14 TO AMEND THE PUBLIC SCHOOL FUNDING ACT OF  
15 2003; AND TO CREATE THE COMPREHENSIVE  
16 INVESTMENT IN STUDENT ACHIEVEMENT ACT.  
17

18  
19 BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF ARKANSAS:  
20

21 SECTION 1. Arkansas Code § 6-20-2301 is repealed.

22 ~~6-20-2301. Title.~~

23 ~~This subchapter shall be known and may be cited as the "Public School~~  
24 ~~Funding Act of 2003".~~  
25

26 SECTION 2. Arkansas Code § 6-20-2302 is repealed.

27 ~~6-20-2302. Legislative findings.~~

28 ~~(a) The General Assembly recognizes that:~~

29 ~~(1) Intelligence and virtue are the safeguards of liberty and~~  
30 ~~the bulwark of a free and good government; and~~

31 ~~(2) Arkansas Constitution, Article 14, § 1, requires the State~~  
32 ~~of Arkansas to ever maintain a general, suitable, and efficient system of~~  
33 ~~free public schools and to adopt all suitable means to secure to the people~~  
34 ~~the advantages and opportunities of education.~~

35 ~~(b) The General Assembly finds that because of the decision of the~~  
36 ~~Supreme Court in Lake View School District No. 25 v. Huckabee, 351 Ark. 31~~

1 ~~(2002), it is the absolute duty of the State of Arkansas to provide all~~  
2 ~~public school children with an opportunity for an adequate education.~~

3 ~~(c) The General Assembly finds that a suitable and efficient system of~~  
4 ~~public education should:~~

5 ~~(1) Assure the availability of substantially equal and~~  
6 ~~constitutionally appropriate expenditures by the state for the education of~~  
7 ~~each similarly situated child in the public schools, regardless of where that~~  
8 ~~child resides within the state;~~

9 ~~(2) Assure that each school age child resides in a school~~  
10 ~~district that offers a competitive minimum salary for classroom teachers;~~

11 ~~(3) Assure that:~~

12 ~~(A) All students graduating from high school are able to~~  
13 ~~demonstrate a defined adequate level of competence in:~~

14 ~~(i) English, oral communications, reading, and~~  
15 ~~writing;~~

16 ~~(ii) Mathematics skills; and~~

17 ~~(iii) Science and social studies disciplines; and~~

18 ~~(B) An adequate level of competence evolves over time to~~  
19 ~~higher levels;~~

20 ~~(4) Assure that students with disabilities have the opportunity~~  
21 ~~to graduate from high school by demonstrating alternative competencies or~~  
22 ~~alternative levels of competency;~~

23 ~~(5) Assure that students who are not on track for high school~~  
24 ~~graduation are identified at a sufficiently early date so that they may be~~  
25 ~~provided an opportunity at a reasonable cost to achieve the minimum levels of~~  
26 ~~competence necessary to graduate from high school;~~

27 ~~(6) Recognize that graduating from high school requires that the~~  
28 ~~students, as well as the parents or guardian of the students, work hard and~~  
29 ~~assume appropriate responsibility for the students' success or failure;~~

30 ~~(7) Encourage parental involvement in the public schools and in~~  
31 ~~public school activities; and~~

32 ~~(8) Recognize that early attention to and correction of student~~  
33 ~~deficiencies are substantially less expensive and more effective than~~  
34 ~~remedial efforts in the later school grades.~~

35 ~~(d) The General Assembly recognizes that the supervision of public~~  
36 ~~schools and the execution of the laws regulating the schools shall be vested~~

1 ~~in such officers as the General Assembly provides.~~

2 ~~(e) It is the intent of this subchapter to provide a system of school~~  
 3 ~~funding that provides to each public school child in the State of Arkansas an~~  
 4 ~~opportunity for an adequate education.~~

5

SECTION 9. Arkansas Code Title 6, Chapter 20, is amended to add an additional subchapter to read as follows:

Subchapter 27 – Comprehensive Investment in Student Achievement Act

6-20-2701. Title.

This act shall be known and may be cited as the "Comprehensive Investment in Student Achievement Act".

6-20-2702. Legislative findings and intent.

(a) The General Assembly finds that:

(1) Intelligence and virtue are the safeguards of liberty and the bulwark of a free and good government;

(2) Arkansas Constitution, Article 14, § 1, requires the State of Arkansas to ever maintain a general, suitable, and efficient system of free public schools and to adopt all suitable means to secure to the people the advantages and opportunities of education;

(3) Because of the decision of the Supreme Court in Lake View School District No. 25 v. Huckabee, 351 Ark. 31 (2002), it is the absolute duty of the State of Arkansas to provide all public school children with an opportunity for an adequate education;

1           (4) A suitable and efficient system of public education should:

2           (A) Ensure the availability of substantially equal and  
3 constitutionally appropriate expenditures by the state for the education of  
4 each similarly situated child in public schools, regardless of where that  
5 child resides within the state;

6           (B) Ensure that each school-age child who attends a public  
7 school attends a public school that offers a competitive minimum salary for  
8 classroom teachers;

9           (C) Ensure that:

10           (i) All public school students graduating from high  
11 school are able to demonstrate a defined, adequate level of competence in:

12                   (a) English, oral communications, reading, and  
13 writing;

14                   (b) Mathematics skills; and

15                   (c) Science and social studies disciplines;  
16 and

17                   (ii) The level of competence under subdivision  
18 (a)(4)(C)(i) of this section evolves over time to higher levels;

19           (D) Ensure that students with disabilities have the  
20 opportunity to graduate from high school by demonstrating alternative  
21 competencies or alternative levels of competency;

22           (E) Ensure that students who are not on track for high  
23 school graduation are identified at a sufficiently early date so that the  
24 students can be provided an opportunity at a reasonable cost to achieve the  
25 minimum level of competence necessary to graduate from high school;

26           (F) Recognize that graduating from high school requires  
27 that the students and their parents, legal guardians, and persons standing in  
28 loco parentis to the students work hard and assume appropriate responsibility  
29 for the students' success or failure; and

30           (G) Recognize that early attention to and correction of  
31 student deficiencies are substantially less expensive and more effective than  
32 remedial efforts in the later school grades;

33           (5) Arkansas recognizes that it is in the best interest of this  
34 state to provide a free public education system for all students;

35           (6) A free public education system must be supported by a state  
36 education funding formula that is based on accountability, transparency,

1 growth, and flexibility; and

2 (7) The provision of a free public education system that is  
 3 rooted in an accountable, transparent, growth-based, and flexible funding  
 4 formula ensures that:

5 (A) Every public school student in the state receives the  
 6 resources they need;

7 (B) Every dollar maximizes the impact of the resources  
 8 needed by each public school student in the state;

9 (C) Decisions are strategically made at the local level by  
 10 public school districts and open-enrollment public charter schools;

11 (D) Parents, legal guardians, and persons standing in loco  
 12 parentis to students are informed; and

13 (E) The public understands the state’s public education  
 14 system.

15 (b) The General Assembly declares that:

16 (1) The creation of a new formula for funding a free public  
 17 education system in the State of Arkansas is warranted, and this funding  
 18 formula must be designed to support the:

19 (A) Empowerment of each student to read proficiently by  
 20 grade three (3) and each grade thereafter;

21 (B) Preparation of each high school graduate to succeed in  
 22 the postsecondary program or career of each high school graduate’s choice;  
 23 and

24 (C) Provision of the resources needed by each student in  
 25 the State of Arkansas to succeed, regardless of the student’s individual  
 26 circumstances;

27 (2) The funding formula is intended to be a funding plan and not  
 28 a spending plan;

29 (3) The foundation funding amount included in the funding  
 30 formula includes funding for:

31 (A) Instructional supports, including without limitation  
 32 salaries for public school:

33 (i) Classroom teachers;

34 (ii) Principals and assistant principals;

35 (iii) Art, music, and physical education teachers in  
 36 elementary schools;

- 5                   (viii) Nurses;
- 6                   (ix) Secretaries; and
- 7                   (x) Substitute teachers;

8                   (B) The following for teachers:

- 9                   (i) Duty-free lunches;
- 10                  (ii) Interventions; and
- 11                  (iii) Professional development;

12                  (C) Materials and supplies, including without limitation:

- 13                  (i) Textbooks;
- 14                  (ii) Technology;
- 15                  (iii) Instructional and noninstructional equipment;

16 and

- 17                  (iv) Classroom-related travel;

18                  (D) Operational expenses, including without limitation  
 19 expenses for:

- 20                  (i) Maintenance;
- 21                  (ii) Transportation;
- 22                  (iii) School safety;
- 23                  (iv) Coordinated school health programs;
- 24                  (v) Family resource centers;
- 25                  (vi) Alternative schools; and
- 26                  (vii) Custodians; and

27                  (E) Support systems, including without limitation:

- 28                  (i) Superintendents of public school districts;
- 29                  (ii) Technology directors;
- 30                  (iii) Administrative assistant support; and
- 31                  (iv) Public school district-wide instructional

32 supervisors; and

33                  (4) It is the intent of this subchapter to provide a system of  
 34 school funding that provides to each public school child in the State of  
 35 Arkansas an opportunity for an adequate education.
