28 amended to add an additional section to read as follows:

29 14-169-109. Public housing authority work requirement – Legislative
30 intent – Definitions.

31 (a) This section is intended to ensure that an individual who is able

19 eligibility:

20 (A) Work an average of twenty (20) hours or more per week;

28 (c)(1) As a condition of being chartered and operating in this state,
29 a public housing authority shall implement a work requirement for able-bodied
30 adults in households that receive housing assistance.

31 (2) To ensure the requirement under subdivision (c)(1) of this
32 section is met, a public housing authority shall:

33 (A) Conduct a screening to determine whether each
34 applicant or tenant in public housing administered by the housing authority
35 is an able-bodied adult who is compliant with the work requirement;

36 (B) Create an employability plan for each able-bodied

1 adult in a household that receives housing assistance consistent with the

7 a public housing authority shall operate, among eligible households on a

10 the household are compliant with the work requirement, whether or not the
11 able-bodied adult is compliant with a work requirement in another public
12 assistance program.

13 (2) Notwithstanding subdivision (d)(1) of this section, a public
14 housing authority is not required to give priority to a household in which
15 there are able-bodied adults compliant with a work requirement over a
16 household in which there are no able-bodied adults subject to a work
17 requirement.

18 (e)(1) To the extent necessary to carry out this section under federal
19 law, each public housing authority shall request federal approval from the
