4 of reclamation to be an underestimate, the ~~department~~ division shall make use
5 of available expertise to establish the estimated cost of reclamation, which
6 shall be the amount of the bond.

7 (B) In the event of a disagreement concerning the estimate
8 of the proper amount of the bond, the ~~department~~ division may retain
9 independent expertise as is necessary to establish the amount of the bond.

10 (4) The Arkansas Pollution Control and Ecology Commission shall
11 promulgate regulations concerning bonds and substituted security which will
12 attempt to ensure that small operators are not precluded from development of
13 mineral resources as a result of high bond amounts, but which will provide
14 reasonable security.

15 (b)(1) The ~~department~~ division may accept cash, securities, or other
16 collateral, including, but not limited to, letters of credit and mortgages on
17 real property provided by the operator in an amount equal to that of the

20 from time to time as provided in this subchapter.

21 (3) The bond or substituted security shall be in effect and
22 subject to forfeiture in accordance with this subchapter from and after the
23 time that the operator has affected land in the process of open-cut mining or
24 after the time a permit is granted by the ~~department~~ division until the
25 affected area has been reclaimed, approved, and released.

26 (c)(1) Any bond or substituted security shall not be cancelled by the
27 surety unless it has given no less than ninety (90) days' notice of the
28 cancellation to the ~~department~~ division.

29 (2) In no event shall a bond be cancelled on an area that at the
30 time of cancellation has become affected land under the provisions of this
31 subchapter.

32 (d)(1) If the license to do business of any surety upon a bond or
33 substituted security filed with the ~~department~~ division pursuant to this
34 subchapter shall be suspended or revoked, the operator, within thirty (30)
35 days after receiving notice of the revocation, shall substitute for the
36 surety a licensed corporate surety.

1 (2) Upon the failure of the operator to make substitution of the
2 surety, the ~~department~~ division shall suspend the permit of the operator
3 until the substitution is made.

4 (e)(1) The ~~department~~ division shall give written notice to the
5 operator of any violation of this subchapter or noncompliance with any of the
6 rules, regulations, or orders promulgated under this subchapter.

7 (2) If corrective measures determined by the ~~department~~
8 division, including, but not limited to, increase of the bond or substituted
9 security, are not commenced or agreed to by the operator within a reasonable
10 period of time to be determined by the ~~department~~ division, the ~~department~~
11 division may terminate the permit of the operator and forfeit the bond or
12 substituted security.

13 (3) If a permit has not been issued but a bond has been posted
14 during the application process and this process will not be completed and
15 there is affected land at the site, the ~~department~~ division may forfeit the
16 bond or substituted security as provided in § 15-57-317.

20 under the provisions of this subchapter as to any affected land, it shall so
21 notify the ~~department~~ division.

22 (2) If the ~~department~~ division determines that the operator has
23 completed reclamation requirements and achieved results appropriate to the
24 use for which the affected land was reclaimed, the ~~department~~ division shall
25 release the operator from further obligations regarding the affected land and
26 the penalty of the bond or substituted security shall be reduced accordingly.

27 (h)(1) Upon partial completion of reclamation, the operator may submit
28 a written request to the ~~department~~ division for the purpose of
29 proportionately reducing the amount of the bond or substituted security upon
30 affected lands.

31 (2) If the ~~department~~ division determines that proper
32 reclamation has been accomplished under the provisions of this subchapter on
33 an area less than the total area of the affected area, the ~~department~~
34 division shall proportionately reduce the amount of the bond or substituted
35 security.

36 (i) No operator shall be eligible to receive a new or renewed permit

1 who has had a permit revoked, bond forfeited, or who has outstanding
2 substantial unmitigated violations of this subchapter, including failure to
3 reclaim, unless the ~~department~~ division finds upon review a demonstrable
4 change of circumstances justifying an exception to these prohibitions.

5 (j) Liability under the bond or substituted security shall be for the
6 duration of the open-cut mining operation and for that period required to
7 establish successful reclamation of the affected area.

8 (k) Nothing contained herein shall be deemed to preclude the right of
9 the ~~department~~ division to recover the actual cost of reclamation over and
10 above the amount of bond.

11

24 Quality will review the proposed project plan using the Section 401 water

9 of reactivated quarry” in accordance with this subchapter. The submittal,
10 with returned receipt, shall enable the operator to begin or continue
11 quarrying as long as the required reclamation bond is in force and proof of
12 public notification is included. An operator shall be deemed to be quarrying
13 from the time he or she begins start-up until reclamation is completed at the

4 temporarily closed quarry with the ~~Arkansas Department~~ Division of
5 Environmental Quality, within thirty (30) days after an operation is closed.
6 Full reclamation will not be required until no further additional quarrying
7 is anticipated or the quarry is exhausted. All operational safeguards, as
8 described in this subchapter, will remain in place as required until the
9 quarry is exhausted. The notification of temporarily closed quarry will
10 contain the following:

11
12 SECTION 3028. Arkansas Code § 15-57-405(b) and (c), concerning the

20 within ninety (90) days of the issuance of the citation, the ~~department~~
21 division may declare that the quarry is in default and require the operator
22 to reclaim the site as per the bonding and reclamation requirements or the

29 (b) This section shall not revive or re-enact any provision of the
30 Arkansas Code that has been repealed by an act of the regular session of the
31 Ninety-Second General Assembly, including without limitation this act.

32

29
30 SECTION 6263. EMERGENCY CLAUSE.

31 (a) It is found and determined by the General Assembly of the State of
32 Arkansas that the Transformation and Efficiencies Act of 2019 revises the
33 duties of state entities, creates new departments of the state, and creates
34 new positions in the state; that these revisions are extensive and will
35 require new policies and procedures to be developed to implement the
36 transition; that a team of existing state employees will be needed to assist

1 in the implementation of the Transformation and Efficiencies Act of 2019;
2 that this transition shall occur on July 1, 2019, and policies and procedures
3 will be required to be developed before that date; that a new class code,
4 grade, and line item maximum for each cabinet-level department secretary must
5 be submitted prior to July 1, 2019 for legislative approval before the
6 implementation of this act; and that Sections 6261 and 6262 of this act are
7 immediately necessary because the transition to the new government structure
8 will require the dedicated efforts of state employees currently performing
9 other duties prior to the effective date of the remaining sections of the act
10 on July 1, 2019. Therefore, an emergency is declared to exist, and Sections
11 6261 and 6262 of this act are immediately necessary for the preservation of
12 the public peace, health, and safety shall become effective on:

13 (1) The date of its approval by the Governor;

14 (2) If the bill is neither approved nor vetoed by the Governor,
15 the expiration of the period of time during which the Governor may veto the
16 bill; or

17 (3) If the bill is vetoed by the Governor and the veto is
18 overridden, the date the last house overrides the veto.

19 (b) It is found and determined by the General Assembly of the State of
20 Arkansas that this act revises the duties of certain state entities; that
21 this act establishes new departments of the state; that these revisions
22 impact the expenses and operations of state government; and that Sections 1
23 through 6260 of this act should become effective at the beginning of the
24 fiscal year to allow for implementation of the new provisions at the
25 beginning of the fiscal year. Therefore, an emergency is declared to exist,
26 and Sections 1 through 6260 of this act being necessary for the preservation
27 of the public peace, health, and safety shall become effective on July 1,
28 2019.
