3 (b) The General Assembly intends to use a portion of the anticipated
4 savings described in subsection (a) of this section to make additional

CHAPTER 64

WHOLESALE SALES TAX ON FUEL

26-64-101. Wholesale sales tax on motor fuel.

(a) As used in this section:

(1) "Average wholesale selling price" means the United States Gulf Coast regular average wholesale selling price of motor fuel as published in an index by the Energy Information Administration within the United States Department of Energy or other similar reliable index if the index published by the Energy Information Administration within the United States Department of Energy is no longer available; and

(2) "Motor fuel" means the same as defined in § 26-55-202.

(b) In addition to the taxes levied in §§ 26-55-205, 26-55-1002, 26-55-1006, 26-55-1201, and 26-56-601, there is levied a wholesale sales tax upon the average wholesale selling price of motor fuel at the rate determined under this section.

(c)(1) On or before October 1, 2019, the Director of the Department of Finance and Administration shall determine the rate of the wholesale sales tax levied under this section by multiplying the twelve-month average wholesale selling price of motor fuel for the period of January 1, 2018, through December 31, 2018, by one and six-tenths percent (1.6%).

(2) The wholesale sales tax rate determined under this subsection is effective for the period of October 1, 2019, through September 30, 2020.

(3) To make the collection of the wholesale sales tax levied under this subsection more efficient, the director shall convert the wholesale sales tax calculated under subdivision (c)(1) of this section to a cent-per-gallon amount rounded to the nearest one-tenth of one cent (0.1¢).

(d)(1) Beginning July 1, 2020, and each July 1 thereafter, the director shall calculate the wholesale sales tax levied under this section by multiplying the twelve-month average wholesale selling price of motor fuel for the period of January 1 through December 31 of the immediately preceding year by one and six-tenths percent (1.6%).

(2) The wholesale sales tax rate calculated under this subsection is effective for the twelve-month period beginning on October 1 of

1 the year in which the calculation is made under this subsection.

2 (3) To make the collection of the wholesale sales tax levied
3 under this subsection more efficient, the director shall convert the
4 wholesale sales tax calculated under subdivision (d)(1) of this section to a
5 cent-per-gallon amount rounded to the nearest one-tenth of one cent (0.1¢).

6 (4)(A) If the twelve-month average wholesale selling price
7 calculated in subdivision (d)(1) of this section is more than the twelve-
8 month average wholesale selling price of the year preceding that calculation,
9 the director shall convert the resulting wholesale sales tax to a cent-per-
10 gallon amount rounded to the nearest one-tenth of one cent (0.1¢).

11 (B) If the wholesale sales tax rate calculated in
12 subdivision (d)(1) of this section would result in an increase in the
13 wholesale sales tax of more than one-tenth of one cent (0.1¢) per gallon of
14 motor fuel when converted to a cent-per-gallon amount and rounded to the
15 nearest one-tenth of one cent (0.1¢), the percentage used in the calculation
16 of the wholesale sales tax rate under subdivision (d)(1) of this section
17 shall be limited to the highest percentage that results in a cents-per-gallon
18 amount that does not exceed one-tenth of one cent (0.1¢) for that twelve-
19 month period when rounded to the nearest one-tenth of one cent (0.1¢).

20 (5) If the twelve-month average wholesale selling price used for
21 the calculation in subdivision (d)(1) of this section is less than the
22 twelve-month average wholesale selling price of the preceding year, the
23 calculation under subdivision (d)(1) of this section shall not be made, and
24 the wholesale sales tax rate for the twelve-month period beginning October 1
25 shall be equal to the wholesale sales tax rate for the immediately preceding
26 twelve-month period.

27 (e) The wholesale sales tax levied under this section shall be paid by
28 motor fuel dealers to motor fuel distributors, who shall collect, report, and
29 remit the tax in the same manner and at the same time as is prescribed by law
30 for the collection, reporting, and payment of motor fuel taxes levied in
31 Title 26, Chapter 55, of the Arkansas Code.

32 (f) By August 1 of each year, the Department of Finance and
33 Administration shall publish the cent-per-gallon wholesale sales tax to be
34 collected by motor fuel dealers and paid to motor fuel distributors beginning
35 on October 1 of that year under this section and shall notify motor fuel
36 dealers and motor fuel distributors of the published amount.

1
2 26-64-102. Wholesale sales tax on distillate special fuel.

3 (a) As used in this section:

4 (1) "Average wholesale selling price" means the United States
5 Gulf Coast regular average wholesale selling price of distillate special fuel
6 as published in an index by the Energy Information Administration within the
7 United States Department of Energy or some other similar reliable index if
8 the index published by the Energy Information Administration within the
9 United States Department of Energy is no longer available; and

10 (2) "Distillate special fuel" means the same as defined in § 26-

15 selling price of distillate special fuel at the rate determined under this
16 section.

17 (c)(1) On or before October 1, 2019, the Director of the Department of
18 Finance and Administration shall determine the rate of the wholesale sales
19 tax levied under this section by multiplying the twelve-month average
20 wholesale selling price of distillate special fuel for the period of January
21 1, 2018, through December 31, 2018, by two and nine-tenths percent (2.9%).

22 (2) The wholesale sales tax rate determined under this
23 subsection is effective for the period of October 1, 2019, through September
24 30, 2020.

25 (3) To make the collection of the wholesale sales tax levied
26 under this subsection more efficient, the director shall convert the
27 wholesale sales tax calculated under subdivision (c)(1) of this section to a
28 cent-per-gallon amount rounded to the nearest one-tenth of one cent (0.1¢).

29 (d)(1) Beginning July 1, 2020, and each July 1 thereafter, the
30 director shall calculate the wholesale sales tax levied under this section by
31 multiplying the twelve-month average wholesale selling price of distillate
32 special fuel for the period of January 1 through December 31 of the
33 immediately preceding year by two and nine-tenths percent (2.9%).

34 (2) The wholesale sales rate calculated under this subsection is
35 effective for the twelve-month period beginning on October 1 of the year in
36 which the calculation is made under this subsection.

1 (3) To make the collection of the wholesale sales tax levied
2 under this subsection more efficient, the director shall convert the
3 wholesale sales tax calculated under subdivision (d)(1) of this section to a
4 cent-per-gallon amount rounded to the nearest one-tenth of one cent (0.1¢).

5 (4)(A) If the twelve-month average wholesale selling price
6 calculated in subdivision (d)(1) of this section is more than the twelve-
7 month average wholesale selling price of the year preceding that calculation,
8 the director shall convert the resulting wholesale sales tax to a cent-per-
9 gallon amount rounded to the nearest one-tenth of one cent (0.1¢).

10 (B) If the wholesale sales tax rate calculated in
11 subdivision (d)(1) of this section would result in an increase in the
12 wholesale sales tax of more than one-tenth of one cent (0.1¢) per gallon of
13 distillate special fuel when converted to a cent-per-gallon amount and
14 rounded to the nearest one-tenth of one cent (0.1¢), the percentage used in
15 the calculation of the wholesale sales tax rate under subdivision (d)(1) of
16 this section shall be limited to the highest percentage that results in a
17 cents-per-gallon amount that does not exceed one-tenth of one cent (0.1¢) for
18 that twelve-month period when rounded to the nearest one-tenth of one cent
19 (0.1¢).

20 (5) If the twelve-month average wholesale selling price used for
21 the calculation in subdivision (d)(1) of this section is less than the
22 twelve-month average wholesale selling price of the preceding year, the
23 calculation under subdivision (d)(1) of this section shall not be made, and
24 the wholesale sales tax rate for the twelve-month period beginning October 1
25 shall be equal to the wholesale sales tax rate for the immediately preceding
26 twelve-month period.

27 (e) The wholesale sales tax levied under this section shall be paid by
28 distillate special fuel dealers to distillate special fuel suppliers, who
29 shall collect, report, and remit the tax in the same manner and at the same
30 time as is prescribed by law for the collection, reporting, and payment of
31 distillate special motor fuel taxes levied in Title 26, Chapter 56, of the
32 Arkansas Code.

33 (f) By August 1 of each year, the Department of Finance and
