23 BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF ARKANSAS:  
24

25 SECTION 1. DO NOT CODIFY. Legislative intent.

26 The General Assembly finds and declares that:

27 (1) It is critical to expand the opportunities available to  
28 public school students who pursue career and technical education pathways;

29 (2) The State of Arkansas must level the playing field for  
30 students who choose a career and technical education pathway by ensuring  
31 their accomplishments within a career and technical education pathway are  
32 deemed just as significant as those achieved by college-bound students who  
33 graduate high school with honors;

34 (3) Ensuring that career and technical education assessments are  
35 weighted in a similar manner as traditional education assessments is an  
36 important step in providing students with additional options available to

1 them following high school graduation; and

2 (4) It is imperative that career and technical education as a  
3 whole is supported on the state level as an equal alternative to traditional  
4 educational pathways by implementing legislative solutions that address  
5 existing shortfalls faced by students who pursue career and technical  
6 education pathways.

7  
8 SECTION 2. Arkansas Code § 6-15-902(c)(4), concerning career and  
9 technical courses that are eligible for weighted credit, is amended to read  
10 as follows:

11 (4)(A) The Division of Elementary and Secondary Education in  
12 collaboration with the Division of Career and Technical Education may approve  
13 a career and technical course within an approved career and technical pathway  
14 for weighted credit if the course:

15 ~~(A)(i)~~ Exceeds the curriculum standards for a nonweighted  
16 class; and

17 ~~(B)(ii)~~ Leads to an approved industry-recognized  
18 certification.

19 (B) The Division of Career and Technical Education shall:

20 (i) Review new and existing career and technical  
21 pathways to determine which courses within the career and technical pathways  
22 meet criteria for weighted credit; and

23 (ii) Publish a list of approved career and technical  
24 pathways annually by January 1.

25 (C) Criteria used to determine what courses within a  
26 career and technical pathway shall receive weighted credit shall include  
27 without limitation the consideration of career and technical pathways that:

28 (i) Lead to high-value industry credentials; and

29 (ii) Align to state and local workforce data.

30 (D) Weighted credit awarded under subdivision (c)(4)(A) of  
31 this section shall be awarded for each course upon:

32 (i) Completing the relevant career and technical  
33 pathway; and

34 (ii) Earning the high-value industry credential  
35 aligned with the career and technical pathway.
