SECTION 2. Arkansas Code Title 24, Chapter 4, Subchapter 7 is amended to add an additional section to read as follows:
24-4-752. State Police Retirement System abolished -- Powers, duties, and plan liabilities transferred to Arkansas Public Employees' Retirement System -- State Police Division.
(a)(1) There is created under the Arkansas Public Employees' Retirement System, a division that will be known as the State Police Division.
(2) The authority for the Arkansas Public Employees' Retirement System -- State Police Division is with the Arkansas Public Employees' Retirement System Board of Trustees.
(b) The State Police Retirement System, established by § 24-6-201 et seq., is abolished and its powers, duties, and plan liabilities are transferred to the Arkansas Public Employees' Retirement System -- State Police Division by a type 3 transfer under § 25-2-106.
(c) For purposes of this section, the Arkansas Public Employees' Retirement System shall be considered a principal department established by Acts 1971, No. 38.
(d)(1) As employer, the Department of Arkansas State Police shall make contributions to the Arkansas Public Employees' Retirement System -- State Police Division, based on a percentage of each active state police officer's salary at the rate established to fund the State Police Retirement System's benefit program before the effective date of this act unless the Arkansas Public Employees' Retirement System's actuary determines that a different required contribution rate should be applied.
(2) All other sources of revenue regularly accruing to the State Police Retirement System shall be payable to the Arkansas Public Employees' Retirement System -- State Police Division.
(e)(1) A member of the State Police Retirement System on the date of the transfer of the State Police Retirement System to the Arkansas Public Employees' Retirement System – State Police Division shall continue to accrue the same program of benefits received before the transfer.

(3) A state police officer covered under the Arkansas Public Employees' Retirement System – State Police Division that is otherwise covered by § 24-6-401 shall have access to the Deferred Retirement Option Plan provisions of § 24-4-801 et seq.

SECTION 3.  EMERGENCY CLAUSE. It is found and determined by the General Assembly of the State of Arkansas that due to the economic condition of the financial market, every opportunity to contain costs must be pursued, that combining the State Police Retirement System with the Arkansas Public Employees' Retirement System would save administrative costs, and that the Arkansas Public Employees' Retirement System's fiscal year begins on July 1, 2009. Therefore, an emergency is declared to exist and this act being necessary for the preservation of the public peace, health, and safety shall become effective on July 1, 2009."

ARKANSAS SENATE
EIGHTY-SEVENTH GENERAL ASSEMBLY
REGULAR SESSION
Amendment No. 2 to SENATE BILL NO. 138

Amend Senate Bill No. 138 as engrossed, S3/19/09

Delete everything after the enacting clause and substitute the following:

"SECTION 1. DO NOT CODIFY. Legislative history, findings, and intent.
(a) It is found and determined by the General Assembly that the Department of Arkansas State Police has had ongoing financial difficulty for over twelve (12) years. The State Police Retirement System has sustained investment losses of approximately one hundred million dollars ($100,000,000) within the last two (2) years, and so needs a larger investment pool to help reduce risk and enhance returns. The Arkansas Public Employees’ Retirement System has the size and expertise to effectively reduce the volatility of returns, enhance relative returns, and best protect the State Police Retirement System.
(b) This act represents a negotiated alternative to a proposal that would have eliminated the State Police Retirement System and would have made it a division of the Arkansas Public Employees’ Retirement System.
(c) This act maintains the autonomy over State Police Retirement System benefits but ensures funds are invested in a larger, more diversified pool of assets.
(d) It is contemplated that at such time as the State Police Retirement System attains a funding level in which assets are eighty percent (80%) or more of actuarially accrued liabilities, the Board of Trustees of the State Police Retirement System may consider certain enhancements to the Tier II Deferred Retirement Option Plan.

SECTION 2. Arkansas Code Title 24, Chapter 4, Subchapter 7 is amended to add an additional section to read as follows:
24-4-752. State Police Trust Fund.
(a) All assets of the State Police Retirement System are transferred to the Arkansas Public Employees’ Retirement System to hold in trust for the State Police Retirement System.
(b) There is created under the Arkansas Public Employees’ Retirement System a division that shall be known as the “State Police Trust Fund”.
(c)(1) The State Police Trust Fund shall not be treated as segregated funds, but shall be commingled with the assets of the Arkansas Public Employees’ Retirement System strictly for investment purposes."
(2) The assets shall be managed solely for the benefit of the retirees and beneficiaries of the State Police Retirement System and shall not be divested from the Arkansas Public Employees’ Retirement System unless it can clearly be demonstrated it would be actuarially and fiscally prudent to do so.

(d)(1) As employer, the Department of Arkansas State Police shall make contributions to the Arkansas Public Employees’ Retirement System – State Police Trust Fund based on a percentage of each active state police officer’s salary at the rate established to fund the State Police Retirement System’s benefit program before the effective date of this act.

(2) All other sources of revenue commonly accruing to the State Police Retirement System shall be payable to the Arkansas Public Employees’ Retirement System – State Police Trust Fund.

(e) The Arkansas State Police Retirement System Board of Trustees, Arkansas Public Employees’ Retirement System Board of Trustees and administrative staff shall be immune from any suit or action based in whole or in part on the transfer of assets contemplated by this act.

SECTION 3. Arkansas Code § 24-6-204 is amended to read as follows:

24-6-204. Board of trustees.

(a)(1) The Board of Trustees of the State Police Retirement System is created.

(2)(A) The board shall consist of twelve (12)-seven (7) trustees, as follows:

(ii) One (1) active vested member enrolled in the Tier II benefits program;
(iii) One (1) State Police Commissioner who shall be appointed by the Governor;
(iv) The Chief Fiscal Officer of the State or his designee;

(iv) Five (5) members of the State Police Retirement System to be elected by the members of the system with at least two (2) member trustees holding the rank of trooper, trooper first class, or corporal, at least one (1) member trustee holding a rank higher than the rank of corporal, and at least one (1) member trustee whose retirement eligibility is covered under § 24-6-401 et seq.;
(v) One (1) retired member of the system to be elected by the members of the Retired Members Association;
(vi) The highest ranking administrative officer of the system in charge of employee benefits or that officer’s designee, who shall serve as a nonvoting member by virtue of his or her position; and
(vii) The Vice Chair of the Arkansas State Police Commission and the Secretary of the Arkansas State Police Commission, who shall serve as nonvoting members by virtue of their positions.

(B) The elections of member trustees shall be held under rules as the board shall from time to time adopt to govern the elections.

   (A) Ceases to be a state police officer; or
   (B) Fails to attend scheduled meetings of the board for three (3) consecutive meetings unless, in each case, he or she is excused by the remaining trustees attending the meetings, the board by resolution shall declare his or her office of trustee vacated as of the date of adoption of the resolution.

   (2) If a vacancy occurs in the office of trustee, the vacancy shall be filled for the unexpired term in the same manner as the office was previously filled.

(c)(1) The administration, management, and control of the system shall be vested in the board.

AMENDMENT NO. 4 TO SENATE BILL NO. 417

Delete Section 38 in its entirety and substitute:

"SECTION 38. SPECIAL LANGUAGE. NOT TO BE INCORPORATED INTO THE ARKANSAS CODE NOR PUBLISHED SEPARATELY AS SPECIAL, LOCAL AND TEMPORARY LAW. CLINICAL EXPANSION AND RESEARCH POOL. (a) In order to address personnel needs emerging from expanding medical research and
patient care issues and the necessity of recruiting and retaining qualified medical, research, and related support personnel, the University of Arkansas for Medical Sciences or its successor is authorized for the 2009-2010 fiscal year a pool of one thousand five hundred (1,500) "Clinical Expansion and Research Pool" positions. These positions are to be used by the University of Arkansas for Medical Sciences in the event that the personal services needs resulting from unanticipated clinical or research programs that are initiated during the 2009-2010 fiscal year require additional positions, either in title, in classification, or in number, that are not authorized or contemplated by the General Assembly in Section 1 of this Act. These "Clinical Expansion and Research Pool" positions may also be used to properly classify positions when the University of Arkansas for Medical Sciences does not have a vacant position available with the appropriate title, grade, or salary level. The salary rates for these positions shall not exceed the highest maximum annual salary rate or the highest grade level position authorized by the General Assembly in Section 1 of this Act, as governed by the uniform Classification and Compensation Act of 1969, §21-5-201 et seq., or its successor.

(b) The University of Arkansas for Medical Sciences is authorized to access the "Clinical Expansion and Research Pool" positions authorized in this Section at any time during the fiscal year when it is determined by the Chancellor of the University of Arkansas for Medical Sciences, subject to the review and approval by the Board of Trustees, that the need for additional positions exists. The Chancellor of the University of Arkansas for Medical Sciences shall provide a quarterly report detailing the justification of allocation of positions from this "Clinical Expansion and Research Pool" to the Chief Fiscal Officer of the State, to the Department of Higher Education, and to the Arkansas Legislative Council or Joint Budget Committee for review. The report shall also include an accounting of the names, titles and salaries of personnel who have been employed in positions established from this pool and the source and duration of funds associated with the positions.

(c) If the University of Arkansas for Medical Sciences requests continuation of any "Clinical Expansion and Research Pool" position(s) as established herein during the next fiscal year, the position(s) must be requested as a new position(s) in the agency's budget request.

(d) Determining the number of personnel to be employed by a state agency is the prerogative of the General Assembly and is usually accomplished by delineating the maximum number of personnel by identifying job titles and the maximum grade or salary attached to those titles. The General Assembly has determined that the University of Arkansas for Medical Sciences could be operated more efficiently if some flexibility is given to that institution. That flexibility is being accomplished by providing a position pool in Subsection (a) of this Section and since the General Assembly has granted the agency broad powers under the growth pool concept, it is both necessary and appropriate that the General Assembly maintain oversight of the utilization of the position pool by requiring review of the Legislative Council or Joint Budget Committee in the utilization of the position pool. Therefore, the requirement of review by the Legislative Council or Joint Budget Committee is not a severable part of this section. If the requirement of review by the Legislative Council or Joint Budget Committee is ruled unconstitutional by a court of competent jurisdiction, this entire section is void.

The provisions of this section shall be in effect only from July 1, 2009 through June 30, 2010."

AND

Delete Section 41 in its entirety and substitute:
SECTION 41. EMERGENCY CLAUSE. It is found and determined by the General Assembly, that the Constitution of the State of Arkansas prohibits the appropriation of funds for more than a one (1) year period; that the effectiveness of this Act on July 1, 2009 is essential to the operation of the agency for which the appropriations in this Act are provided, and that in the event of an extension of the Regular Session, the delay in the effective date of this Act beyond July 1, 2009 could work irreparable harm upon the proper administration and provision of essential governmental programs. Therefore, an emergency is hereby declared to exist and this Act being necessary for the immediate preservation of the public peace, health and safety shall be in full force and effect from and after July 1, 2009.

(b) As used in this section, "manufacturer" means a:
(1) manufacturer Manufacturer classified within sectors 31 through 33 of the North American Industry Classification System, as in effect on January 1, 2007; and
(2) Generator of electric power classified within sector 22 of the North American Industry Classification System that uses natural gas on or after the effective date of this subdivision to operate a generating facility that uses emission reduction technology that emits nitrogen oxides (NOx) less than three and five-tenths parts per million (3.5 ppm) on average annually for all operating hours.

(c) In lieu of the tax rate under subsection (a) of this section, the excise tax rate levied on the gross receipts or gross proceeds derived from the sale of natural gas and electricity to a manufacturer as defined under subdivision (b)(2) of this section is as follows:
(1) Beginning July 1, 2010, five and one-fourth percent (5.25%);
(2) Beginning July 1, 2011, four and one-fourth percent (4.25%); and
(3) Beginning July 1, 2012, the rate under subsection (a) of this section.

(d) Natural gas and electricity subject to the reduced tax rate levied in this section shall be separately metered from natural gas and electricity used for any other purpose by the manufacturer or otherwise established in accordance with the rules issued under subsection (e) of this section.

(e) Prior to the sale of natural gas or electricity at the reduced excise tax rate levied in this section, the director may require any seller of natural gas or electricity to obtain a certificate from the consumer, in the form prescribed by the director, certifying that the manufacturer is eligible to purchase natural gas and electricity at the reduced excise tax rate.

(f) The director shall have and be invested with full power and authority to promulgate rules for the proper administration of this section.

(g) The gross receipts or gross proceeds derived from the sale of natural gas and electricity to a manufacturer shall continue to be subject to:
(1) The excise tax levied under the Arkansas Constitution, Amendment 75, § 2; and
(2) All municipal and county gross receipts taxes.

SECTION 2. Arkansas Code § 26-53-148(b)-(f), concerning the compensating use tax on natural gas and electricity used by manufacturers, is amended to read as follows:

(b) As used in this section, "manufacturer" means a:
(1) manufacturer Manufacturer classified within sectors 31
through 33 of the North American Industry Classification System, as in effect on January 1, 2007; and

(2) Generator of electric power classified within sector 22 of the North American Industry Classification System that uses natural gas on or after the effective date of this subsection to operate a generating facility that uses emission reduction technology that emits nitrogen oxides (NOx) less than three and five-tenths parts per million (3.5 ppm) on average annually for all operating hours.

(c) In lieu of the tax rate under subsection (a) of this section, the excise tax rate levied on the gross receipts or gross proceeds derived from the sale of natural gas and electricity to a manufacturer as defined under subdivision (b)(2) of this section is as follows:

(1) Beginning July 1, 2010, five and one-fourth percent (5.25%);
(2) Beginning July 1, 2011, four and one-fourth percent (4.25%); and
(3) Beginning July 1, 2012, the rate provided in subsection (a) of this section.

(c) Prior to purchasing any natural gas or electricity at the reduced excise tax rate levied in this section, the director may require any seller of natural gas or electricity to obtain a certificate from the consumer, in the form prescribed by the director, certifying that the manufacturer is eligible to purchase natural gas and electricity at the reduced excise tax rate.

The purchase of natural gas and electricity by a manufacturer shall continue to be subject to:

(1) The excise tax levied under the Arkansas Constitution, Amendment 75, § 2; and
(2) All municipal and county compensating use taxes.

SECTION 3. Emergency Clause. It is found and determined by the General Assembly of the State of Arkansas that the sales and use taxes that Arkansas imposes on natural gas used in high-efficiency electric generating facilities far exceed the taxes imposed by most surrounding states; that electric power generation has historically been treated as manufacturing for sales and use tax purposes in Arkansas; that the state has an interest in encouraging the use of clean and efficient generating technologies pending the development of alternative energy technologies; that the price of natural gas has been subject to substantial increases in the marketplace resulting in a dramatic increase in the cost of electricity that has been compounded by sales and compensating use tax on natural gas used as fuel, and this trend is likely to continue; and that including high-efficiency power generation in the definition of manufacturing for purposes of the reduced sales and use tax on natural gas will stabilize the tax burden, preserve the funding source, and encourage the use of natural gas in high-efficiency power generating facilities in Arkansas. Therefore, an emergency is declared to exist and this act being immediately necessary for the preservation of the public peace, health, and safety shall become effective on July 1, 2009."

SECTION 1. Arkansas Code § 23-17-404(b)(2)(A), concerning the preservation and promotion of universal service through the Arkansas High Cost Fund, is amended to read as follows:

(2)(A)(i) This AHCF charge for all telecommunications providers shall be proportionate to each provider’s Arkansas intrastate retail telecommunications service revenues. Every telecommunications provider, and to the extent not prohibited by federal law, every provider of interconnected VOIP service, as defined by 47 C.F.R. 9.3, as it existed on October 1, 2005, shall be assessed the AHCF charge on an equitable and nondiscriminatory basis.

(ii) The AHCF charge shall be proportionate to each telecommunications provider’s Arkansas intrastate telecommunications service revenue.

(b) However, interconnected VOIP providers shall identify intrastate revenue subject to the AHCF charge using the inverse of the current FCC safe harbor, for example 35.1% as of March 19, 2009, of all collected revenues, or after approval by the Arkansas Public Service Commission, using either direct assignment or a company-specific traffic study.

SECTION 2. Arkansas Code § 23-17-404(e)(2), concerning the preservation and promotion of universal service through the Arkansas High Cost Fund, is amended to read as follows:

(2)(A) The commission shall provide a report to the Legislative Council by October 31 of the year prior to a regular session of the General Assembly detailing any recommended changes to the universal service list of requirements that are to be supported by the AHCF. This list may be approved by the General Assembly, and if approved, the AHCF support to ETCs may be adjusted, due to the approved changes, to reflect an increase or decrease in the size of the AHCF by increasing or decreasing the overall financial cap on the AHCF to recover the cost of additions or revisions to the universal service list concurrent with any such revisions to the list of universal services identified in § 23-17-403.

(B) In considering revisions to the universal service list, the commission shall consider the need for the addition or removal of a service to the list in order to maintain end-user rates for universal services that are reasonably comparable between urban and rural areas or to reflect changes in the type and quality of telecommunications services considered essential by the public as evidenced, for example, by those telecommunication services that are purchased and used by a majority of single-line urban customers.

(C) A rate case proceeding or earning investigation or analysis shall not be required or conducted in connection with the recovery of the cost of additions or revisions or in connection with the administration of the AHCF:

(D)(i) Beginning July 1, 2009, the AHCF shall consist of the following three (3) separate programs:

(c) The AICCLP Funding Program which is separate from the AHCF High Cost Program and the State Lifeline Program and is not under the CAP requirements.

(ii)(a) The State Lifeline Program shall be administered by the AICCLP administrator and is designed to:

in the Federal Low Income Discount Program to receive the State Lifeline Program
discount or reduced rate.

(B) The discount or reduced rate
shall be applied to the customer’s monthly bill.

(3) Only ETCs are eligible to provide the
State Lifeline Program.

(4) The monthly credit to a qualifying

(c)(1) The AICCLP administrator will administer
the State Lifeline Program similar to the Federal Low Income Discount Program is
administered.

(2) Eligible ETCs shall petition the AICCLP

SECTION 6. Arkansas Code § 23-17-416 is amended to read as follows:

23-17-416. Arkansas intrastate carrier common line.

(2) The carrier common line charge is not a tax and is not affected by state laws governing taxation.

(b)(1) Through June 30, 2009, the AICCLP operates as follows:

(A) Each underlying carrier's monthly payment to the AICCLP shall include the sum of the underlying carrier's share of the AICCLP's net revenue requirement for the remaining incumbent local exchange carriers, the underlying carrier's portion of the Arkansas Calling Plan Fund and Extension of Telecommunications Facilities Fund expense, and the AICCLP administrative expenses.

(2) Each underlying carrier's monthly payment to the AICCLP shall be based upon the underlying carrier's proportionate share of Arkansas intrastate telecommunications services revenues and special intrastate ILEC revenues to the total Arkansas intrastate telecommunications services revenue and special intrastate ILEC revenues of all underlying carriers.

(2)(A) Beginning July 1, 2009, the AHCF administrator shall fund monthly to the AICCLP administrator the net carrier common line revenue requirement of the remaining AICCLP members, the total Arkansas Calling Plan Fund expense, and the total Extension of Telecommunications Facilities Fund expense.

(B) The calculated funds shall be transferred to the AICCLP administrator monthly in sufficient quantities to fund the monthly commitment levels of the AICCLP administrator’s funding obligations, including administration fees.

(C) The AICCLP administrator shall notify the AHCF administrator of the funding requirement.

(D) If the net revenue requirement of the members of the AICCLP is reduced by federal or state law or federal or state regulation, the monthly net revenue requirement based on the average of the past three (3) months prior to the event’s taking place will be received from the AHCF and shall not be under any cap requirements.
(A)(i) An exiting ILEC that experiences a fixed carrier common line revenue shortfall for its carrier common line net revenue requirements may recover the shortfall through increases in local rates based on the total customer access base of the exiting company.

(ii) AICCLP members shall recover their carrier common line net revenue requirement by AICCLP rate adjustment and through the AICCLP.

(iii) If the fixed carrier common line revenue shortfall is distributed throughout the total customer access base, then each independent ILEC within the total customer access base shall receive from the distribution its share of the shortfall.

(B) An exiting ILEC that seeks to recover its carrier common line revenue shortfall is not required to recover equally from each class of customers.

(C)(i) An exiting ILEC may recover its fixed carrier common line revenue shortfall from any intrastate rate other than access charges.

(ii) Any AICCLP member may recover its AICCLP rate adjustment from any intrastate rate other than access charges.

(D) An exiting ILEC that reduces its carrier common line charge of one and sixty-five hundredths cents (1.65¢) may recover the shortfall through increases in local rates.

(4) This section shall not limit a carrier's ability to adjust its rates under § 23-17-406, § 23-17-407, or § 23-17-408.

(5) This section shall not limit a carrier's ability to increase its local rates under § 23-17-412.

(6) Any AICCLP rate adjustment charge shall not limit an AICCLP member's ability to adjust rates under § 23-17-412.

(7)(A) No A toll reseller shall not be required to pay to an ILEC or to the AICCLP any portion of an underlying carrier's common line net revenue obligation unless the ILEC is the toll reseller's underlying carrier.

(B) Unless agreed to otherwise between the toll reseller and the ILEC, if an ILEC is a toll reseller's underlying carrier, then the toll reseller shall report the special intrastate ILEC revenue to the administrator and shall pay all amounts due the AICCLP for the revenue.

(c)(1) The Arkansas Public Service Commission shall adopt all rules relating to the membership, operation, management, and administration of the AICCLP as it will be constituted after December 31, 2003.

(2) The commission may adopt rules under subdivision (c)(1) of this section after it appoints the members of the Arkansas Intrastate Carrier Common Line Pool Advisory Procedural Board and selects an AICCLP administrator.

(d) The commission may terminate a carrier's certificate of convenience and necessity if the carrier fails to comply with AICCLP procedures or fails to make a payment due under this section.

(e)(1) The commission shall choose an AICCLP administrator on or before June 1, 2003.

(2) The administrator shall manage the collection and distribution of the carrier common line net revenue requirements in accordance with the rules and procedures established by the commission and consistent with this section.

(3) The administrator shall enforce and implement all rules and directives governing the funding, collection, and eligibility for the AICCLP membership.

(4)(A) Through June 30, 2009, the administrator shall determine the total monthly amount due to the AICCLP from AICCLP members, exiting ILECs, and underlying carriers, based upon the sum of the monthly carrier common line net revenue requirement of AICCLP members, funding requirements for the Arkansas Calling Plan Fund and the Extension of Telecommunications Facilities Fund, and the AICCLP administrative fees.

(B) Beginning July 1, 2009, the AICCLP administrator shall
determine the total monthly amount due to the AICCLP from the AHCF, based upon the sum of the monthly carrier common line net revenue requirement of AICCLP members, funding requirements for the Arkansas Calling Plan Fund and the Extension of Telecommunications Facilities Fund, and the AICCLP administrative fees.

(5) The administrator shall provide monthly and annual reports to the commission concerning the operation of the AICCLP.

(6) Any information considered proprietary by the administrator shall be treated as confidential unless the commission determines that the administrator erred in the determination.

(7) The AICCLP administrator and the Arkansas Universal Service Fund administrator may share confidential information to determine the amounts due or the accuracy of information submitted by ILECs and underlying carriers.

(8)(A) Any ILEC that was designated as a non-tier one ILEC under Acts 1997, No. 77, as of December 31, 1997, and had fewer than fifty thousand (50,000) access lines as of December 31, 1997, shall be eligible to be a member of the AICCLP beginning January 1, 2004.

(B)(i) Based on its total customer access base, the maximum that a non-tier one company under subdivision (e)(8)(A) of this section may draw shall be one million three hundred thousand dollars ($1,300,000) annually.

(ii) If a non-tier one company under subdivision (e)(8)(A) of this section is entitled to receive more than one million three hundred thousand dollars ($1,300,000) annually, then the administrator shall assess a prorated charge to each ILEC associated with the total customer access base that is based upon the ILEC's proportionate share of the total net revenue requirement of all ILECs within the total customer base.

(f)(1) Beginning January 1, 2004, no ILEC that had a total customer access base of more than fifty thousand (50,000) access lines as of December 31, 1997, shall be a member of AICCLP.

(2) An ILEC that had a total customer access base of fifty thousand (50,000) or fewer access lines as of December 31, 1997, may terminate its membership in the AICCLP after sixty (60) days' notice to the commission and the administrator and may not thereafter again become a member of the AICCLP.

(g)(1) If an ILEC terminates its membership in the AICCLP after January 1, 2004, its total customer access base must exit the pool as a single unit.

(2) If an ILEC terminates its membership in the AICCLP after January 1, 2004, its fixed carrier common line revenue shortfall shall be calculated using relevant data from the data development period identified in subdivision (h)(4)(B)(ii) of this section.

"SECTION 2.  Arkansas Code § 20-77-1702(2), concerning the definition of "adverse decision" for law regarding Medicaid fairness, is amended to read as follows:

(2)  "Adverse decision" means any decision by the Department of Human Services or its reviewers or contractors that adversely affect a Medicaid provider's ability to participate in the Arkansas Medicaid Program or adversely affects a Medicaid provider or recipient in regard to receipt of and payment for Medicaid claims and services, including, but not limited to, decisions as to:

(A)  Appropriate level of care or coding;
(B)  Medical necessity;
(C)  Prior authorization;
(D)  Concurrent reviews;
(E)  Retrospective reviews;
(F)  Least restrictive setting;
(G)  Desk audits;
(H)  Field audits and onsite audits; and
(I)  Inspections;"
SECTION 3. Arkansas Code § 20-77-1709 is amended to read as follows:

20-77-1709. Promulgation before enforcement.

(a) The Department of Human Services may not use state rules, standards, policies, guidelines, manuals, or other such criteria in enforcement actions against providers unless the criteria have been promulgated under the Arkansas Administrative Procedure Act, § 25-15-201 et seq.

(b) Nothing in this section requires or authorizes the department to attempt to promulgate standards of care that practitioners use in determining medical necessity or rendering medical decisions, diagnoses, or treatment.

(c) Medicaid contractors may not use a different provider manual than the Medicaid Provider Manual promulgated for each service category.

(d) After adoption of new state rules, standards, policies, guidelines, manuals, or other such criteria, the department shall give an existing provider an opportunity and a reasonable period of time to achieve compliance without restrictions being imposed on the provider.

SECTION 4. Arkansas Code Title 20, Chapter 77, Subchapter 17 is amended to add an additional section to read as follows:

20-77-1717. Termination -- Evidence of compliance.

(a) If the Department of Human Services determines during a survey, field audit, onsite inspection or by any other means that a provider is not in compliance with one (1) or more state rules, standards, policies, guidelines, manuals, or other such criteria and issues an adverse decision to terminate the provider's certification or participation, the department shall provide to the provider with written notice of the termination decision under this subchapter at least thirty (30) days before the effective date of the termination.

(b) If a provider notified of a termination decision under this section submits a reasonable and adequate plan of correction before the effective date of termination, the department shall allow the provider to continue to participate in the Arkansas Medicaid Program, if the instances of noncompliance either individually or in combination neither jeopardize the health and safety of patients nor are of such a character as to seriously limit the provider's capacity to render adequate care.

(c)(1) The department shall grant a provider notified of a termination decision under this section a reasonable period of time to achieve compliance under its plan of correction.

(2) The time granted under subdivision (c)(1) of this section depends upon:

(A) The nature of the deficiency; and

(B) The capacities of the provider to provide adequate and safe care.

(3)(A) Ordinarily, the provider is expected to achieve compliance within sixty (60) days of being notified of the adverse decision.

(B)(i) However, the department may recommend that additional time be granted in individual cases, if in the department's judgment, it is not reasonable to expect compliance within sixty (60) days.

(ii) Reasons for allowing additional time under subdivision (c)(3)(B)(i) of this section include without limitation a situation in which a provider must engage in competitive bidding or receive additional certification or recertification before achieving compliance.

(d) The department shall allow a provider notified of a termination decision under this section an opportunity to meet with representatives of the department within fourteen (14) days following the issuance of the notice of termination in order to clarify any instances of noncompliance and to allow the provider to receive guidance on an acceptable plan of correction.
(e) Upon acceptance of a plan of correction, the department may conduct follow-up visits to confirm evidence of compliance with the plan of correction or, in the absence of a survey, deem the noncompliance corrected upon the date designated in the plan for compliance."

SECTION 7. Arkansas Code Title 20, Chapter 15, Subchapter 16, concerning the Prostate Cancer Act of 1999, is repealed.

20-15-1601. Title.
This subchapter shall be known and may be cited as the “Prostate Cancer Act of 1999”.
20-15-1602—Legislative findings.
(a) The General Assembly finds that:

(1) Prostate cancer is the most common cancer and the second leading cause of cancer death among men, causing approximately one hundred eighty-four thousand five hundred (184,500) new cases and approximately thirty-nine thousand two hundred (39,200) deaths in the United States annually. This means that approximately two thousand four hundred (2,400) Arkansas men will develop prostate cancer in any year and approximately five hundred (500) men will die of it;

(2) The elderly population and rural nature of Arkansas combine to make prostate cancer a greater problem here than in most states. Prostate cancer is rarely diagnosed in men younger than fifty (50) years of age, and the rate of prostate cancer increases faster with age than does any other malignancy. The median age of diagnosis is seventy-two (72) years. Men living in rural areas are diagnosed with higher-stage prostate cancer than men living in urban areas;

(3) In the United States, African-American men face a far greater risk from prostate cancer than do Caucasian-American men. Caucasian-American men will contract prostate cancer at a rate of one hundred forty-seven and three tenths (147.3) per one hundred thousand (100,000). African-American men will contract prostate cancer at a rate of two hundred twenty-two and nine tenths (222.9) per one hundred thousand (100,000). Caucasian-Americans will suffer twenty-three and seven tenths (23.7) deaths per one hundred thousand (100,000) from prostate cancer each year, while African-American men will suffer fifty-four and eight tenths (54.8) deaths per one hundred thousand (100,000);

(4) In Arkansas, twenty-seven percent (27%) of African-American men are over forty (40) years of age, and forty-seven percent (47%) live in rural areas. African-American men are less likely to participate in screening than men in other subpopulations despite the fact that they have an increased risk. Only forty-two percent (42%) of African-American men fifty (50) to seventy (70) years of age have undergone digital rectal examinations in their lifetimes, versus fifty-nine percent (59%) of Caucasian-American men in the same age range;

(5) Men who have prostate cancer detected in the earlier stages have significantly better five-year survival rates of ninety-four percent (94%), compared to those men who have their cancer diagnosed in advanced states, thirty percent (30%). Despite this positive statistical finding, widespread prostate cancer screening remains controversial because of the variability of the growth of the disease, the slow-growing nature of many prostate cancers, the limited accuracy of screening tests, and the significant side effects of treatment;

(6) About seven thousand (7,000) Americans were expected to get testicular cancer in 2001, with an estimated three hundred twenty-five (325) deaths. Compared with prostate cancer, testicular cancer is relatively rare. However, in men fifteen (15) to thirty-four (34) years of age, it ranks as the most common cancer. For unknown reasons, the disease is about four (4) times more common in Caucasian-American men than in African-American men;

(7) Only fifteen (15) years ago, a diagnosis of testicular cancer was grim news. Ten (10) times as many patients died then as now. But dramatic advances in therapeutic drugs in the last two (2) decades, along with improved diagnostics and better tests to gauge the extent of the disease, have boosted survival rates remarkably. Now, testicular cancer often is completely curable, especially if found and treated early. About seventy percent (70%) of men with advanced testicular cancer can be cured, according to the National Cancer Institute;

(8) Advocates of screening hope to save the lives of thousands of men dying of prostate cancer. Opponents of screening fear that needless suffering will result from the treatment of men with occult disease who are not destined to develop clinical symptoms;
(9)(A) The high death rate from prostate cancer in African-Americans suggests a need for special attention to reduce this mortality rate. In November 1997, the American Cancer Society, the National Cancer Institute, and the Centers for Disease Control and Prevention sponsored a leadership conference on prostate cancer. The resulting Prostate Cancer National Blueprint for Action calls for:

(i) Research in basic and behavioral science;
(ii) Health promotion and education based on science;
(iii) Education and support for patients; and
(iv) Public-policy action.

(B) The Prostate Cancer National Blueprint for Action also recommends that primary care practitioners be educated to interact with patients and participate in discussions that will lead to informed decisions; and

(10) The State of Arkansas should take the lead in combating prostate and testicular cancer because of our population's characteristics and the high risk of prostate and testicular cancer.

20-15-1603. Oversight Committee on Prostate and Testicular Cancer.
(a) The Oversight Committee on Prostate and Testicular Cancer is created and shall be composed of seven (7) members as follows:

(1) One (1) individual from the private medical community who shall be a practicing urologist, a practicing radiation therapist, or a practicing medical oncologist;
(2) One (1) faculty member from the Arkansas Cancer Research Center of the University of Arkansas for Medical Sciences;
(3) One (1) representative from the American Cancer Society;
(4) One (1) public health educator;
(5) The Director of the Division of Health of the Department of Health and Human Services or the director's designee; and
(6) Two (2) men's advocates, one (1) of whom shall be an African-American survivor of prostate or testicular cancer and one (1) of whom shall be a representative of the Arkansas Prostate Cancer Foundation.

(b) The plan shall provide coverage for professional liability for any long-term care providers licensed by the State of Arkansas.

(c) The plan shall provide insurance for long-term care providers, as set forth in this subchapter but shall not reduce or eliminate the liability of the long-term care providers for the matters covered by the plan other than to provide insurance therefor.

The governing board shall be composed of the following members:

(2) The making, filing, and approval authority of rates which are not excessive, inadequate, or unfairly discriminatory and policy forms applicable to the risks insured by the plan;
(3) The adjusting and processing of claims;

(10) Other matters as may be necessary and proper for the execution of the board's powers, duties, and obligations under this subchapter.

23-01-304. Coverages provided.
(a) The plan shall provide insurance for professional liability for long-term care providers for actual damages and noneconomic compensatory damages.
(b) The plan shall not provide coverage for punitive damages nor shall it cover such other standard exceptions in liability contracts.
(c) The risks assumed by the plan shall include the obligation to pay all actual damages, noneconomic compensatory damages, and costs of defense.
(d) The plan shall provide insurance on an occurrence basis, with limitations of one million dollars ($1,000,000) per occurrence and three million dollars ($3,000,000) annual aggregate, with such deductibles as shall be specified in the individual coverage contract.

(e) The plan administrator shall have the sole and exclusive right to defend all covered claims and to make all determinations as to settlement of covered claims.

23-91-305. Funding.

   (b) The plan shall be established and maintained through a periodic premium payment by the participants in an amount determined by the governing board of the plan to be sufficient to render the plan self-supporting and actuarially sound to fund the plan risks assumed by the plan and to fund expenses of the plan.
   (c) (1) Provision shall be made for adjustment of contributions for participants based on experience-rating adjustments for participants based on their loss experience.
   (2) The information provided to the plan for the purpose of making this determination shall be submitted in the form provided by the Insurance Commissioner. The form shall be confidential and not discoverable or admissible at trial, and no waiver of objection or privilege shall be implied from the submission, except that any document or fact contained in, or referred to, in such a submission which is otherwise discoverable or admissible under the prevailing rules of evidence shall continue to be discoverable or admissible notwithstanding the previous provisions of this subsection.

23-91-306. Information for individuals.
   The plan or its agent shall provide to any person seeking the insurance available in each plan information about the services prescribed in the plan, including full information on the requirements and procedures for participation in the plan.

   There shall be no liability on the part of and no cause of action shall arise against the Insurance Commissioner, the commissioner’s representatives, or any plan, its participants, or its employees for any good faith action taken by them in the performance of their powers and duties in creating any plan pursuant to this subchapter.

23-91-308. Rules and regulations.
   The Insurance Commissioner shall have the authority to promulgate rules and regulations consistent with this subchapter and necessary to effectuate the purpose of this subchapter.

23-91-309. Termination.
   (a) If the governing board finds after investigation that there is sufficient availability and competition in the marketplace, the governing board shall request that the Insurance Commissioner hold a public hearing to determine if it is in the best interest of Arkansas citizens to suspend operation of or dissolve the plan. If after the hearing the commissioner determines that there is sufficient availability and competition in the voluntary long-term care liability insurance market and it is in the best interest of Arkansas citizens, the commissioner may:
      (1) Suspend operations of the plan;
      (2) Suspend policy issuance by the plan; or
(3) Dissolve the plan.

(b) If the commissioner determines that funds remain in the plan after termination and all claims have been paid, the commissioner shall apportion the remaining funds among the participants in an equitable manner.
