BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF ARKANSAS:

This subchapter shall be known and may be cited as the "James McFerron
Mental Health, Wellness, and Resiliency Act".

12-1-202. Legislative findings and intent.

(a) The General Assembly finds that:

(1) Mental health conditions affect a significant portion of
first responders across the state and have long-term impacts on first

1 responders, their families, and the communities they serve;

2 (2) Increased training for peer-to-peer support and access to
 3 mental health, leadership, wellness, and resiliency programs and services
 4 lead to better mental and physical wellness in our first responders across
 5 the state;

6 (3) Mental health, leadership, wellness, and resiliency training
 7 and education programs improve a first responder's ability to cope with
 8 stress, both on and off duty, trauma, and adversity; and

9 (4) A coordinated effort is needed to address first responder
 10 mental health, leadership, wellness, and resiliency disparities amongst
 11 state, county, and local agencies and to promote mental health, leadership,
 12 wellness, and resiliency.

13 (b) The General Assembly intends this act to provide for mental
 14 health, leadership, wellness, and resiliency training programs, services, and
 15 resources to be accessible to all first responders across the state,
 16 promoting holistic wellness.
