	existed on January 1, 2019, or the minimum illuminance recommendation for	
21	that purpose by the United States Department of Transportation, as the	
22	recommendation existed on January 1, 2019;	
23	(3) Consideration has been given to the use of public funds for	
24	the goals of eliminating glare, light pollution, and light trespass, reducing	
25	energy use, and preserving the natural night environment; and	
26	(4) The color temperature is four thousand kelvin (4,000K) or	
27	less.	
28	(b) Illuminated roadway signage installed or replaced after October 1,	
29	2019, shall be illuminated from within or from above the roadway signage,	
30	except when illumination of the roadway signage from within or above is not	
31	possible or would create excessive cost or maintenance issues.	
32	(c)(1) An electric utility shall not operate, maintain, install, or	
33	cause to be installed a fixture for new or replacement residential or	
34	commercial security lighting unless the following conditions are met:	
35	(A) The fixture is a fully shielded or partially shielded	
36	fixture when the initial rated lumens of the lamp of the fixture is greater	

6

1	than one thousand eight hundred lumens (1,800 lm);	
2	(B) The fixture is designed to maximize energy	
3	conservation and to minimize light pollution, glare, and light trespass; and	
4	(C) The color temperature is four thousand kelvin (4,000K)	
5	<u>or less.</u>	
6	(2) If a property owner purchases a fixture that does not	
7	conform to the requirements of subdivision (c)(l) of this section from a	
8	third party, the electric utility, at the electric utility's discretion, may	
9	install, operate, and service the fixture.	
10	(d) After taking into account all costs, including long-term costs,	
11	associated with the operation and maintenance of a given fixture, the	
12	Arkansas Public Service Commission shall ensure that the rate schedule for	
13	public, residential, and commercial outdoor security and street lighting	
14	published by an electric utility for fixtures that are better shielded, use	
15	lower wattage, and require less maintenance, are properly reflective of the	
16	long-term cost of the fixtures and the energy consumption of the fixtures	
17	over the life of the fixtures.	
18	(e) A new mercury vapor lamp shall not be installed in the state by a	
19	state agency, public corporation, county, municipality, public entity, or	
20	utility.	
21	(f) An entity that installs new or replacement street or outdoor	
22	lighting on behalf of a state agency, public corporation, county, or	
23	municipality or new or replacement street or outdoor lighting that will	
24	become the responsibility of a state agency, public corporation, county, or	
25	municipality shall comply with subsection (a) of this section.	
26		
27	8-14-105. Penalties	
28	Violations of this chapter are punishable by:	
29	(1) A warning for a first offense; and	
30	(2) A fine of twenty-five dollars (\$25.00) minus the replacement	
31	cost for each offending outdoor lighting fixture for a second or subsequent	
32	offense or for an offense that continues for thirty (30) calendar days from	
33	the date of the warning.	
34		
35	8-14-106. Enforcement.	
36	This chapter may be enforced by a town, city, or county of this state	

7

1	by seeking injunctive relief in a court of competent jurisdiction.
2	This chapter shall be enforced by:
3	(1) The governing body of a political subdivision of the state
4	within its jurisdiction; and
5	(2) A local code enforcement agency within the jurisdiction of
6	the governing body of a political subdivision of the state.
7	8-14-107. Provisions supplemental
8	The provisions of this chapter are cumulative and supplemental and
9	shall not apply within a town, city, or county of this state that by
10	ordinance has adopted provisions restricting light pollution that are equal
11	to or more stringent than the provisions of this chapter.
12	
13	<u>8-14-108. Illuminated roadway signage — Electronic messaging centers.</u>
14	(a) If roadway signage is illuminated with external fixtures:
15	(1) The external fixtures shall be directed and designed so that
16	a majority of the light falls upon the roadway sign's surface; and
17	(2) The external fixtures shall not create glare, light
18	trespass, or excessive amounts of light pollution.
19	(b)(1) Commercial and advertising roadway signage and devices,
20	including billboards and electronic message centers, installed or replaced
21	after October 1, 2019, that are within one-half $(1/2)$ mile of and visible
22	from a highway system shall not prevent the driver of a vehicle from having a
23	clear and unobstructed view of official signs and approaching or merging
24	<u>traffic.</u>
25	(2) If a commercial and advertising roadway sign or device is
26	illuminated with an external fixture:
27	(A) The external fixture shall be directed and designed so
28	that a majority of the light falls upon the advertisement surface; and
29	(B) The external fixture does not create glare, light
30	trespass, or excessive amounts of light pollution.
31	(3) If a commercial and advertising roadway sign or device is an
32	electronic message center, the commercial and advertising roadway sign or
33	device shall:
34	(A) Be equipped with a sensor or other device that
35	automatically determines the ambient light conditions and is programmed to
36	automatically dim appropriately;

8

1	(B) Not be of an intensity or brilliance that may cause		
2	glare or impair the vision of a driver of a motor vehicle, or otherwise		
3	interfere with a driver's operation of a motor vehicle;		
4	(C) Not change intensity or expose its message for less		
5	than four (4) seconds; and		
6	(D) Not exceed three luxes (3 lx) over the ambient light		
7	as measured with an illuminance meter.		
8	(4) A measurement required under this subsection shall:		
9	(A) Not be made within thirty (30) minutes after sunset or		
10	thirty (30) minutes before sunrise;		
11	(B) Be taken from or as close as is practically possible		
12	to directly in front of or perpendicular from the center point of the face of		
13	the roadway signage from a height of five feet (5') or approximately the same		
14	height as a driver's eye level;		
15	(C) Be taken from or as close as is practically possible		
16	to a distance from the roadway signage in feet equal to the square root of		
17	the area of the commercial and advertising roadway sign or device in square		
18	feet multiplied by one hundred (100);		
19	(D) Be taken with the roadway signage displaying a solid		
20	white image or if monochrome a solid image of the roadway signage's color;		
21	and		
22	(E) Be taken with the roadway signage on and compared to		
23	the ambient light with the sign off.		
24	(5) Under this subsection, roadway signage is considered visible		
25	from the highway system if it or light emitting from it is plainly visible to		
26	a driver of a vehicle who is proceeding in a legally designated direction and		
27	traveling at the posted speed limit.		
28	(6) Billboards and electronic message centers installed before		
29	October 1, 2019, that are within one-half $(1/2)$ mile of and visible from a		
30	highway system shall be brought into compliance within five (5) years after		
31	<u>October 1, 2019.</u>		
32	(7) Remote sensing equipment shall not be installed on a sign		
33	for the purpose of personalizing advertisements displayed on an electronic		
34	message center.		
35			
36	<u>8-14-109. Exemptions.</u>		

1	Section 8-14-104 does not apply if:	
2	(1) A federal law, rule, or regulation preempts § 8-14-104;	
3	(2) Fire, police, rescue, correctional, or medical personnel	
4	need outdoor lighting for temporary emergencies not to exceed thirty (30)	
5	days in duration unless a waiver is granted by the Director of the Arkansas	
6	Department of Emergency Management;	
7	(3) The outdoor lighting fixture is necessary for worker safety	
8	and is used on a temporary basis for nighttime work, including without	
9	limitation work performed:	
10	(A) On projects or improvements relating to the	
11	construction, reconstruction, improvement, or maintenance of a street,	
12	highway, building, structure, or facility;	
13	(B) On farms, ranches, dairies, and feedlots; and	
14	(C) In industrial, drilling, mining, or oil and gas	
15	<u>facilities;</u>	
16	(4) The lighting is part of a navigational lighting system for	
17	an airport or on a navigable waterway or provides other lighting necessary	
18	for aircraft or watercraft safety;	
19	(5)(A) There are special lighting requirements, including	
20	without limitation:	
21	(i) At sports facilities;	
22	(ii) For historic decorative considerations;	
23	(iii) At monuments;	
24	(iv) For decorative lighting on bridges over	
25	navigable waterways;	
26	(v) For lighting of the United States flag under the	
27	Federal Flag Code, 4 U.S.C. §§ 4-10; and	
28	(vi) For lighting at a public or private state	
29	correction facility, a detention facility, or a mental health facility.	
30	(B) However, lighting exempted under subdivision (a)(5)(A)	
31	of this section shall be selected and installed to shield the lamp or lamps	
32	from direct view to the greatest extent possible and to minimize upward	
33	lighting and light trespass;	
34	(6)(A) The outdoor fixture existed and was legally installed	
35	before October 1, 2019.	
36	(B) If an outdoor fixture exempted under subdivision	

10

As Engrossed: H2/18/19

HB1309

1	(7)(A) of this section is to be replaced, the outdoor fixture shall be
2	brought into compliance with § 8-14-104, unless the governing body determines
3	that excessive cost, excessive structural modifications, or safety concerns
4	prevent compliance; and
5	(7)(A) The governing body responsible for the fixtures has:
6	(i) Determined that compliance with this chapter
7	would impose an excessive cost on the governing body; and
8	(ii) Adopted an ordinance or resolution that shows
9	the excessive cost of installing conforming fixtures.
10	(B) The ordinance or resolution shall include a:
11	(i) Specific list of the fixtures exempted; and
12	(ii) Cost analysis of installing conforming fixtures
13	versus non-conforming fixtures that supports the governing body's conclusion
14	that the cost of installing conforming fixtures is excessive.
15	
16	8-14-110. Violations.
17	(a) A person that violates this chapter is subject to a:
18	(1) Warning for a first offense;
19	(2) Fine of twenty-five dollars (\$25.00) for a subsequent
20	offense or an offense that continues for thirty (30) days after the date of
21	the warning; and
22	(3) Fine of twenty-five dollars (\$25.00) for each offending
23	fixture for each calendar month the violation continues for an offense
24	continuing for more than sixty (60) days after the date of the warning.
25	(b) Money raised by fines assessed under subsection (a) of this
26	section shall be deposited into:
27	(1) The general fund of the public corporation, county, or
28	municipality assessing the fine; or
29	(2) If the fine is assessed by the Arkansas Department of
30	Environmental Quality, the funds shall be deposited into the Arkansas
31	Department of Environmental Quality Fund Account to be utilized as set out in
32	<u>19-5-302(4)(A).</u>
33	
34	8-14-111. Chapter cumulative and supplemental.
35	This chapter is cumulative and supplemental and shall not apply within
36	a county or municipality that, by ordinance or resolution, has adopted

11

1	<u>provisions restri</u>	cting light pollution that are equal to or more stringent
2	<u>than this chapter</u>	<u>.</u>
3		
4	SECTION 3.	EFFECTIVE DATE. This act is effective on and after October
5	<u>1, 2019.</u>
