21 BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF ARKANSAS:
22

23 SECTION 1. Arkansas Code Title 26, Chapter 52, Subchapter 4, is
24 amended to add an additional section to read as follows:

25 26-52-455. Electricity sold to data center.

26 (a)(1) As used in this section, "data center" means a data center
27 that:

28 (A) Is classified within codes 516210, 517111, 518210,
29 519290, 541512, or 541513 of the North American Industry Classification
30 System, as in effect on January 1, 2023;

31 (B) Makes a capital investment in the state of at least
32 one hundred million dollars (\$100,000,000); and

33 (C) Creates at least fifty (50) new full-time permanent
34 jobs in the state that have an average hourly wage, as defined in § 15-4-
35 2703, of at least one hundred fifty percent (150%) of the lesser of the
36 county or state average hourly wage, as defined in § 15-4-2703, for the

1 county in which the data center is located.

2 (2) "Data center" does not include a facility that is used for
3 cryptocurrency operations.

4 (b)(1) The gross receipts or gross proceeds derived from the sale of
5 electricity to a data center are exempt from the gross receipts tax levied by
6 this chapter and the compensating use tax levied by the Arkansas Compensating
7 Tax Act of 1949, § 26-53-101 et seq.

8 (2) Electricity sold for a purpose other than the purpose stated
9 in subdivision (b)(1) of this section is subject to the full gross receipts
10 tax levied by this chapter and the full compensating use tax levied by the
11 Arkansas Compensating Tax Act of 1949, § 26-53-101 et seq.

12 (c)(1) Except as provided in subdivision (c)(2) of this section,
13 electricity subject to the exemption provided in this section shall be
14 metered separately from electricity used for any other purpose by the data
15 center.

16 (2) The Secretary of the Department of Finance and
17 Administration may establish additional or alternate requirements for the
18 metering of electricity under this section.

19 (d) Before allowing the exemption of electricity under this section,
20 the secretary may require a seller of electricity to obtain a certificate
21 from the consumer, in the form prescribed by the secretary, certifying that
22 the taxpayer is eligible for the exemption provided under this section.

23 (e) The secretary shall promulgate rules for the proper administration
24 of this section.

25
26 SECTION 2. EMERGENCY CLAUSE. It is found and determined by the
27 General Assembly of the State of Arkansas that it is in the best interest of
28 the state to attract and incentivize the data center industry to locate in
29 Arkansas by supporting pending economic development projects that are time-
30 sensitive to site selection and market price determinants in the data center
31 industry; that the data center industry is heavily reliant on and highly
32 sensitive to electric utility costs; that this act will make Arkansas more
33 attractive and prepared to accept large-scale development of data center
34 industry; and that this act is immediately necessary because this act will
35 provide economic development efforts involved with data center projects with
36 the flexibility and expeditious support required to establish the industry in

1 Arkansas. Therefore, an emergency is declared to exist, and this act being
2 immediately necessary for the preservation of the public peace, health, and
3 safety shall become effective on:

4 (1) The date of its approval by the Governor;

5 (2) If the bill is neither approved nor vetoed by the Governor,
6 the expiration of the period of time during which the Governor may veto the
7 bill; or

8 (3) If the bill is vetoed by the Governor and the veto is
9 overridden, the date the last house overrides the veto.
