7 **HOUSE RESOLUTION**

8 TO SUPPORT CONSUMER PRIVACY; AND FOR OTHER PURPOSES.

9  
10  
11 **Subtitle**

12 TO SUPPORT CONSUMER PRIVACY.

13  
14  
15 WHEREAS, the General Assembly is alarmed about a recent proposal  
16 requiring financial institutions to significantly increase the amount of  
17 American taxpayers' data reported to the Internal Revenue Service; and

18  
19 WHEREAS, the General Assembly does not believe this is necessary and  
20 may, in fact, have unintended consequences; and

21  
22 WHEREAS, specifically, this proposal would require financial  
23 institutions and other financial services providers to report certain  
24 transaction-level data as well as information about the outflows and inflows  
25 on accounts over six hundred dollars (\$600) to the Internal Revenue Service  
26 every year; and

27  
28 WHEREAS, this proposal will impose significant compliance costs on our  
29 banks that have served as the backbone of the economy these past eighteen  
30 (18) months; and

31  
32 WHEREAS, this proposal would not only impose significant compliance  
33 costs on our banks but also infringe on the privacy of millions of Americans;  
34 and

35  
36 WHEREAS, Americans feel strongly about our right to privacy; and

1  
2           WHEREAS, the government and the public should not know every private  
3 aspect of Americans' income and assets; and  
4

5           WHEREAS, requiring reporting for all customer accounts, regardless of  
6 the likelihood of unreported income, is an abuse of Americans' rights and  
7 privacy; and  
8

9           WHEREAS, this proposal allows the Internal Revenue Service to monitor  
10 the financial dealings of every American consumer and business with a  
11 depository account without cause; and  
12

13           WHEREAS, the Internal Revenue Service should not be allowed to use the  
14 budget reconciliation process to unnecessarily intrude into consumers'  
15 financial lives; and  
16

17           WHEREAS, additionally, this proposal creates new barriers for the  
18 unbanked or underbanked; and  
19

20           WHEREAS, privacy is cited as one of the primary reasons individuals  
21 choose not to open bank accounts; and  
22

23           WHEREAS, many Americans opt out of the financial system because they  
24 distrust the government; and  
25

26           WHEREAS, for those that have recently started an account, this new  
27 reporting could actually push them back out of the system, and instead turn  
28 to nonbank lenders with exorbitant fees; and  
29

30           WHEREAS, instead of focusing on raising revenue at the expense of our  
31 taxpayers and financial institutions, the General Assembly ask that the  
32 federal government focus on protecting Americans and the current financial  
33 system,  
34

35 NOW THEREFORE,

36 BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES OF THE NINETY-THIRD GENERAL
