21 BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF ARKANSAS:
22

23 SECTION 1. DO NOT CODIFY. Legislative history, findings, and intent.

24 (a) The General Assembly finds that:

25 (1) Member contributions as a portion of the salary of an
26 individual employed by a school or an educational institution has been a
27 historical component of the Arkansas Teacher Retirement System since 1937;

28 (2) Acts 1937, No. 266 created the Arkansas Teacher Retirement
29 System to manage contributions made by teachers to the retirement system in
30 order to ensure that every teacher receives an annuity upon his or her
31 retirement;

32 (3) The Arkansas Teacher Retirement System Act originally
33 required a teacher to contribute four percent (4%) of his or her salary to
34 fund the investment of the retirement system in the retirement of the
35 teacher;

36 (4) When the Arkansas Teacher Retirement System Act was first

1 enacted, every teacher:

2 (A) Had to contribute to the retirement system; and

3 (B) Was enrolled as a contributory member of the
 4 retirement system;

5 (5) Throughout the eighty-one (81) year history of the
 6 retirement system, the law has been amended multiple times to either allow a
 7 member to opt-in or opt-out of his or her contributory or noncontributory
 8 status in the retirement system as follows:

9 (A) From the time the Arkansas Teacher Retirement System
 10 Act was first enacted until 1986, the provisions of the act did not provide
 11 an option for a member to become a noncontributory member that was consistent
 12 with the design of the retirement system;

13 (B) Acts 1985, No. 504 allowed a new member of the
 14 retirement system to elect whether he or she would participate as a
 15 contributory or noncontributory member of the retirement system, and if the
 16 member did not make an election, the member was enrolled as a contributory
 17 member of the retirement system;

18 (C) Amendments to the Arkansas Teacher Retirement System
 19 Act that occurred between 1986 and 1991 added new categories of employees
 20 from various state agencies or eligibility requirements that affected the
 21 reporting or classifications of the employees;

22 (D) Acts 1989, No. 821 allowed a member of the retirement
 23 system to make a one-time additional election to become a contributory or
 24 noncontributory member of the retirement system;

25 (E) Effective July 1, 1991, a new member of the retirement
 26 system was enrolled as a noncontributory member of the retirement system and
 27 could elect to become a contributory member of the retirement system.

28 (F) Additionally, effective July 1, 1991, if a member
 29 became an inactive member who later returned to the retirement system, the
 30 member was enrolled as a noncontributory member of the retirement system with
 31 the option of electing to become a contributory member of the retirement
 32 system;

33 (G) Similar to Acts 1985, No. 504, Acts 1991, No. 14
 34 allowed new and returning members to the retirement system to be enrolled as
 35 noncontributory members of the retirement system with the option of electing
 36 to become a contributory member of the retirement system;

1 (H) Acts 1993, No. 435, effective July 1, 1993, allowed a
2 member to annually change his or her status from a:

3 (i) Contributory to noncontributory member of the
4 retirement system; or

5 (ii) Noncontributory to contributory member of the
6 retirement system;

7 (I) Acts 1995, No. 332 added more state agency employees
8 to the retirement system while Acts 1995, No. 542 changed the amount of
9 service an employee was required to have before he or she could become an
10 active member of the retirement system;

11 (J) Acts 1997, No. 393 amended the annual election window
12 of a member to be effective for July 1 of the year of the election if the
13 member made the election before October of that same year;

14 (K) Acts 1999, No. 81, effective July 1, 1999, eliminated
15 the noncontributory option for a new member and allowed a current member a
16 one-time irrevocable option to become either a contributory or
17 noncontributory member of the retirement system;

18 (L) Acts 1999, No. 81 set a different requirement for an
19 election to become either a contributory or noncontributory member of the
20 retirement system that was based on the status of the member as an active,
21 inactive, or new member of the retirement system;

22 (M) Acts 1999, No. 907 repealed Acts 1999, No. 81 and
23 allowed certain members to retain the option to elect either contributory or
24 noncontributory status in the retirement system;

25 (N) The Arkansas Teacher Retirement System notified the
26 members of the retirement system of the election permitted under Acts 1999,
27 No. 907, and allowed a member with service credit as of June 30, 1998 to make
28 a final election to become a contributory or noncontributory member of the
29 retirement system by June 30, 2000;

30 (O) Acts 2003, No. 23 allowed an active member who
31 previously elected a noncontributory status to make an irrevocable election
32 to become a contributory member of the retirement system;

33 (P) Additionally, Acts 2003, No. 23 required the length of
34 a contract between a member and school to determine the:

35 (i) Status of a member as a contributory or
36 noncontributory member of the retirement system; and

1 (ii) Right of a member to elect a contributory or
 2 noncontributory status in the retirement system;

3 (Q) Acts 2003, No. 23 permitted a member who transferred
 4 from employment as a nonteacher to employment as a teacher with a contract of
 5 one hundred eighty-one (181) days or more to become a contributory member of
 6 the retirement system regardless of a previous election made by the member;

7 (R) Effective July 1, 2005, Acts 2005, No. 385 provided an
 8 active member who previously elected to become a noncontributory member of
 9 the retirement system with the option of irrevocably electing to become a
 10 contributory member of the retirement system; and

11 (S) Effective July 1, 2007, Acts 2007, No. 93 provided a
 12 member with an option to elect to be a contributory member depending on
 13 whether the member was:

14 (i) An active, non-contributory member of the
 15 retirement system;

16 (ii) An inactive member or a rescinding retiree
 17 reentering the retirement system; or

18 (iii) A new member of the retirement system under
 19 contract for one hundred eighty (180) days or less;

20 (6) The right of a member to elect a contributory or
 21 noncontributory status in the retirement system has not been amended since
 22 the passage of Acts 2007, No. 93;

23 (7) Myriad legislative amendments have continuously changed the
 24 ability of a member of the retirement system to become a revocable or
 25 irrevocable contributory or noncontributory member of the retirement system;

26 (8) The classification of a member as an active, an inactive, or
 27 a new member of the retirement system affects the right of a member to elect
 28 a contributory or noncontributory status in the retirement system;

29 (9) The incorporation of the various legislative amendments into
 30 the Arkansas Code has created challenging subsections and subdivisions of the
 31 law through which the retirement system must determine the status of a member
 32 based on when the member first:

33 (A) Enrolled in the retirement system;

34 (B) Returned to the retirement system; or

35 (C) Elected a different status in the retirement system;

36 (10) The election of a contributory or noncontributory status in

1 the retirement system affects the retirement benefit calculation for a
 2 member;

3 (11) A restructuring of § 24-7-406(e) concerning the
 4 contributory or noncontributory status of a member of the retirement system
 5 is intended to retain existing law without impairing, broadening, or changing
 6 the applicability of § 24-7-406(e) to the current status of a member;

7 (12) The purpose of the amendment to § 24-7-406(e) is to
 8 simplify the current language and application of the statute to the current
 9 contributory or noncontributory status of a member of the retirement system,
 10 so that the retirement system may correctly and efficiently manage records
 11 pertaining to a member; and

12 (13) Therefore, a restructuring of § 24-7-406(e) is necessary
 13 to:

14 (A) Accurately and logically organize the language of the
 15 statute in order to prevent ambiguity of the law and allow the Arkansas
 16 Teacher Retirement System to administer vested benefits and manage the
 17 accounts of its members;

18 (B) Clarify the existing provisions under § 24-7-406(e) so
 19 that the provisions may be correctly interpreted and efficiently managed by
 20 the retirement system;

21 (C) Preserve and retain existing law regarding the vested
 22 contributory or noncontributory status of a member of the retirement system;

23 (D) Neither expand nor contract a current vested or
 24 nonvested contributory or noncontributory status of a member of the
 25 retirement system;

26 (E) Set a minimum salary threshold for a new,
 27 noncontributory member of the retirement system to become an irrevocable
 28 contributory member of the retirement system; and

29 (F) Provide a logical framework for a future amendment to
 30 § 24-7-406(e).

31

9
10 SECTION 3. EMERGENCY CLAUSE. It is found and determined by the
11 General Assembly of the State of Arkansas that the Arkansas Teacher
12 Retirement System maintains a system of member records that reflect the
13 contributory or noncontributory status of each member in the system according
14 to the laws in effect at the time and, if an election was made, the election
15 of a member; that numerous laws enacted over many legislative sessions have
16 modified, amended, or repealed the laws enacted in previous sessions
17 concerning the contributory or noncontributory status of members of the
18 Arkansas Teacher Retirement System; that accurately keeping track of these
19 election options requires precise administrative recordkeeping and
20 understanding of the laws in effect at the time a member first entered the
21 system or was allowed to exercise a membership option; that the laws need to
22 be simplified to reduce the risk of confusion of keeping track of these
23 election options; and that this act is necessary because the most effective
24 time to make changes to the retirement system is at the beginning of the
25 state's fiscal year. Therefore, an emergency is declared to exist, and this
26 act being necessary for the preservation of the public peace, health, and
27 safety shall become effective on July 1, 2019.
