### CHAPTER 7 - AUTOMATIC OCCUPATIONAL LICENSURE FOR OUT-OF-STATE INDIVIDUALS ACT

#### 17-7-101. Title.

This chapter shall be known and may be cited as the "Automatic  
Occupational Licensure for Out-of-State Individuals Act".

#### 17-7-102. Definitions.

As used in this chapter:

(1) "Automatic occupational licensure" means the granting of  
occupational licensure to an individual who establishes residency in this

state without the individual's having met occupational licensure requirements provided under this title or by the rules of the relevant occupational licensing entity;

(2) "Occupational licensing entity" means an office, board, commission, department, council, bureau, or other agency of state government having authority to license, certify, register, permit, or otherwise authorize an individual to engage in a particular occupation or profession, not including occupations or professions within the judicial branch of government or occupations or professions subject to the superintending control of the Supreme Court; and

(3) "Occupational licensure" means a license, certificate, registration, permit, or other form of authorization, including without limitation military occupational specialty, required by law or rule that is required for an individual to engage in a particular occupation or profession.

17-7-103. Applicability.

Unless otherwise stated in this chapter, this chapter applies to an individual who has occupational licensure in another state, territory, or district of the United States and has established a residence in this state.

17-7-104. Automatic occupational licensure.

(a) If the individual does not have a disqualifying criminal offense under § 17-3-102 or any additional state law relating to the occupational licensure and does not have a complaint, allegation, or investigation pending for his or her occupational activity, an occupational licensing entity shall grant automatic occupational licensure to engage in an occupation or a profession to an individual who is:

(1) The holder in good standing for one (1) year of an occupational licensure with similar scope of practice issued by another state, territory, or district of the United States; or

(2) An individual who worked:

(A) In another state, territory, or district of the United States that does not use an occupational licensure to regulate an occupation or profession but is regulated by occupational licensure in this state; and

(B) At least three (3) years in the occupation.

1 (b) An individual who is granted automatic occupational licensure  
2 under this subchapter shall meet all other occupational licensure  
3 requirements for a resident of this state and all renewal requirements of the  
4 occupational licensure, including without limitation a criminal background  
5 check and continuing education hours.

6 (c) Notwithstanding subsections (a) and (b) of this section, an  
7 occupational licensing entity may require an applicant to:

8 (1) Pass an examination specific to relevant state laws that  
9 regulate the occupation or profession; and

10 (2) Furnish a bond, financial statement, and proof of insurance  
11 coverage.

12 (d) An occupational licensing entity may waive the requirements of  
13 subdivision (c)(1) of this section if the occupational licensing entity finds  
14 that:

15 (1) The combination of the applicant's education, training, and  
16 experience is a sufficient substitute for the requirement; and

17 (2) A waiver of the requirement will not harm public health,  
18 safety, or welfare.

20 17-7-105. Responsibilities of occupational licensing entities.
