(C) Beginning July 1, 2009, the excise tax rate levied in subdivision (a)(1)(A) of this section shall be imposed at the rate of two and seven-eighths percent (2.875%).

(3)(2) The taxes levied in this subsection (a) shall be distributed as follows:

(A) Seventy-six and six-tenths percent (76.6%) of the tax, interest, penalties, and costs received by the Director of the Department of Finance and Administration shall be deposited as general revenues;

(5)(4) The excise tax levied in this section shall be collected, reported, and paid in the same manner and at the same time as is prescribed by law for the collection, reporting, and payment of all other Arkansas gross receipts taxes.

SECTION 2. Arkansas Code § 26-53-148(a), concerning natural gas and electricity used by manufacturers, is amended to read as follows:

(a)(1)(A) Beginning July 1, 2007, in lieu of the tax levied in §§ 26-53-106 and 26-53-107(a)-(d), there is levied an excise tax on the sales price of natural gas and electricity purchased by a manufacturer for use directly in the actual manufacturing
process at the rate of four and three-eighths percent (4.375%).

(2)(B) Beginning July 1, 2008, and ending on June 30, 2009, the tax rate levied in subdivision (a)(1)(A) of this section shall be imposed at the rate of three and seven-eighths percent (3.875%).

(5)(4) The excise tax levied in this section shall be collected, reported, and paid in the same manner and at the same time as is prescribed by law for the collection, reporting, and payment of all other Arkansas compensating use taxes.

SECTION 3. EMERGENCY CLAUSE. It is found and determined by the General Assembly of the State of Arkansas that manufacturers in this state have suffered losses due to sharp increases in energy costs; that these manufacturers are unable to set the price for the products they produce and are particularly vulnerable to price volatility; that the current sales and use tax on utilities consumed by these manufacturers located within this state creates a competitive disadvantage; that this act is intended to address that problem by providing a reduced tax rate on utilities consumed by manufacturers located in this state; and that this act is necessary to prevent the loss of manufacturing jobs. Therefore, an emergency is declared to exist, and this act being necessary for the preservation of public peace, health, and safety shall become effective on July 1, 2009."

"SECTION 1: Arkansas Code § 26-52-319(a), concerning natural gas and electricity used by manufacturers, is amended to read as follows:

(a)(1) Beginning July 1, 2007, in lieu of the gross receipts or gross proceeds tax levied in §§ 26-52-301 and 26-52-302(a)-(d), there is levied an excise tax on the gross receipts or gross proceeds derived from the sale of natural gas and electricity to a manufacturer for use directly in the actual manufacturing process at the rate of four and three-eighths percent (4.375%).

(2) Beginning July 1, 2008, the tax rate levied in subdivision (a)(1) of this section shall be imposed at the rate of three and seven-eighths percent (3.875%).

(3)(A) Beginning July 1, 2009, the tax rate levied in subdivision (a)(1) of this section shall be imposed at the rate of three and one-eighth percent (3.125%).

(B)(i) The Director of the Department of Finance and Administration shall monitor the amount of tax savings received by all taxpayers as a result of the reduction in the tax rate from that levied in §§ 26-52-301 and 26-52-302 to that levied in subdivision (a)(3)(A) of this section.

(ii) When the director determines that the amount of tax savings resulting from the determination described in subdivision (a)(3)(B)(i) of this section plus any use tax savings described in § 26-53-148(a)(3)(B) would reach twenty-seven million dollars ($27,000,000) during a fiscal year, the director shall not process any further refund claims through a refund process during the fiscal year for taxpayers seeking to claim the reduced tax rate provided by this section. The amount of twenty-seven million dollars ($27,000,000) is intended to cover the accumulated but unclaimed reduction of sales and use tax on natural gas and electricity as provided by Act 185 of 2007 (Ark. Code 26-52-319 and Ark. Code 26-53-148) as well as the additional reduction provided by this Act.

(iii) If the director determines that discontinuing refund payments, as provided in subdivision (a)(3)(B)(ii) of this section, is insufficient to prevent the amount of tax savings from exceeding twenty-seven million dollars ($27,000,000) during a fiscal year, the director may decline to accept any amended return filed by a taxpayer to claim an overpayment resulting from the reduced tax rate provided by this section, for a period other than the period for which a tax return is currently due.

(C)(i) Refund requests and amended returns filed with the director to claim the overpayment resulting from the reduced rate in subdivision (a)(3)(A) of this section shall be processed in the order they are received by the Director. A taxpayer that does not receive a refund after the refund and amended return process has ceased under subdivision (a)(3)(B) of this section shall be given priority to receive a refund during the subsequent fiscal year. The unpaid refunds..."
from the prior fiscal year shall be processed before any refund claims filed in the current fiscal year to claim the benefit of this section.

(ii) The statute of limitations for refunds and amended returns under § 26-18-306(h)(ii)(A) is extended for one (1) year to allow the payment of a refund under the process provided in subdivision (a)(3)(C)(i) of this section.

(3) The taxes levied in this subsection (a) shall be distributed as follows:

(A) Seventy-six and six-tenths percent (76.6%) of the tax, interest, penalties, and costs received by the Director of the Department of Finance and Administration shall be deposited as general revenues;

(B) Eight and five-tenths percent (8.5%) of the tax, interest, penalties, and costs received by the director shall be deposited into the Property Tax Relief Trust Fund; and

(C) Fourteen and nine-tenths percent (14.9%) of the tax, interest, penalties, and costs received by the director shall be deposited into the Educational Adequacy Fund.

(4) The excise tax levied in this section applies only to natural gas and electricity sold for use directly in the actual manufacturing process.

(B) Natural gas and electricity sold for any other purpose shall be subject to the full gross receipts or gross proceeds tax levied under §§ 26-52-301 and 26-52-302(a)-(d).

(5) The excise tax levied in this section shall be collected, reported, and paid in the same manner and at the same time as is prescribed by law for the collection, reporting, and payment of all other Arkansas gross receipts taxes.

SECTION 2. Arkansas Code § 26-53-148 is amended to read as follows:

(a)(1) Beginning July 1, 2007, in lieu of the tax levied in §§ 26-53-106 and 26-53-107(a)-(d), there is levied an excise tax on the sales price of natural gas and electricity purchased by a manufacturer for use directly in the actual manufacturing process at the rate of four and three-eighths percent (4.375%).

(2) Beginning July 1, 2008, the tax rate levied in subdivision (a)(1) of this section shall be imposed at the rate of three and seven-eighths percent (3.875%).

(3)(A) Beginning July 1, 2009, the tax rate levied in subdivision (a)(1) of this section shall be imposed at the rate of three and one-eighth percent (3.125%).

(B)(i) The Director of the Department of Finance and Administration shall monitor the amount of tax savings received by all taxpayers as a result of the reduction in the tax rate from that levied in §§ 26-53-106 and 26-53-107 to that levied in subdivision (a)(3)(A) of this section.

(ii) When the director determines that the amount of tax savings resulting from the determination described in subdivision (a)(3)(B)(i) of this section plus any gross receipts tax savings described in § 26-52-319(a)(3)(B) would reach twenty-seven million dollars ($27,000,000) during a fiscal year, the director shall not process any further refund claims through a refund process during the fiscal year for taxpayers seeking to claim the reduced tax rate provided by this section.

The amount of twenty-seven million dollars ($27,000,000) is intended to cover the accumulated but unclaimed reduction of sales and use tax on natural gas and electricity as provided by Act 185 of 2007 (Ark. Code 26-52-319 and Ark. Code 26-53-148) as well as the additional reduction provided by this section.

(iii) If the director determines that discontinuing refund payments, as provided in subdivision (A)(3)(B)(ii) of this section, is insufficient to prevent the amount of tax savings from exceeding twenty-seven million dollars ($27,000,000) during a fiscal year, the director may decline to accept any amended return filed by a taxpayer to claim an overpayment resulting from the reduced tax rate provided by this section, for a period other than the period for which a tax return
is currently due.

(C)(i) Refund requests and amended returns filed with the Director of the Department of Finance to claim the overpayment resulting from the reduced rate in subdivision (a)(3)(A) of this section will be processed in the order they are received by the director. A taxpayer that does not receive a refund after the refund and amended return process has ceased under subdivision (a)(3)(B) of this section shall be given priority to receive a refund during the subsequent fiscal year. The unpaid refunds from the prior fiscal year shall be processed before any refund claims filed in the current fiscal year to claim the benefit of this section.

(ii) The statute of limitations for refunds and amended returns under § 26-18-306(h)(1)(A) is extended for one (1) year to allow the payment of a refund under the process provided in subdivision (a)(3)(C)(i) of this section.

(3)(4) The taxes levied in subsection (a) of this section shall be distributed as follows:

(A) Seventy-six and six-tenths percent (76.6%) of the tax, interest, penalties, and costs received by the Director of the Department of Finance and Administration shall be deposited as general revenues;

(B) Eight and five-tenths percent (8.5%) of the tax, interest, penalties, and costs received by the director shall be deposited into the Property Tax Relief Trust Fund; and

(C) Fourteen and nine-tenths percent (14.9%) of the tax, interest, penalties, and costs received by the director shall be deposited into the Educational Adequacy Fund.

(4)(5)(A) The excise tax levied in this section applies only to natural gas and electricity purchased for use directly in the actual manufacturing process.

(B) Natural gas and electricity purchased for any other purpose shall be subject to the full compensating use tax levied under §§ 26-53-106 and 26-53-107(a)-(d).

(5)(6) The excise tax levied in this section shall be collected, reported, and paid in the same manner and at the same time as is prescribed by law for the collection, reporting, and payment of all other Arkansas compensating use taxes.

SECTION 3. EMERGENCY CLAUSE. It is found and determined by the General Assembly that manufacturers in this state have suffered losses due to sharp increases in energy costs; that these manufacturers are unable to set the price for the products they produce and are particularly vulnerable to price volatility; that the current sales and use tax on utilities consumed by these manufacturers located within this state creates a competitive disadvantage; that this act is intended to address that problem by providing a reduced tax rate on utilities consumed by manufacturers located in this state; and that this act is necessary to prevent the loss of manufacturing jobs. Therefore, an emergency is hereby declared to exist and this act being necessary for the preservation of public peace, health, and safety shall become effective on July 1, 2009."

(E)(i) In the event that readily available records fail to disclose the name of the owner of the vehicle, implement, or piece of machinery or any lienholder of record, the towing and storage firm shall perform a good faith search to locate documents or other evidence of ownership and lienholder information on or within the unattended or abandoned vehicle, implement, or piece of machinery.

(ii) For purposes of this subsection, a "good faith search" means that the towing and storage firm checks the unattended or abandoned vehicle, implement, or piece of machinery for any type of license plate, license plate record, temporary permit, inspection sticker, decal, or other evidence that indicates a possible state of registration and title or other information related to the owner.

(3)(A)(i) Following removal of an abandoned vehicle or vehicle parked without authority, possession of the vehicle, notice requirements to owners and lienholders, and procedures for sale of unclaimed vehicles shall be governed by the provisions of §§ 27-50-1208 — 27-50-1210.

(3) Each The removal of each vehicle, implement, or piece of machinery removal in violation of this section shall constitute a distinct and separate offense.

SECTION 2. EMERGENCY CLAUSE. It is found and determined by the General Assembly of the State of Arkansas that there are issues related to towing and storage that have arisen that call into question the adequacy of state law; that there have been numerous incidents where a vehicle, implement, or piece of machinery was towed from an area that lacked proper signage to provide notice to the operator that parking was prohibited; that property owners have had vehicles, implements, or pieces of machinery removed to distant locations from the area in which found abandoned or improperly parked; and that, as a result, the towing and storage charges exceeded the usual and customary amount in the community; and this act is immediately necessary so that a city of the first class, city of the second
class, or incorporated town can enact ordinances to regulate the property owners and to protect the health and safety of their citizens related to towing and storage. Therefore, an emergency is declared to exist and this act being immediately necessary for the preservation of the public peace, health, and safety shall become effective on:

1. The date of its approval by the Governor;
2. If the bill is neither approved nor vetoed by the Governor, the expiration of the period of time during which the Governor may veto the bill; or
3. If the bill is vetoed by the Governor and the veto is overridden, the date the last house overrides the veto.

ARKANSAS SENATE
EIGHTY-SEVENTH GENERAL ASSEMBLY
REGULAR SESSION
Amendment No. 2 to SENATE BILL NO. 897

Amend Senate Bill No. 897, as engrossed, S3/11/09:
Delete all language after the enacting clause and substitute:

"SECTION 1. Arkansas Code Title 14, Chapter 16, is amended to add an additional subchapter to read as follows:

Subchapter 8
— Preservation of Local Public Roads Act.

14-16-801. Title.
This subchapter shall be known and may be cited as the "Preservation of Local Public Roads Act".

14-16-802. Purpose.
The purpose of this subchapter is to provide a procedure for addressing the anticipated damage to county roads caused by disposal hauling operations related to oil or gas exploration and to provide compensation for the anticipated damage to the roads from disposal haulers.

14-16-803. Definitions.
As used in this subchapter:
(1) "Designated local road truck route" means a local public road established by the county judge as the route to be used by disposal haulers to transport materials and production fluids related to oil or gas exploration to and from a disposal facility;
(2) "Disposal facility" means a surface or injection well disposal facility designated for the disposal of materials and production fluids related to oil or gas exploration that is located on or off of a local public road in the state;
(3) "Disposal hauler" means the driver, owner, or operator of a motor vehicle that is engaged in hauling materials or production fluids related to oil or gas exploration to a disposal facility;
(4) "Disposal operator" means the owner, manager, or operator of a disposal facility;
(5)(A) "Local public road" means any public road that lies between the disposal facility and a road, street, or highway that is part of the state highway system.
(B) "Local public road" does not include a road, street, or highway that is part of the state highway system; and
(6) "Road maintenance agreement" means an agreement between the county and a disposal operator regarding compensation for damages caused by disposal haulers to any designated local road truck route.

14-16-804. Evaluation by county judge."
(a) Notwithstanding any other procedure or authority available under law, if a county does not have a road maintenance agreement, the county judge may use the procedures under this section to evaluate the use and anticipated damage caused to local public roads in the county by disposal haulers.

(b) As part of the evaluation process, the county judge may:
   1. Receive and consider input from disposal operators on the designated local road truck route;
   2. Estimate the number of loads and damages to be sustained upon the designated local road truck route by disposal haulers;
   3. Estimate the total dedicated road revenues available to the county on average per-mile basis for all of the local public roads in his or her respective county; and
   4. Estimate the additional revenue that may be necessary to repair and maintain the designated local road truck route because of anticipated damages.

(c) A county judge who has performed an evaluation under this section may file a report of the evaluation determinations with the quorum court.

(a) A county judge who has performed an evaluation under § 14-16-804 may submit to the quorum court a recommendation that an assessment be made by the county in the form of a proposed assessment ordinance as provided under this section.

(b)(1) The proposed assessment ordinance shall include the amount that the county judge recommends to be assessed on a per-load basis for each load that is transported by a disposal hauler to a disposal facility.
   2. The maximum amount of the assessment in the proposed assessment ordinance is five dollars ($5.00) per load of materials or production fluids from oil or gas exploration.

   (c) The proposed assessment ordinance shall include a penalty as provided under § 14-16-808.

14-16-806. Assessment ordinance — Collection.
(a) If a quorum court enacts the proposed assessment ordinance recommended by the county judge under § 14-16-805, the assessment ordinance:
   1. Is limited to a maximum amount of five dollars ($5.00) per load of materials or production fluids from oil or gas exploration; and
   2. Shall include a penalty as provided under § 14-16-808.

(b)(1) If a quorum court enacts an assessment ordinance under this subchapter, the assessment shall be collected by the disposal operator and remitted to the county treasurer on a monthly basis as provided in the ordinance.
   2. All revenue generated by this assessment shall be used exclusively to maintain and repair the designated local road truck route.

14-16-807. Oversight.
(a) If a county judge makes recommendations under this subchapter, the county judge shall annually review his or her evaluation and recommendations as provided under this subchapter.

(b) If there is a significant change in conditions, the county judge shall file a revised evaluation and revised recommendations for consideration by the quorum court using the same procedures under which the original evaluation and recommendations were made under this subchapter.

14-16-808. Penalties.
The quorum court may provide penalties for the violation of an ordinance enacted under this subchapter to include a fine to be levied:
   1. For the failure of a disposal hauler to follow the designated local road truck route; and
(2) Against a disposal operator who fails to comply with § 14-16-806(b).

SECTION 2. EMERGENCY CLAUSE. It is found and determined by the General Assembly of the State of Arkansas that while oil or gas exploration has stimulated Arkansas's economy, the hauling operations for the disposal of materials and production fluids from oil or gas operations require the hauling of heavy loads that cause damage to roads; that the costs of repairing, resurfacing, and maintaining roads has increased dramatically in the last two (2) years, while many counties are facing declining revenue collections; and that this act is immediately necessary to provide a uniform procedure for counties that do not have road maintenance agreements with disposal haulers and disposal operators to use to ensure that adequate revenue is available to make repairs necessary to local public roads. Therefore, an emergency is declared to exist and this act being immediately necessary for the preservation of the public peace, health, and safety shall become effective on:

(1) The date of its approval by the Governor;
(2) If the bill is neither approved nor vetoed by the Governor, the expiration of the period of time during which the Governor may veto the bill; or
(3) If the bill is vetoed by the Governor and the veto is overridden, the date the last house overrides the veto."

It is found and determined by the General Assembly of the State of Arkansas that there is uncertainty in the calculation of average daily membership when it comes to the administrative consolidation list; that school districts may be unfairly placed on the administrative consolidation list which causes a great deal of anxiety among parents, students, school district employees and communities; and that this act is immediately necessary to ensure that the factors that must be met for a school district to be placed on the administrative consolidation list are clear and understandable. Therefore, an emergency is declared to exist and this act being immediately necessary for the preservation of the public peace, health, and safety shall become effective on:

"SECTION 1. Section 1 of Act 190 of 2009 is repealed.

SECTION 1. Arkansas Code Title 18, Chapter 16, Subchapter 1 is amended to add an additional section to read as follows:

18-16-105. Termination of oral lease of farmlands.

The owner of farmlands that are rented or leased under an oral rental or lease agreement may elect not to renew the oral rental or lease agreement for the following calendar year by giving written notice by certified mail to the renter or
lessee on or before June 30 that the oral rental or lease agreement will not be renewed for the following calendar year.

SECTION 2. Arkansas Code Title 18, Chapter 16, Subchapter 1 is amended to add an additional section to read as follows:

18-16-105. Termination of oral lease of farmlands. The owner of farmlands that are rented or leased under an oral rental or lease agreement may elect not to renew the oral rental or lease agreement for the following calendar year by giving written notice by certified mail to the renter or lessee on or before June 30 that the oral rental or lease agreement will not be renewed for the following calendar year.

SECTION 3. EMERGENCY CLAUSE. It is found and determined by the General Assembly of the State of Arkansas that the traditional deadline for notice of the termination of a lease for the next crop year is June 30; that farmers operating under an oral lease are currently vulnerable to a demand for the surrender of their land; that the certainty of a farm lease of lands is necessary before the purchase of seed, fertilizer, equipment replacement, determination of the amount of a production loan, and advanced planning required for farming operations; and that this act will provide the necessary certainty to permit efficient farming operations. Therefore, an emergency is declared to exist and this act being immediately necessary for the preservation of the public peace, health, and safety shall become effective on:

(1) The date of its approval by the Governor;
(2) If the bill is neither approved nor vetoed by the Governor, the expiration of the period of time during which the Governor may veto the bill; or
(3) If the bill is vetoed by the Governor and the veto is overridden, the date the last house overrides the veto.

ARKANSAS SENATE
EIGHTY-SEVENTH GENERAL ASSEMBLY
REGULAR SESSION
Amendment No. 1 to SENATE BILL NO. 903

Amend Senate Bill No. 903 as originally introduced:

Delete Section 1 and substitute the following:

"SECTION 1. Arkansas Code Title 6, Chapter 18, is amended to add an additional subchapter to read as follows:

6-18-1701. Title.
This subchapter shall be known as the “International Student Exchange Visitor Placement Organization Registration Act”.

6-18-1702. Legislative findings.
The General Assembly finds that:

(1) Many international student exchange visitor placement organizations have been established to provide students from other countries the opportunity to share their histories, languages, and cultures with their counterparts in this state;

(2) International exchange programs give the state’s students and school faculty the opportunity to share their histories, languages, and cultures with foreign students;

(3) Arkansas’s own former United States Senator James William Fulbright championed efforts to establish international exchange programs, the most famous of which bears his name, the "Fulbright Fellowships"; and

(4) This subchapter is necessary to provide a registration procedure and process for these organizations in order to make information concerning these organizations accessible to the people of Arkansas.

As used in this subchapter:

(1) "International student exchange visitor placement organization" or "organization" means a person, partnership, corporation, or other entity that regularly arranges the placement of international student exchange visitors for the purpose, in whole or in part, of allowing the student an opportunity to attend school in the United States; and

(2) "Representative" means a natural person who is responsible on behalf of an international student exchange visitor placement organization for:

(A) The selection of a suitable host family for the placement of a foreign exchange student;

(B) The enrollment of a foreign exchange student in a local public or private school; and
(C) The periodic monitoring of the foreign exchange student and his or her living conditions and educational progress.

6-18-1704. Compliance required.
An international student exchange visitor placement organization shall not place a foreign exchange student with a host family or in a public or private school in this state without complying with this subchapter.

6-18-1705. Rules.
The Secretary of State shall adopt by rule necessary regulations concerning the registration of international student exchange visitor placement organizations for the implementation of this subchapter.

6-18-1706. International student exchange visitor placement organization - Registration.
(a)(1)(A) An international student exchange visitor placement organization that proposes to place a foreign exchange student in a public or private school in this state shall submit an application for a certificate of registration with the Secretary of State by January 1 immediately preceding the next regular school year in which the organization proposes to place a foreign exchange student.

(B) The Secretary of State shall issue a certificate of registration to the organization by February 1 if the application is in order, otherwise the application shall be returned to the organization with resubmission instructions.

(2)(A) For the purpose of service of process and service of notices, an international student exchange visitor placement organization shall provide the name, address, and telephone number of an officer or employee of the organization authorized to receive and accept service of process and service of notices.

(B) If service of process and service of notices cannot be reasonably given to the officer as provided by the organization, service of process and service of notices shall be effected by service upon the Secretary of State who shall make a reasonable effort to contact and provide any process and notices to the organization.

(b) An application for registration as an international student exchange visitor placement organization shall be submitted in the form prescribed by the Secretary of State. The application shall include:

(1) The name, address, and telephone number of the organization, its chief executive officer, and the person within the organization who has primary responsibility for supervising placements within the state.

(2) The organization's unified business identification number if any;

(3) Evidence of Council on Standards for International Educational Travel listing if any;

(4) The organization’s federal income tax exemption status;

(5) A statement of compliance declaring that all monetary and nonmonetary compensation paid to employees who are residents of Arkansas has been reported in accordance with current state income tax law.

(6) A list of the organization's placements in Arkansas for the previous academic year, including the number of students placed, their home countries, the school districts in which they were placed if placed in a public school or the private school in which they were placed, and the length of time of their placements;

(7) The organization’s most recent brochure describing its programs;

(8) Evidence of the organization’s health and accident insurance;

(9) The names, addresses, and telephone numbers of the organization’s local representatives for Arkansas; and

(10) Any other information the Secretary of State determines is necessary for his or her examination of the request by the organization.
(c) The application must be signed by the chief executive officer of the organization and the person within the organization who has primary responsibility for supervising placements within Arkansas.
