28 BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF ARKANSAS:
29

30 SECTION 1. DO NOT CODIFY. Legislative findings.

31 The General Assembly finds that:

32 (1) Certain sites exist in the State of Arkansas where
33 unpermitted and illegal disposal and dumping of solid waste and used tires
34 have created significant environmental concerns that impact the health and
35 safety of the citizens of this state;

36 (2) Given the circumstances related to the creation of

1 conditions at these sites, it is not always possible to determine the
2 existence or identity of parties responsible or to conclusively establish
3 legal and financial liability for remediation under existing law;

4 (3) Due to these conditions and the volume of improperly
5 disposed solid waste and used tires at these sites of environmental concern
6 and the expense of cleanup and remediation, coupled with the inability to
7 establish conclusive legal liability for their creation or identify available
8 and recoverable assets to effectuate satisfactory remediation, these sites
9 continue to pose hazards to the environment, health, and human safety and
10 remain blights on the communities in which they are located; and

11 (4) There is a compelling public interest in providing a
12 solution to clean up these sites when existing legal remedies to identify the
13 responsible parties and hold them financially accountable have been
14 ineffective, and there is no other readily available means to protect the
15 health and safety of communities, citizens, and the environment.

16
17 SECTION 2. Arkansas Code Title 8, Chapter 1, Subchapter 1, is amended
18 to add an additional section to read as follows:

19 8-1-108. Eligible environmental site remediation – Tax credit.

20 (a)(1) The Division of Environmental Quality shall designate a list of
21 environmental sites in Arkansas that require:

22 (A) Removal and subsequent disposal of solid waste or
23 tires to a permitted disposal site, permitted transfer station, or permitted
24 processing facility; and

25 (B) Remediation.

26 (2) Each designated site listed under subdivision (a)(1) of this
27 section shall include a dollar amount associated with the estimated cost of
28 necessary cleanup and remediation.

29 (b) The division shall administer the Division of Environmental
30 Quality Designated Environmental Site Remediation Trust Fund to accept and
31 provide funding for environmental cleanup and remediation activities at
32 designated sites under this section.

33 (c)(1) A private entity may apply to the division for a determination
34 of eligibility to provide funding as a donor for the remediation of a
35 designated environmental site on the list maintained under subsection (a) of
36 this section.

1 (2) The division shall determine the eligibility of a proposed
2 donor's request under subdivision (c)(1) of this section.

3 (3) Upon a determination of eligibility, the division shall:

4 (A) Deposit the funding from the donor in the fund;

5 (B) Enter into a contract with a private contractor to
6 provide cleanup and remediation of the designated environmental remediation
7 site;

8 (C) Approve an appropriate remedial action plan and
9 oversee the execution of the approved remedial action plan for site cleanup
10 and remediation by the private contractor; and

11 (D) Provide expenditures from the fund to the private
12 contractor according to the terms of the contract.

13 (d) Upon completion of the contract under subdivision (c)(3)(B) of
14 this section, the designated environmental site shall be certified by the
15 division as satisfactorily remediated.

16 (e) Upon division certification that a site is satisfactorily
17 remediated, the division shall issue the eligible donor a certificate
18 reflecting the amount of donated funding used for the completed cleanup and
19 remediation of the designated site.

20 (f) An eligible donor under this section who receives certification
21 under subsection (e) of this section is allowed an income tax credit under §
22 26-51-515.

23
24 SECTION 3. Arkansas Code Title 19, Chapter 5, Subchapter 11, is
25 amended to add an additional section to read as follows:

26 19-5-1155. Division of Environmental Quality Designated Environmental
27 Site Remediation Trust Fund.

28 (a) There is created on the books of the Treasurer of State, the
29 Auditor of State, and the Chief Fiscal Officer of the State a trust fund to
30 be known as the "Division of Environmental Quality Designated Environmental
31 Site Remediation Trust Fund".

32 (b) The fund shall consist of:

33 (1) Grants, donations, or transfers made by any person or
34 government agency or office; and

35 (2) Any other funds authorized or provided by law.

36 (c) The fund shall be used for the purposes set out in § 8-1-108.

SECTION 4. Arkansas Code Title 26, Chapter 51, Subchapter 5, is amended to add an additional section to read as follows:

26-51-515. Designated environmental site remediation tax credit.

(a)(1) There is allowed a tax credit against the income tax imposed by the Income Tax Act of 1929, § 26-51-101 et seq., for a donation to aid in cleanup and remediation of designated environmental sites under § 8-1-108 designated on the certificate reflecting the eligible donation of funds for completed environmental cleanup and remediation issued by the Division of Environmental Quality pursuant to § 8-1-108(e).

(2) The tax credit under this section shall be claimed within one (1) year after the taxpayer receives the certificate of funding under § 8-1-108(e).

(b) The amount of the income tax credit under this section that may be claimed by the taxpayer in a tax year shall not exceed the amount of income tax due by the taxpayer.

(c)(1) The total amount of tax credits that may be awarded in any tax year shall not exceed two million dollars (\$2,000,000).

(2) If the Department of Finance and Administration receives claims for tax credit under this section that exceed the cap in this subsection in a single tax year, then the department shall prorate the credit to all eligible taxpayers claiming the credit based on their eligible donations under § 8-1-108(e).

(d) The Secretary of the Department of Finance and Administration may promulgate rules to implement this section.

SECTION 5. EFFECTIVE DATE.

This act is effective for tax years beginning on January 1, 2021, and expires on December 31, 2023.
