ADDITIONAL PUBLIC SCHOOL EMPLOYEES HEALTH INSURANCE

This appropriation allowed the Department of Education (ADE) to pay up to \$35 million in additional health insurance contributions for eligible employees electing to participate in the public school employees' health insurance program administered by the State and Public School Life and Health Insurance Board. ADE is authorized to make these payments if 98% of the uniform rate of tax used in the calculation of State Foundation Funding Aid exceeds \$920,731,819.

ADVANCED PLACEMENT INCENTIVE

The Advanced Placement (AP) Incentive program provided support to establish AP courses that are easily accessible and prepare students for admission to and success in a postsecondary educational environment. AP courses and exams provide high school students the opportunity to earn credit at most colleges and universities. The program paid for professional development support for teachers of AP and Pre-AP courses.

ALTERNATIVE LEARNING

School districts were required to provide an alternative learning environment (ALE) for students who demonstrated an inability to function in the standard learning environment. The ALE educational programs provided eligible students alternative classroom settings, as well as additional services to meet the needs of this group of at-risk students. ADE calculated ALE funds in the 2020-2021 school year by multiplying \$4,700 by the number of identified ALE students enrolled during the previous school year, pursuant to Arkansas law and ADE rules.

ARKANSAS LEADERSHIP ACADEMY, MASTER PRINCIPAL AND BONUS

The Arkansas Leadership Academy administers the Master Principal Program, which provides training programs and opportunities to expand the knowledge base and leadership skills of public school principals, teachers, superintendents, and other administrators, and school board members. Principals who achieve Master Principal status through the Arkansas Leadership Academy are eligible for incentive bonuses. Pursuant to Ark. Code Ann. § 6-17-1603, a \$9,000 bonus is paid annually for five years to full-time principals at Arkansas public school districts. An annual bonus of \$25,000 is paid to full-time principals who serve at a "high-need" public school district, as allowed by Ark. Code Ann. § 6-17-1604.

ASSESSMENT/END OF LEVEL TESTING

This line item pays awards of up to \$50 to schools for each student score of 3 or better on Advanced Placement exams. ADE also supports school districts by providing each student in grade 10 or 11 with the opportunity to take the ACT exam without charge, pursuant to Ark. Code Ann. § 6-18-1606. Funds are also used to provide concurrent classes to high school students. The Office of Innovation for Education (OIE) is funded by the Assessment appropriation and works with ADE and school districts in developing accountability systems that meet the changing educational needs of Arkansas students. This line item also supports a grant for hosting the online version of the Arkansas Civics exam, as required by Act 478 of 2017.

BETTER CHANCE GRANTS

Arkansas Better Chance Grants are administered by the Arkansas Department of Education, Division of Secondary and Elementary Education, to serve educationally-deprived children ages birth through 5 years, excluding those enrolled in kindergarten. Within the Arkansas Better Chance Program is the Arkansas Better Chance for School Success Program, which funds innovative and developmentally-appropriate early childhood programs for educationally-deprived children ages 3 and 4. For the 2020-2021 school year, the distribution of funds was based on \$5,070 per child for classroom-based programs and \$1,894 per child for home-visiting programs.

BONDED DEBT ASSISTANCE

This aid, formerly known as Debt Service Funding Supplement, was provided to school districts to offset a portion of the existing debt burden incurred and to increase the amount of local revenue available for the maintenance and operation of schools. Bonded Debt Assistance funds are to be used for the payment of bonded debt.

Pursuant to Ark. Code Ann. § 6-20-2503, the following calculation, which was based on a school district's Principal and Interest Payment Schedule in effect and on file with ADE on January 1, 2005, was used to determine Bonded Debt Assistance. Each eligible district's annual debt service payment was reduced by 10%. If a district demonstrated to the Commission for Arkansas Public School Academic Facilities and Transportation (Commission) that all or a portion of the 10% reduction in its scheduled debt payment was attributable to the support of academic facilities, the Commission reversed all or a portion of the 10% reduction by a percentage proportionate to the amount attributable to academic facilities. The remaining 90% (or greater if a percentage was reversed) of the principal and interest payment was divided by the total assessed value of the district and multiplied by 1,000 to calculate the required debt service mills. This product was multiplied by the State Wealth Index, multiplied by the prior-year three-quarter Average Daily Membership, and multiplied by a funding factor.

These funds were paid on or before August 1 and February 1 of each year. If a district qualified for Bonded Debt Assistance, the amount of aid was not changed as a result of refunding outstanding bonds in effect and on file with ADE on January 1, 2005. As the amount of state financial assistance decreases due to reductions in principal and interest payments, bond payoff, and increases in property assessments, the Commission distributes savings to the Educational Facilities Partnership Fund (EFP), in accordance with rules promulgated by the Commission.

COMPUTER SCIENCE

Funds are used to promote computer science education and build local capacity for computer science instruction.

COOPERATIVE EDUCATION TECHNICAL CENTERS OPERATIONS

Technology Coordinators in the education service cooperatives assisted local school districts by providing technology training, advising districts in software/hardware purchases, and overseeing technology laboratories. The maximum amount of funds available to each of the State's 15 education service cooperatives and a central Arkansas district was set by the State Board of Education. For the 2020-2021 school year, the maximum amount was \$80,000.

COORDINATED SCHOOL HEALTH

These funds were used to promote health, wellness, and academic achievement in Arkansas's public schools and were awarded to districts through a competitive grant application. Grantees established school-based health centers to provide students with basic physical, mental, dental, and/or other services as needed. The program was a collaboration of the ADE Office of School Health Services, Arkansas Department of Health, Arkansas Department of Human Services, and Arkansas Medicaid in the Schools.

DECLINING ENROLLMENT

Beginning with Act 21 of the 1st Extraordinary Session of 2006 [Ark. Code Ann. § 6-20-2305(a)(3)], this program provided additional funding to school districts with a prior-year Average Daily Membership (ADM) that was less than the ADM of the year prior to the previous year. Funding was equal to the difference between the average of the ADM for the two immediately preceding years and the ADM for the previous school year, multiplied by the amount of foundation funding per student. School districts cannot receive both declining enrollment funding and student growth funding in the same year. Generally, school districts cannot receive both declining enrollment funding and special needs isolated funding in the same year, under Ark. Code Ann. § 6-20-604. However, any appropriated and available funds for declining enrollment funding that remained after the initial distributions were prorated and distributed equally to school districts that qualified for both declining enrollment funding and special needs isolated funding.

DEPARTMENT OF CORRECTION SCHOOL SYSTEM

Ark. Code Ann. §§ 12-29-301 – 12-29-305 established the Corrections School System and provided that the cost of running the Corrections School System be borne by the Department of Correction, the Department of Community Correction, and ADE.

DISTANCE LEARNING

Distance learning is an educational process used to provide instruction to Arkansas students through Virtual Arkansas. The primary purpose of Virtual Arkansas is to provide courses within the 38 required units, Advanced Placement, alternative education, and computer science. Funds are used to assist schools experiencing teacher shortages, provide student access to a wide range of courses, ensure educational options for economically-disadvantaged students, and provide options for students with scheduling conflicts.

EARLY CHILDHOOD SPECIAL EDUCATION

This program provided special education services to preschool children ages 3 to 5 with disabilities and served as state Medicaid match for physical, occupational, and speech therapy services. A portion of the appropriation was used to provide partial reimbursement for Early Childhood Coordinators and certain other program coordination costs.

EARLY INTERVENTION DAY TREATMENT SPECIAL EDUCATION SERVICES

Early Intervention Day Treatment (EIDT) Special Education Services are supplemental State Special Education Preschool funds that were appropriated to supplement the increased costs of providing early childhood special education services. The increase in cost was due to substantial growth in the number of students being served who previously received services in EIDT centers.

EASTER SEALS

This program funded the cost of educational services provided by Easter Seals to children ages 3 to 21 who have orthopedic and/or communicative disorders. This funding reduced the amount that local school districts had to pay for these educational services and also qualified the facility as “state-supported” so that federal funds were available to further reduce the cost of services to local districts.

ECONOMIC EDUCATION

The objective of this program was to increase the economic literacy of students in grades pre-K through 12 by providing economic and personal finance education and training to teachers. Funding was distributed to the Arkansas Council on Economic Education (now conducting business as Economics Arkansas), a private, nonprofit organization providing certified professional development for teachers of grades K through 12.

EDUCATION RENEWAL ZONES

The Office of Educational Renewal Zones is responsible for creating a partnership between higher education and K-12 public education and using evidence-based practices to support schools and teachers in providing student-focused education. The purpose of an education renewal zone is to identify and implement education and management strategies designed specifically to improve public school performance and student academic achievement statewide, with special focus on the public schools in need of the specialized support and services provided by education renewal zones; provide collaboration among the State’s smaller schools and school districts to achieve some of the advantages of economics of scale in providing educational and related activities; maximize benefits and outcomes of public schooling by coordinating available resources to improve public school performance and student academic achievement through a collaborative, statewide effort; and enable schools to make the best use of the latest cost-effective distance learning technology to enhance curricula and professional development opportunities. Five zones received funding of \$195,936, and one received \$121,471 (salary deduction due to no on-site director).

EDUCATION SERVICE COOPERATIVES

The 15 education service cooperatives around the State facilitated sharing of resources and services between local school districts and provided a core support system for professional development.

EDUCATOR COMPENSATION REFORM PROGRAM

This program provided funds to be used by school districts to assist in increasing minimum teacher salaries for teachers with a bachelor’s degree or master’s degree, as required by Ark. Code Ann. § 6-17-2403(b). School districts that adhered to a teacher compensation schedule at or above \$36,000 for a teacher with a bachelor’s degree and zero years of experience in the 2018-2019 school year were not eligible for funds under the Program. School districts that implemented a teacher compensation schedule at or above \$36,000 for a teacher with a bachelor’s degree and zero years of experience prior to the 2022-2023 school year were not eligible to receive funding under the Program the year after the \$36,000 minimum salary schedule becomes effective and thereafter. Any public school district or open-enrollment public charter school that has received a waiver of the teacher minimum salary schedule during implementation of the Program was not eligible to receive Program funds and were required to repay any Program funds received prior to receiving the waiver. The amount calculated for each district was multiplied by the total number of the district’s non-federal FTEs as reported in the 2017-18 school year Annual Statistical Report.

ENGLISH LANGUAGE LEARNERS

This program served students identified as not being proficient in the English language, enabling school districts to provide specially-trained staff, instructional materials, and training for teachers of these students. Ark. Code Ann. § 6-20-2305(b)(3)(A) sets out the dollar amount to be paid to districts each school year for each student identified as an English language learner. The rate per student for the 2020-2021 school year was \$352.

ENHANCED STUDENT ACHIEVEMENT FUNDING

This program provided state categorical funding for students from low socioeconomic backgrounds, as indicated by prior-year eligibility for free or reduced-price meals under the National School Lunch (NSL) Act, as reported on October 1 of each year and submitted to ADE.

For the 2020-2021 school year, Enhanced Student Achievement funding, formerly national school lunch state categorical funding, was \$1,576 per student receiving free or reduced-price meals for districts with free and reduced lunch percentage of 90% or greater, \$1,051 for percentages of 70% up to 89%, and \$526 for percentages below 70%. For school districts that were to receive funding based on a different per student amount than the preceding school year due to a percentage change in students receiving free or reduced-price meals, funding would be increased or decreased in each year of a three-year transition period by one-third of the difference between the amount of funding per student for the current year and the prior year, adjusted for changes in rates. A district that experienced significant growth, defined by rule as 1%, in enrolled students in each of the previous three years would receive funding for the expected increase in the number of NSL students based on the three-year average growth in enrollment, multiplied by the percentage of students eligible for NSL funding, multiplied by the appropriate per-student funding amount.

ENHANCED TRANSPORTATION FUNDING

This program provided supplemental funding for school districts that experienced high transportation costs. The program originated from the Arkansas Legislature's 2014 Interim Study on Education Adequacy. Funds are disbursed to school districts as outlined in Ark. Code Ann. § 6-20-2309.

GENERAL FACILITIES FUNDING

Prior to fiscal year 2006, General Facilities Funding was paid to school districts; however, this funding was reduced over a period of 10 years, with the reduction paid to the Department of Finance and Administration Employee Benefits Division (EBD) for the exclusive benefit of public school employees participating in the State and Public School Life and Health Insurance Program. Fiscal year 2015 was the last year that any part of General Facilities Funding was paid to any school district. The entire appropriation for General Facilities Funding has been disbursed to EBD each year since.

GIFTED AND TALENTED

This program provided salary support for Gifted and Talented program supervisors in the education service cooperatives; funding for Arkansas Governor's School, Outstanding Gifted Program Awards for school districts, summer programs, and other contributions; and funding for the Arkansas for Gifted and Talented Education (AGATE) conference.

GRANTS TO SCHOOL DISTRICTS

This payment reimbursed the Lead Hill School District for the cost of educating students in northern Arkansas who could not reach their assigned district because Bull Shoals Lake separates them from it. Reaching their assigned district would require a round trip of more than 35 miles.

HIGH PRIORITY DISTRICT TEACHER RECRUITMENT AND RETENTION

As authorized by Ark. Code Ann. § 6-17-811, these grants provided teacher bonuses as incentives for recruitment and retention in high-priority districts. A "high-priority district" is one having 1,000 or fewer students and at least 80% of students qualifying for free or reduced lunches. "Teachers" are defined as those working directly with students in a classroom setting 70% of their time, including guidance counselors and librarians. For all newly-signed teachers in high-priority districts, a one-time signing bonus of \$5,000 is paid at the completion of a full year of teaching, and a \$4,000 retention bonus is paid at the end of each of the next two subsequent years if the teacher continues teaching in the same high-priority district. A newly-signed teacher is also eligible for a \$3,000 retention bonus, which is paid at the end of the fourth year and each subsequent year, if the teacher continues teaching in the same high-priority district or another high-priority district. For all teachers not newly-signed to work in the district, a \$3,000 retention bonus is paid at the end of each year if the teacher continues to work in a high-priority district.

HUMAN DEVELOPMENT CENTER EDUCATION AID

This program provided \$526,150 to the Department of Human Services for educational services for children at the Conway Human Development Center, the only center in the State that provides special education to children in grades K through 12 with severe disabilities.

INTERVENTION BLOCK GRANTS

Local school districts, education service cooperatives, institutions of higher education, and other organizations were eligible to apply for an Intervention Block Grant. These grants were used to encourage parental involvement in the following student competitions: Arkansas Governor's Quiz Bowl, State History Day Competition, Creativity in Arkansas, Destination Imagination, and regional and state science fairs.

ISOLATED FUNDING

Because of location, density, or geographical barriers, some school districts contain areas that are not able to share resources or have unusual transportation needs. Districts that contained such areas received additional funding. Isolated Funding was provided in the 2020-2021 school year in accordance with Ark. Code Ann. §§ 6-20-601 – 6-20-603.

NATIONAL BOARD OF PROFESSIONAL TEACHING STANDARDS

Ark. Code Ann. § 6-17-413(a)(1)(A) calls for state support in three distinct areas related to advanced national teacher certification: (a) bonuses to National Board Certified Teachers (NBCT), (b) participation fees and substitute pay required for candidacy, and (c) a support system for those candidates. This program encourages teachers to seek certification by the National Board for Professional Teaching Standards by competitively awarding the \$2,500 application fee and up to three days of substitute teacher pay. A person registering for candidacy after January 1, 2018, will receive a \$2,500 annual bonus for five years, upon certification, if the NBCT teaches in a low-poverty school. A person registering for candidacy after January 1, 2018, will receive a \$5,000 annual bonus for five years, upon certification, if the NBCT teaches in a high-poverty school. ADE shall pay a yearly incentive bonus of \$5,000 for no more than 10 school years or, in the case of a recertification obtained before January 1, 2018, for the life of the recertification. A NBCT with a current certificate, who teaches in a high-poverty school AND a high-poverty district or a high-poverty charter school, will receive an annual bonus of \$10,000 for up to 10 years unless the school or district's poverty status changes. Any NBCT teaching in a high-poverty school and a high-poverty district will be allowed to renew one time to complete the 10-year maximum. Funding is also distributed to designated candidate "support centers" at various school districts, education service cooperatives, or institutions of higher education to assist candidates with the National Board certification process. Support center location funding is based on candidate distribution throughout the State. Teachers who do not achieve certification during the required three years must reimburse all state funds expended on their behalf.

NON-TRADITIONAL LICENSURE GRANTS

This program supplemented the cash-funded Alternative Certification program developed by ADE for certifying individuals to teach who have expertise and knowledge in a particular subject but do not have the standard teaching certificate. This program is a "Teaching and Learning" Non-Traditional Licensure Program (NTP) for those with a college degree in areas other than education. This program was developed by the Arkansas Legislature for the purpose of meeting teacher shortages in critical parts of the State. Recognizing that professionals' experience, knowledge, and previous career successes can positively impact the lives of students, NTP allows mature career changers, with a variety of work experiences, to teach in public school classrooms. For the 2020-21 school year, 14 NTP teachers received up to \$1,000 for teaching in geographic areas and/or subject areas with critical teacher shortages.

OPEN-ENROLLMENT CHARTER SCHOOL FACILITIES FUNDING

Funding was provided to open-enrollment public charter schools for the lease, purchase, renovation, repair, construction, installation, restoration, alteration, modification, or operation and maintenance of an approved academic facility. To be eligible for these funds, open-enrollment public charter schools must have successfully completed the charter approval process; must not use virtual technology as the primary method of delivering instruction; must meet all applicable health, fire, and safety codes; must not be classified as in academic distress or a priority school; and must not be in probationary status.

PROFESSIONAL DEVELOPMENT FUNDING

This program provided a coordinated set of planned learning activities for teachers and administrators that are standards-based. These activities should result in individual, school-wide, and system-wide improvements designed to ensure that all students demonstrate proficiency in meeting state academic standards. For the 2020-2021 fiscal year, Professional Development Funding per district was up to \$40.80 multiplied by the district's Average Daily Membership for the previous school year. Additionally, ADE paid Arkansas PBS \$2,744,351 of the up to \$3.5 million authorized each year for the Internet Delivered Education for Arkansas Schools (IDEAS) system for teacher professional development and educational resources.

PUBLIC SCHOOL EMPLOYEES INSURANCE

These programs paid \$57 million and, by separate appropriation, \$35 million annually to the Arkansas Department of Transformation and Shared Services - Employee Benefits Division to supplement school districts' contributions to the public school employees' health insurance program and also funded the monthly health insurance cost of \$164.66 per employee for employees of education service cooperatives, vocational centers, Easter Seals, and the Department of Correction school.

RESIDENTIAL CENTERS/JUVENILE DETENTION

Funds were disbursed to school districts for educational costs of students ages 3 through 21 in approved residential psychiatric and drug/alcohol treatment facilities or juvenile detention centers. Reimbursement for residential facilities was made at a daily rate (\$60) established by ADE. Reimbursement for juvenile detention centers was calculated at the rate of foundation funding multiplied by the number of approved beds. When reimbursement requests exceeded funds available, reimbursements were prorated.

SCHOOL FACILITY JOINT USE SUPPORT

The School Facility Joint Use Support program was created as a part of the Health Care Initiative of 2009. Funding was provided by general revenue generated by a cigarette tax increase enacted during the Regular Session of the 87th General Assembly. The intent of the program was to encourage schools to allow their indoor and outdoor facilities to be used by the public and the community as accessible and safe environments for community and family activity.

SCHOOL FOOD SERVICES

This program, combined with the Surplus Commodities program, provided the state match for the total school food program in local schools. These grants were paid to school districts at a rate based on the number of lunches served.

SERIOUS OFFENDER PROGRAM

Serious Offender Units for juveniles are operated by the Department of Human Services (DHS) - Division of Youth Services (DYS), but ADE pays the educational costs of students located in these units through a Memorandum of Understanding with DHS. The current program has been in effect since 1996 for the purpose of generating educational funds for the DYS Juvenile Treatment Centers Program. DYS was provided funds based on the average daily attendance of students in the facility.

SMART START/SMART STEP

The program supported a state network of literacy and mathematics specialists who assisted schools with professional development to maintain a highly-qualified teaching staff. In addition, the program provided professional development opportunities to all K-12 educators through statewide conferences, regional workshops, and satellite-delivered meetings. K-12 schools were also provided a variety of resources, including professional books and videos.

SPECIAL EDUCATION – CATASTROPHIC OCCURRENCES

This program assisted school districts with special education students who required extraordinary support services, such as full-time registered nurses or elaborate assistive technology. The special education and related services these students required were unduly expensive, extraordinary, or beyond the routine costs associated with special education. Reimbursements from this program could be sought only after eligible costs for the child equaled or exceeded \$15,000 and Medicaid, federal Title VI-B, and available third-party funds were applied to the catastrophic occurrence.

SPECIAL EDUCATION SERVICES

This program provided funding to support the provision of Extended School Year (ESY) services to eligible students with disabilities in need of such services, special education services to children with disabilities who were wards of the State, and funding to support the payment of salaries to special education supervisors. For the 2020-2021 school year, funding was provided to school districts to support the salaries of special education supervisors based on a per child basis. In addition, funding was provided to school districts and education service cooperatives for ESY services.

SPECIAL NEEDS ISOLATED FUNDING

This program provided additional funding to school districts that contained isolated school areas and met criteria for small school district funding. As stipulated in Ark. Code Ann. § 6-20-604, school districts containing isolated school areas had to meet certain eligibility requirements, including involvement in a consolidation or annexation, low student density ratios, and certain Average Daily Membership levels. Pursuant to Ark. Code Ann. § 6-20-604(h), any funds appropriated for isolated funding and/or special needs isolated funding that remained after the initial distributions were equally divided and distributed among districts that received isolated special needs funding, other than small school district funding to be used for transportation costs of isolated school areas.

STATE FOUNDATION FUNDING

This funding was distributed in accordance with Ark. Code Ann. § 6-20-2305(a). For the 2020-2021 school year, state foundation funding was computed as the annual foundation funding amount per student (\$7,018) multiplied by the Average Daily Membership (ADM) of the previous school year less the sum of 98% of the uniform rate of tax (25 mills) multiplied by the property assessment of the school district and miscellaneous funds of the school district calculated under Ark. Code Ann. § 6-20-2308. The funding for charter schools used the same amount of per-student foundation funding but used the ADM of the prior or current school year, as required by law. ADM is the total number of days of school attended plus the total number of days absent by students in grades K through 12 during the first three quarters of each school year, divided by the number of school days actually taught in the school district during that time period, rounded up to the nearest hundredth.

For the 2020-2021 school year, \$1,927,320,042 and \$141,706,492 were calculated as State Foundation Funding Aid for school districts and open-enrollment charter schools, respectively. Variances between these calculations and the amounts distributed, as reported in Attachment 2, are caused by prior-year adjustments and timing differences.

STUDENT GROWTH

Student Growth is a program that provides supplemental funding to school districts that have a growth in students over the previous school year. Pursuant to Ark. Code Ann. § 6-20-2305(c)(2)(A), student growth funding is comprised of four calculations. Student growth funding is calculated as the sum of the following amounts: One quarter (1/4) of the current foundation funding amount of per-student foundation as established by the General Assembly multiplied by the increase, if any, in the school district's previous fiscal year fourth quarter Average Daily Membership (ADM) compared to the fiscal year three-quarter ADM in the year prior to the aforementioned fourth quarter ADM; current fiscal year first quarter ADM compared to the prior fiscal year three-quarter ADM; current fiscal year second quarter ADM compared to the prior fiscal year three-quarter ADM; and current fiscal year third quarter ADM compared to the prior fiscal year three-quarter ADM.

SUPPLEMENTAL MILLAGE INCENTIVE FUNDING

These funds were distributed in accordance with Ark. Code Ann. § 6-20-2503(f), as amended. In fiscal year 2005-2006, school districts that elected to receive Supplemental Millage Incentive Funding received the funding amount that exceeded the amount the district would have received under Debt Service Funding Supplement and General Facilities Funding in fiscal year 2004-2005. After fiscal year 2005-2006, this funding was phased out by reducing the amount received by a district by one-tenth of the 2005-2006 amount each year over a 10-year period. The savings were distributed to the Employee Benefits Division (EBD) for the exclusive benefit of public school employees participating in the State and Public School Life and Health Insurance Program. Fiscal year 2014-2015 was the final year Supplemental Millage Incentive Funding was disbursed to school districts. The entire appropriation for Supplemental Millage Incentive Funding has been disbursed to EBD each fiscal year since.

SURPLUS COMMODITIES

The Department of Human Services (DHS) administered the Surplus Commodities Program. Under an agreement with DHS, ADE reimbursed transportation costs for the delivery of surplus commodities to school districts.

TEACHER LICENSURE/MENTORING

This program covers the Arkansas Induction Program for new teachers and administrators, which provides mentoring for support, retention, and professional growth of new educators. The mentoring support was revised in 2017 to provide novice teachers and administrators with three years of support and development. Educational cooperatives, which facilitate the mentoring support, completed the first cohort of novice teachers in school year 2017-2018 and completed their third year in 2019-2020. Since that time, each educational cooperative has facilitated three cohorts of novice teachers each year. Educational cooperatives receive funding via a grant process based upon the need outlined in their grant proposals. The Arkansas Association for Educational Administrators facilitates the mentoring support for novice administrators in a similar process as the educational cooperatives. Funds are also distributed to school districts, institutions of higher education, and education service cooperatives to provide training and support to all educators. The mentoring program has been updated to align with the State's new teacher and administrator evaluation systems. Online competency-based professional learning opportunities have been developed to support the individual professional growth needs of educators. Funds are used to pay for the development of the competency-based professional learning and the content delivery platform.

TEACHER OF THE YEAR

In submitting an application for Arkansas Teacher of the Year, a school district agreed that, if its teacher candidate were selected, the district would place the teacher on paid administrative leave for the school year immediately following his or her selection, as provided in Ark. Code Ann. § 6-17-2504. During the school year in which the Arkansas Teacher of the Year was on paid administrative leave, ADE reimbursed the district for the salary and benefits of the Teacher of the Year, as provided in Ark. Code Ann. § 6-17-2505. During this time, the Teacher of the Year served in an advisory position as a non-voting member of the State Board of Education.

The EAST Initiative gives students the experience of using technology to solve real-life school or community problems. The Center for Quality Teaching and Learning trains facilitators from other states as well as Arkansas teachers and students. Explore-Net teaches students computer repair in a hands-on environment and teams teachers and administrative personnel with technology integration. This program also supported EAST Core as part of the STEM (Science, Technology, Engineering, and Math) Initiative. EAST Core incorporates best practices of the EAST model into core classes. It also covers data tools development to promote effective use of educational data at the state and local education levels to support continued statewide use of data to inform decision-making.

WORKERS' COMPENSATION

These funds were paid to the Public Employees Claims Division of the Arkansas Insurance Department to cover the costs of workers' compensation claims by public, school employees during the 2020-2021 school year. Claims and administration expenses are paid by a fund transfer to the Miscellaneous Revolving Fund based on the previous year's claims. This appropriation is the claims made before 1994-1995, when districts were required by Act 862 of 1993 to provide their own workers' compensation coverage.

YOUTH SHELTERS

This program partially reimbursed school districts for additional costs of providing educational services to students who were placed in emergency youth shelters by the Department of Human Services. For the 2020-2021 school year, funds were distributed to applicable districts with youth shelters using a calculation of the appropriated amount divided by the number of available beds in designated youth shelters.

98% UNIFORM RATE OF TAX ACTUAL COLLECTION ADJUSTMENT

For a school district that received state foundation funding aid and whose net revenues were less than the sum of 98% of the Uniform Rate of Tax (URT) multiplied by the property assessment of the district, ADE distributed to the district the difference between the district's net revenues and the sum of 98% of the URT multiplied by the district's property assessment.

For a district whose net revenues were more than the sum of 98% of the URT multiplied by the property assessment of the district, ADE recouped from the district the difference between the district's net revenues and the sum of 98% of the URT multiplied by the district's property assessment. Ark. Code Ann. § 6-20-2305(a)(4) enabled ADE to collect excess distributions by withholding funds from disbursements to the district in the following year.

ACADEMIC FACILITIES PARTNERSHIP PROGRAM

The Academic Facilities Partnership Program was promulgated pursuant to Acts 1426 and 2206 of 2005, codified as Ark. Code Ann. § 6-20-2507. This program provided state financial assistance in the form of cash payments to school districts for eligible new construction projects. A new construction project included any improvement to an academic facility and, if necessary, related areas (such as the physical plant and grounds) that made the condition or efficiency of the academic facility better than its original condition of completeness or efficiency. New construction included additions to existing academic facilities, construction of new academic facilities, and projects that corrected deficiencies through new construction to maintain a safe, dry, and healthy facility. Funding for this program may be carried forward each fiscal year until project completion.

ALTERNATIVE CERTIFICATION PROGRAM

Non-traditional licensure teachers were assigned to one of the seven sites across Arkansas to complete instructional requirements for the Arkansas Professional Pathway to Educator Licensure (APPEL), formerly known as the Non-Traditional Licensure Program. Grants from the registration fees remitted by the teachers seeking licensure were provided to the non-traditional licensure sites to conduct training. The APPEL program has added three additional sites in the Delta region of Arkansas, which resulted in a 53% increase in minority participants in the program during 2018-2019.

The Education and Training Taskforce convened a wide, diverse group of stakeholders to provide feedback on the current state of the Education and Training cluster in Arkansas and help develop a plan to grow the presence of this cluster in Arkansas schools.
