Dear Ms. Cornwell: 

Pursuant to Senate Rule 24, I am disclosing a relationship I have with South Arkansas Youth Services, Inc. I represented South Arkansas Youth Services, Inc. as they attempted to secure a contract with the DHS (Division of Youth Services).  

I recently protested the DHS-DYS decision to award the contract to another provider. The contract will be under review by the appropriate legislative committee for subsequent approval.  

Please see that this disclosure is entered in the Senate Journal of the 91st General Assembly.  

Sincerely,  
s/Jeremy Hutchinson

BY: REPRESENTATIVES BALLINGER, WOMACK, GONZALES, BROWN, SULLIVAN, M. GRAY, PAYTON, MILLER, DROWN, BENTLEY, LUNDSTRUM, J. WILLIAMS, MCCOLLUM, DOTSON

SENATE JOINT RESOLUTION - APPLYING TO THE UNITED STATES CONGRESS TO CALL A CONVENTION FOR PROPOSING AMENDMENTS PURSUANT TO ARTICLE V OF THE UNITED STATES CONSTITUTION, LIMITED TO PROPOSING AMENDMENTS THAT IMPOSE FISCAL RESTRAINTS ON THE FEDERAL GOVERNMENT, LIMIT THE POWER AND JURISDICTION OF THE FEDERAL GOVERNMENT, AND LIMIT THE TERMS OF OFFICE FOR ITS OFFICIALS AND FOR MEMBERS OF THE UNITED STATES CONGRESS.
BY: SENATORS G. STUBBLEFIELD, HESTER, BLEDSOE, RICE, A. CLARK, FLIPPO, COLLINS-SMITH, RAPERT
BY: REPRESENTATIVES BALLINGER, WOMACK, GONZALES, BROWN, SULLIVAN, M. GRAY, PAYTON, MILLER, DROWN, BENTLEY, LUNDSTRUM, J. WILLIAMS, MCCOLLUM, DOTSON
WHEREAS, the founders of the United States Constitution empowered state legislators to be guardians of liberty against excessive use of power by the federal government; and

WHEREAS, the federal government has created a crushing national debt through improper and imprudent spending; and

WHEREAS, the federal government has ceased to operate under a proper interpretation of the United States Constitution; and

WHEREAS, the federal government has invaded the legitimate roles of the states through the manipulative process of federal mandates, most of which are unfunded to a great extent; and

WHEREAS, it is the solemn duty of the states to protect the liberty of our people, particularly for the generations to come, by proposing amendments to the United States Constitution through a convention of the states under Article V of the United States Constitution for the purpose of restraining these and related abuses of power,

NOW THEREFORE,
BE IT RESOLVED BY THE SENATE OF THE NINETY-FIRST GENERAL ASSEMBLY OF THE STATE OF ARKANSAS AND BY THE HOUSE OF REPRESENTATIVES, A MAJORITY OF ALL MEMBERS ELECTED TO EACH HOUSE AGREING THERETO:

THAT the General Assembly hereby applies to the United States Congress, under the provisions of Article V of the United States Constitution, for the calling of a convention of the states limited to proposing amendments to the United States Constitution that impose fiscal restraints on the federal government, limit the power and jurisdiction of the federal government, and limit the terms of office for its officials and for members of the United States Congress.

BE IT FURTHER RESOLVED THAT the Secretary of the Senate is hereby directed to transmit copies of this application to the President of the United States Senate, the Secretary of the United States Senate, the Speaker of the United States House of Representatives, the Clerk of the United States House of Representatives, the members of the Arkansas congressional delegation, and the presiding officers of each house of the legislatures in the several states, requesting their cooperation.

BE IT FURTHER RESOLVED THAT this application constitutes a continuing application in accordance with Article V of the United States Constitution until the legislatures of at least two-thirds (2/3) of the several states have made applications on the same subject.
BE IT FURTHER RESOLVED THAT the General Assembly adopts this application expressly subject to the following reservations, understandings, and declarations:

(1) An application to the United States Congress to call an amendment convention of the states pursuant to Article V of the United States Constitution confers no power to the United States Congress other than the power to call such a convention. The power of the United States Congress to exercise this ministerial duty consists solely of the authority to name a reasonable time and place for the initial meeting of a convention;

(2) The United States Congress shall perform its ministerial duty of calling an amendment convention of the states only upon the receipt of applications for an amendment convention for the substantially same purpose as this application from two-thirds (2/3) of the legislatures of the several states;

(3) The United States Congress does not have the power or authority to determine any rules for the governing of a convention for proposing amendments called pursuant to Article V of the United States Constitution. The United States Congress does not have the power to set the number of delegates to be sent by any state to such a convention, nor does it have the power to name delegates to such a convention. The power to name delegates remains exclusively within the authority of the legislatures of the several states;

(4) By definition, an amendment convention of the states means that states shall vote on the basis of one (1) state, one (1) vote;

(5) A convention for proposing amendments convened pursuant to this application shall be limited to consideration of the topics specified herein and no other. This application is made with the express understanding that an amendment that in any way seeks to amend, modify, or repeal any provision of the Bill of Rights of the United States Constitution shall not be authorized for consideration at any stage. This application shall be void ab initio if ever used at any stage to consider any change to any provision of the Bill of Rights of the United States Constitution;

(6) Pursuant to Article V of the United States Constitution, the United States Congress may determine whether proposed amendments shall be ratified by the legislatures of the several states or by special state ratification conventions. The General Assembly recommends that the United States Congress select ratification by the legislatures of the several states; and

(7) The General Assembly may provide further instructions to its delegates and may recall its delegates at any time for a breach of a duty or a violation of the instructions provided.

11. Remarks by the Governor of the State of Arkansas.
Thank you, and I salute you as well. It is good to be back with you.

Mr. Lieutenant Governor, President Dismang, Speaker Gillam, Members of the General Assembly, Mr. Chief Justice, Members of the Court—I see Cabinet Members here as well that are key parts of my administration.

This is an occasion that is meaningful to me, personally, but it is also significant for the state of Arkansas because we are gathered together as Arkansans, as people who are devoted to the public good. And so, those of you who are new here, congratulations. Those of you who are returning, congratulations—and I’ll tell you, there are surprises in both categories.

I also see our constitutional officers that are here, and that makes this a particularly auspicious occasion to kick off the 91st Session of the General Assembly.

Another year is upon us, and the year 2017 brings historic opportunities for our state and the people we serve.

Speaking of history, 50 years ago today on January 10, 1967, Winthrop Rockefeller was inaugurated as the 37th Governor of Arkansas. In addressing the 67th General Assembly, he said this:

“It is true that you have been allotted an unusual moment in the history of Arkansas, as have I... a moment subject to special scrutiny... laden with special challenges... and rich with special opportunities. I believe that together we can become worthy of the moment.”

Today, ladies and gentleman, we have our own moment in history and we can only be worthy of this moment if we work together.

We, together, have been chosen by the people of Arkansas to govern and to lead in three, coequal branches of government—all represented here today. And we must govern and lead, not only with a spirit of cooperation, but within the context of our time—our time in history.

And what defines our time in history? Our place in history is defined—I think you will agree—by change.

Every generation faces change, but in today’s world though, the change comes at a faster clip than ever before. Our time of change includes the exponential growth and unbounded potential of technology, the persistent challenge of terrorism, the competitive and ever-evolving global market place, and, quite frankly, the reduced level of confidence in our institutions of government.

All of this, all of this change impacts us here in Arkansas. But while change defines our place in history, we must not be driven by the wind. We must be anchored and confident that our character and values will shape the future of Arkansas and the decisions we make as leaders.
Most certainly, there is not a more exciting time to be an Arkansan. The state of our state, I’m happy to report, is exceptional.

We are growing in terms of people who call Arkansas their home. I expect this year that we will cross the three million mark in population. While some states are enduring out migration, we are enjoying a growth surge. This movement of people to our state is important to our economy and for our international companies that depend upon the ability to attract and retain the best talent in the world.

Last year’s economy grew at a faster pace than three-fourths of the states. Our unemployment rate was significantly lower than the national average and wage rates are going up. Our per capita income increased faster than the national average, as well.

We have more people working today than at any time in history. In fact, 55,000 more Arkansans have jobs today than two years ago. At the same time, people are going to work. Those dependent upon those safety net features appropriately in our society, from SNAP benefits to others, there has been a reduction in food stamp benefit recipients by over 50,000 since 2015. That means we are progressing in our economy.

And we are attracting more visitors to the Natural State than ever before. People want to come here, and entrepreneurs and companies want to locate here.

Companies are locating and expanding in Arkansas from Sig Sauer in Jacksonville to Sun Paper in Arkadelphia; from Metova in Conway to Mars Pet Care in Fort Smith; from FMH Conveyors in Jonesboro to JB Hunt Trucking in Rogers. Yes, we are creating jobs in Arkansas. And we are also, together, working to accomplish other objectives.

We provided a $100 million middle class tax cut. We have moved Arkansas to number one in the nation in computer science education and we have started changing the way we run state government by focusing on efficiency and service.

And with all the change in and out of Arkansas, we need to make sure that Arkansas plays a leading role in shaping the future.

As more authority is returned to the states in the areas of education and healthcare, we have a unique opportunity to innovate, reinforce the important values of work and responsibility, and to assure equal and excellent world class education to every child in Arkansas.

We help shape the global economy because we are global leaders in agriculture, medicine, retailing, manufacturing and energy. Our voice is experienced, it is strong and needs to be heard. We are in a position to shape the global marketplace. We do this through engagement, by education and exchange.

Consistent with these goals, my administration will continue to pursue international opportunities for Arkansas in manufacturing, agriculture, technology and tourism. At the same time, we will seek foreign direct investment to create jobs, boost our economy and capitalize on the central location of our state.

To accomplish these goals, I’m asking for your help. Thank you for your continued support of our economic development mission, and our efforts both here and abroad.
I am committed to devoting my time and energy to these efforts, because it makes a difference for our state every day. But there are other agenda items.

First, one of the goals of this administration is to improve the performance and efficiency of state government. We need to eliminate unnecessary boards and commissions, and we need to realign a number of state agencies in order to wisely use taxpayer money and better provide services to the people of Arkansas.

Secondly, we must improve the way we fund higher education. Let’s base the dollars to higher education, not on the number of students enrolled, but upon the educational progress of the students. And so I ask you to support the new legislation that will create a new funding formula for higher education, and that you will help support the additional funding necessary to implement that higher education funding formula.

Thirdly, we should resolve to reform our tax code. We need to lower our state income tax rate and be more competitive with our surrounding states.

If you pass the $50 million tax cut for those Arkansans making below $21,000, then you will provide additional tax relief for more than 600,000 Arkansans. When this is combined with the Middle Income Tax Relief of 2015, then we, together, will have reduced the tax burden for more than 90% of Arkansas taxpayers.

Yes, that means there’s more to do. I pledge to continue down the path of lowering the income tax rate for all Arkansans. And when it comes to our military personnel, when they retire, I want them to know that we will not tax their retirement income.

Many of you advocated for this in 2015, and I applaud your leadership. But this is tax relief that has to be paid for, and it will be. The tax reduction for the retired military will be 100% paid for by ending or reducing three exemptions that I have previously identified.

Now, I know that some of you say, well, this is not enough and that we need to have a more comprehensive tax reform package. I agree with you. We need a specific plan for the future so that the public knows the direction we are heading and how we can get there. My goal from the beginning has been to reduce the overall high income tax rate in Arkansas and to do it for all Arkansans.

Today, I am asking your support for a **Blue Ribbon Legislative Task Force** to be created and directed to recommend further reform. The priority goals are fairness, competition, simplification and economic growth. The focus of the plan is to reduce the high income tax rates in Arkansas. We need to have a plan to reduce the tax rate over time to a more competitive level. Let’s create that task force, and I ask your support.

Fourthly, we also need to assure opportunity for the next generation. This includes those who wish to go to college, those who choose to pursue a career—whether welding or construction—and those who feel left out through no fault of their own.

It is essential that we, as a state, give every high school student a simple promise: If you pursue a high need job skill or degree, then we will assure you that all your tuition and mandatory fees will be paid through a two-year college program or technical school.

It is a simple promise with a big return for our state and the next generation. It is called ArFuture Grants and it will require a mentoring program for the student. It will require working in the state for three years after college. But it will be created
with existing program funds and used in combination with other education funds that are already available.

Because of ArFutures, it will be not only possible, but practical, for a student to get two-year degree or certificate without any student debt.

Let’s not leave anyone behind, and that is why I am asking your support for a higher level of funding, also, for our foster children in Arkansas. We need to improve the system. We need to adequately provide for our foster children that are in our care. We need to address their needs, and hopefully, provide a way out and restore family relationships. But we need to provide the additional funding that is being requested in the budget.

We need to remember the needs of those on the disability waiting list that have been there far too long. They are in need of more service, and so I am asking that you redirect a portion of the tobacco settlement funds, to reduce that waiting list by at least 500 as a step in the right direction in a faith commitment to those who are in need.

I ask you also to remember those who are challenged with mental illness. I’ve asked for $5 million to be set aside in the budget for Mental Health Stabilization Centers and crisis intervention training. That will be a start in helping our law enforcement community and those who deal with crisis circumstances to identify mental illness, to identify the help that is needed and to provide that help.

We need to continue looking at our criminal justice system in this state to assure that our incarceration policies are right—to assure that our policy is balanced between public safely and giving those a second chance in life who have fulfilled their responsibilities to society.

And so, I can say that in my life, I have lived the Arkansas Dream.

I was raised on a farm in Northwest Arkansas by parents who did not have much but believed we had everything important: family, faith and opportunity.

Let me conclude by reaffirming a commitment Governor Rockefeller made to the people of Arkansas at that historic changing moment in history 50 years ago:

“Now is not the time for party politics. I was elected by Republicans, Democrats and Independents by people of all races and all creeds, from all walks of life. As Governor of Arkansas, I intend to represent all, and so I dedicate my administration to the people of Arkansas.”

Today, I am honored to serve as Governor of Arkansas for all the people of this state. May God bless each of us as we work to make sure the Arkansas Dream that I experienced is possible for everyone.

Thank you, and God bless this assembly.

"SECTION 1. DO NOT CODIFY. Findings and legislative intent.
(a) The General Assembly finds that:
(1) The decision of the United States Court of Appeals, Eighth Circuit, in Munson v. Gilliam, 543 F.2d 48 (8th Cir. 1976), and the decision of the Arkansas Supreme Court in Duhon v. State, 299 Ark. 503, 774 S.W.2d 830 (Ark. 1989), upheld the constitutionality of Ark Code § 18-16-101;
(3) In January 2015, the Circuit Court of Pulaski County, in State of Arkansas v. Artoria Smith, Case No. CR 2014-2707, ruled that Ark. Code § 18-16-101, as amended, is unconstitutional; and
(4) It is in the best interests of the people of the State of Arkansas for property owners to continue to have remedies against tenants who fail to pay rent for a dwelling house or other building but refuse to surrender possession of the dwelling house or other building.
(b) It is the intent of the General Assembly by this act to amend Ark. Code § 18-16-101 so that the language of Ark. Code § 18-16-101 is exactly as was previously in effect when Ark. Code § 18-16-101 was upheld as constitutional in the Munson and Duhon decisions, and to eliminate the amendments to Ark. Code Ann. § 18-16-101 that were found to be unconstitutional in the Smith decision.

SECTION 2. Arkansas Code § 18-16-101 is amended to read as follows:

18-16-101. Failure to pay rent — Refusal to vacate upon notice — Penalty.

(a) Any person who shall rent any dwelling house or other building or any land situated in the State of Arkansas and who shall refuse or fail to pay the rent therefor when due according to contract shall at once forfeit all right to longer occupy the dwelling house or other building or land.

(b)(1) If, after ten (10) days' notice in writing shall have been given by the landlord or the landlord's agent or attorney to the tenant to vacate the dwelling house or other building or land, the tenant shall willfully refuse to vacate and surrender the possession of the premises to the landlord or the landlord's agent or attorney, the tenant shall be guilty of a misdemeanor.

(2)(A) Upon conviction before any justice of the peace or other court of competent jurisdiction in the county where the premises are situated, the tenant shall be fined in any sum not less than one dollar ($1.00) nor more than twenty-five dollars ($25.00) per day for each day that the tenant fails to vacate the premises for each offense.

(B) Each day the tenant shall willfully and unnecessarily hold the dwelling house or other building or land after the expiration of notice to vacate shall constitute a separate offense.

(c)(1) Any tenant charged with refusal to vacate upon notice who enters a plea of not guilty to the charge of refusal to vacate upon notice and who continues to inhabit the premises after notice to vacate pursuant to subsection (b) of this section shall be required to deposit into the registry of the court a sum equal to the amount of rent due on the premises. The rental payments shall continue to be paid into the registry of the court during the pendency of the proceedings in accordance with the rental agreement between the landlord and the tenant, whether the agreement is written or oral.

(2)(A) If the tenant is found not guilty of refusal to vacate upon notice, the rental payments shall be returned to the tenant.

(B) If the tenant is found guilty of refusal to vacate upon notice, the rental payment paid into the registry of the court shall be paid over to the landlord by the court clerk.

(3) Any tenant who pleads guilty or nolo contendere to or is found guilty of refusal to vacate upon notice and has not paid the required rental payments into the registry of the court shall be guilty of a Class B misdemeanor."

SENATE JOINT RESOLUTION APPLYING TO THE UNITED STATES
CONGRESS TO CALL A CONVENTION FOR PROPOSING AMENDMENTS
PURSUANT TO ARTICLE V OF THE UNITED STATES CONSTITUTION, LIMITED
TO PROPOSING AMENDMENTS THAT IMPOSE FISCAL RESTRAINTS ON THE
FEDERAL GOVERNMENT, LIMIT THE POWER AND JURISDICTION OF THE FEDERAL GOVERNMENT, AND LIMIT THE TERMS OF OFFICE FOR ITS OFFICIALS AND FOR MEMBERS OF THE UNITED STATES CONGRESS.

Subtitle

APPLYING TO THE UNITED STATES CONGRESS TO CALL A CONVENTION FOR PROPOSING AMENDMENTS PURSUANT TO ARTICLE V OF THE UNITED STATES CONSTITUTION.

WHEREAS, the founders of the United States Constitution empowered state legislators to be guardians of liberty against excessive use of power by the federal government; and

WHEREAS, the federal government has created a crushing national debt through improper and imprudent spending; and

WHEREAS, the federal government has ceased to operated under a proper interpretation of the United States Constitution; and

WHEREAS, the federal government has invaded the legitimate roles of the states through the manipulative process of federal mandates, most of which are unfunded to a great extent; and

WHEREAS, it is the solemn duty of the states to protect the liberty of our people, particularly for the generations to come, by proposing amendments to the United States Constitution through a convention of the states under Article V of the United States Constitution for the purpose of restraining these and related abuses of power,

NOW THEREFORE,

BE IT RESOLVED BY THE SENATE OF THE NINETY-FIRST GENERAL ASSEMBLY OF THE STATE OF ARKANSAS AND BY THE HOUSE OF REPRESENTATIVES, A MAJORITY OF ALL MEMBERS ELECTED TO EACH HOUSE AGREEING THERETO:
THAT the General Assembly hereby applies to the United States Congress, under the provisions of Article V of the United States Constitution, for the calling of a convention of the states limited to proposing amendments to the United States Constitution that impose fiscal restraints on the federal government, limit the power and jurisdiction of the federal government, and limit the terms of office for its officials and for members of the United States Congress.

BE IT FURTHER RESOLVED THAT the Secretary of the Senate is hereby directed to transmit copies of this application to the President of the United States Senate, the Secretary of the United States Senate, the Speaker of the United States House of Representatives, the Clerk of the United States House of Representatives, the members of the Arkansas congressional delegation, and the presiding officers of each house of the legislatures in the several states, requesting their cooperation.

BE IT FURTHER RESOLVED THAT this application constitutes a continuing application in accordance with Article V of the United States Constitution until the legislatures of at least two-thirds (2/3) of the several states have made applications on the same subject.

BE IT FURTHER RESOLVED THAT the General Assembly adopts this application expressly subject to the following reservations, understandings, and declarations:

1. An application to the United States Congress to call an amendment convention of the states pursuant to Article V of the United States Constitution confers no power to the United States Congress other than the power to call such a convention. The power of the United States Congress to exercise this ministerial duty consists solely of the authority to name a reasonable time and place for the initial meeting of a convention;

2. The United States Congress shall perform its ministerial duty of calling an amendment convention of the states only upon the receipt of applications for an amendment convention for the substantially same purpose as this application from two-thirds (2/3) of the legislatures of the several states;

3. The United States Congress does not have the power or authority to determine any rules for the governing of a convention for proposing amendments called pursuant to Article V of the United States Constitution. The United States Congress does not have the power to set the number of delegates to be sent by any state to such a convention, nor does it have the power to name
delegates to such a convention. The power to name delegates remains exclusively within the authority of the legislatures of the several states;

(4) By definition, an amendment convention of the states means that states shall vote on the basis of one (1) state, one (1) vote;

(5) A convention for proposing amendments convened pursuant to this application shall be limited to consideration of the topics specified herein and no other. SECTION 3. EMERGENCY CLAUSE. It is found and determined by the General Assembly of the State of Arkansas that it is of public interest to protect the privacy of the family members of a deceased law enforcement officer; that currently, there are no safeguards or procedures in place to ensure that a recording that depicts the death of a law enforcement officer is released in a proper, respectful, and authorized manner; and that this act is immediately necessary because it provides a balanced procedure to achieve proper release of a video or audio recording that depicts a law enforcement officer's death while taking into account the privacy belonging to the family members of the deceased law enforcement officer. (e) (1) The presumption in subsection (d) of this section may be rebutted by submitting proof that the residents with whom the seller has an agreement did not engage in any activity within the state that was significantly associated with the seller’s ability to establish or maintain the seller’s market in the state during the preceding twelve (12) months.

(2) Proof provided under subdivision (e)(1) of this section may consist of written statements from all of the residents with whom the seller has an agreement stating that they did not engage in any solicitation in the state on behalf of the seller during the preceding twelve (12) months if the statements were provided and obtained in good faith.

if a majority of the electors voting thereon at the election adopt the amendment, the amendment shall become a part of the Constitution of the State of Arkansas, to wit:

SECTION 1. Arkansas Constitution, Article 19, § 22, is amended to read as follows:

§ 22. Constitutional amendments.

Either branch of the General Assembly, at a regular session thereof, may propose amendments to this Constitution; and if the same be agreed to by a majority of all members elected to each house, such proposed amendments shall be entered on the journals with the yeas and nays, and published in at least one newspaper in each county, where a newspaper is published, for six months immediately preceding the next general election for Senators and Representatives, at which time the same shall be submitted to the electors of the State, for approval or rejection; and if a majority of the electors voting at such election adopt such amendments, the same shall become a part of this Constitution. But no more than three amendments shall be proposed or submitted at the same time. They shall be so submitted as to enable the electors to vote on each amendment separately.

(a)(1) Either house of the General Assembly may propose amendments to this Constitution at a regular session in the form of a joint resolution.

(c)(1) The General Assembly shall designate in the joint resolution proposing an amendment to this Constitution the ballot title and popular name that shall appear on the general election ballot.

(d) An elector of state who believes that the ballot title or popular name of a proposed amendment submitted under this section does not satisfy subdivision (c)(2) of this section may by petition apply to the Supreme Court for proper relief.

(e)(1) If an amendment to this Constitution proposed by the General Assembly meets the requirements of this section, the proposed amendment and its ballot title and popular name shall be published as provided by law.

(B) If a prosecuting attorney alleges a technical conditions violation or a serious conditions violation under subdivision (i)(2)(A) of this section, the court may revoke the defendant's probation and sentence him or her to a period of time exceeding the time periods set out under § 16-93-309(a)(4)(B).

(a) Up to ninety (90) days' confinement for a technical conditions violation; and

(b) Exactly one hundred eighty (180) days' confinement for a serious conditions violation.
(ii) Any time in custody for which the defendant is held before a period of confinement is ordered by the court under subdivision (a)(4)(A) of this section shall not be credited to the overall period of confinement ordered under subdivision (a)(4) of this section.

(C) A ninety-day or one-hundred-eighty-day period of confinement that the court may order under subdivision (a)(4) of this section is not available to a person serving a suspended sentence; or

(f) The location of the appropriate confining facility in which a defendant serves a period of confinement for a technical conditions violation or a serious conditions violation shall be determined by the Board of Corrections.

(g) Noncompliance with Department of Correction or Department of Community Correction program requirements or violent or sexual behavior while confined for a technical conditions violation or serious conditions violation under this section may result in revocation of the defendant's probation for a period of time exceeding the limitations of subdivision (a)(4) of this section, up to and including the time remaining on the defendant's original sentence.

(h) To the extent that a participant in a specialty court program is subject to this section, any period of confinement ordered by the specialty court is not subject to the periods of confinement required under subdivision (a)(4) of this section.

20-47-802. Legislative intent.
(a) It is the intent of the General Assembly to create an established protocol for crisis intervention by law enforcement agencies and jail personnel, the court system, hospitals, healthcare providers, and mental health professionals to address the methods and procedures to be used by law enforcement agencies and jail personnel, the court system, hospitals, healthcare providers, and mental health professionals in engaging with an individual who demonstrates substantial likelihood of committing bodily harm against himself or herself, or against another person, and who is an individual with a behavioral health impairment, mental disability, mental illness, or other permanent or temporary behavioral health or mental impairment.

(b) Further, it is the intent of the General Assembly that the behavioral health crisis intervention protocol created under this subchapter and established to address engagement with a member of the public who is an individual with a behavioral health impairment results not in incarceration or prosecution but in a lawful detention of the individual until his or her behavioral health impairment is managed to the point that the individual is substantially less likely to commit a criminal or otherwise dangerous act.

   (b) If a commitment proceeding is initiated under § 20-47-201 et seq. in a court with jurisdiction, that proceeding shall control and any custodial detention or treatment as part of a crisis intervention protocol initiated under this subchapter shall cease in lieu of any commitment or treatment ordered by the court.
   (c)(1) A crisis intervention protocol may be ended before the maximum detention time of seventy-two (72) hours has elapsed, as described under § 20-47-810, by the law enforcement agency who has custody of the individual at its discretion if:
(A) The individual in custody under this subchapter agrees to remain at the crisis stabilization unit voluntarily;

2. As part of the discharge process and subject to the consent of the person no longer in custody, provide the person with a follow-up treatment plan and a request that the person utilize the treatment plan, including subsequent appointments with a mental health professional.

(a) As part of a crisis intervention protocol established under this subchapter, a law enforcement agency or community mental health center, as a participating partner, is authorized to establish a crisis intervention team or multiple crisis intervention teams to provide psychiatric emergency services and triage and referral services for individuals with a behavioral health impairment who demonstrate substantial likelihood of committing bodily harm against themselves or against another person as a more humane alternative to confinement in a jail.

(b) A crisis intervention team shall have at least one (1) designated hospital or community mental health center within the specified crisis stabilization unit catchment area that has agreed to serve as a single point of entry and to provide psychiatric emergency services, triage and referral services, and other appropriate medical services for individuals in the custody of a crisis intervention team officer or who have been referred by the community mental health center within the specified crisis stabilization unit catchment area.

(c)(1) As a participating partner and serving as a single point of entry, a hospital, community mental health center, or mental health facility may establish a comprehensive psychiatric emergency service to provide psychiatric emergency services to an individual with a behavioral health impairment for a period of time greater than allowed in a hospital or other facility's emergency department when, in the opinion of the treating physician, psychiatric nurse practitioner, or psychiatric physician assistant, the individual is likely to be stabilized within seventy-two (72) hours so that continuing treatment can be provided in the local community rather than a crisis stabilization unit or the Arkansas State Hospital.

(2)(A) During the time an individual with a behavioral health impairment is under a crisis intervention protocol and detained at a single point of entry or at a crisis stabilization unit, the individual is considered to be in the custody of the law enforcement agency that detained the individual.

(B) This subchapter does not authorize the forfeit of any state or federal constitutional right regarding the detention and custody of an individual with a behavioral health impairment who has been detained or placed in custody due to the commission of a criminal offense.

(d)(1) Two (2) or more governmental entities may jointly provide crisis intervention teams and comprehensive psychiatric emergency services authorized under this subchapter.
(2) For the purpose of addressing unique rural service delivery needs and conditions, the Department of Human Services may authorize two (2) or more hospitals, community mental health centers, or mental health services providers to collaborate in the development of crisis intervention teams and comprehensive psychiatric emergency services and shall facilitate any collaboration authorized.

(a) A proposed crisis intervention protocol and crisis intervention team shall include necessary collaborative agreements among the participating hospitals, community health centers, mental health service providers, participating law enforcement agencies, and the facility that is designated as the single point of entry for the crisis stabilization unit catchment area.
(b)(1) A collaborative agreement under subsection (a) of this section shall specify that the facility designated under the collaborative agreement as the single point of entry is required to accept any individual who is in the custody of or detained by a crisis intervention team officer operating within the crisis stabilization unit catchment area, whether in the field or at a local detention facility, if the individual has been taken into custody or is detained because the individual demonstrates the substantial likelihood of committing bodily harm against himself or herself or against another person.
(b)(2) A participating partner that is not a law enforcement agency as part of a collaborative agreement under this section shall indemnify a participating law enforcement agency against all acts of negligence that may occur in the course of and scope of the application of a crisis intervention protocol toward another person.

(a)(1) The internal operation of a single point of entry shall be governed by the administration of a facility designated as the single point of entry and regulated by the Department of Human Services or a division of the department.
(a)(2) All collaborative agreements under § 20-47-806(a) shall be in compliance with the regulatory authorities under subdivision (a)(1) of this section.
(b)(1) A facility operating as a single point of entry under a crisis intervention protocol shall appoint a unit director to oversee the operation of the facility-based service.
(b)(2) The unit director shall assure that the services provided are within the guidelines established by the collaborative agreements under § 20-47-806(a).
(c) Notwithstanding any other provision of law, this subchapter does not create an entitlement for any individual to receive psychiatric emergency services at a single point of entry.

20-47-808. Determination of need to initiate crisis intervention protocol.
(a)(1) If a crisis intervention team officer determines that an individual with a behavioral health impairment demonstrates a substantial likelihood of committing bodily harm to himself or herself or to another person, the crisis intervention team officer may take the individual into custody for the purpose of transporting the individual to the designated single point of entry serving the crisis stabilization unit catchment area in which the officer has jurisdiction.
(a)(2) The crisis intervention team officer shall certify in writing the reasons for taking the individual into custody.
(b) Only a crisis intervention team officer with jurisdictional authority to operate within a crisis stabilization unit catchment area may bring a person in custody to the single point of entry for that crisis stabilization unit catchment area.
(c)(1) An individual transported by a crisis intervention team officer to the single point of entry or an individual referred by the community mental health center under the guidelines of a collaborative agreement under § 20-47-806(a) shall be examined by a physician, psychiatric nurse practitioner, or psychiatric physician assistant.

(2) If the individual does not consent to voluntary evaluation and treatment and the physician, psychiatric nurse practitioner, or psychiatric physician assistant determines that the individual is an individual with a behavioral health impairment, the physician, psychiatric nurse practitioner, or psychiatric physician assistant shall then determine if that individual may be held under the crisis intervention protocol as set out in this subchapter.

(3) If the physician, psychiatric nurse practitioner, or psychiatric physician assistant determines that the individual demonstrates a substantial likelihood of committing bodily harm against himself or herself or against another person because of a behavioral health impairment caused by alcohol or a controlled substance and that there is no reasonable less restrictive alternative, the individual may be held at the single point of entry until the behavioral health impairment has resolved and the individual no longer demonstrates a substantial likelihood of committing bodily harm to himself or herself or against another person.

20-47-809. Implementation of psychiatric emergency services.

(a)(1) To implement psychiatric emergency services under a crisis intervention protocol under this subchapter, a single point of entry shall request licensure from the Department of Human Services for the number of extended observation beds that are required to adequately serve the designated crisis stabilization unit catchment area.

(2) A license for the requested extended observation beds is required before the single point of entry may put the extended observation beds into service for patients.

(b) If the Department of Human Services determines that psychiatric emergency services under this subchapter are adequate to provide for the privacy and safety of all patients receiving services in the single point of entry, the Department of Human Services may approve the location of one (1) or more of the extended observation beds within another area of the single point of entry rather than in proximity to the emergency department.

(c) Each psychiatric emergency service shall provide or contract to provide qualified physicians, licensed mental health professionals, psychiatric nurse practitioners, psychiatric physician assistants, and ancillary personnel necessary to provide services twenty-four (24) hours per day, seven (7) days per week.

(d)(1) A psychiatric emergency service provided by a single point of entry shall have at least one (1) physician, one (1) psychiatric nurse practitioner, or one (1) psychiatric physician assistant who is a member of the staff of the single point of entry and who is on duty and available at all times.

(2) However, the medical director of the psychiatric emergency service may waive the requirement under subdivision (d)(1) of this section if provisions are made for:

(A) A physician in the emergency department to assume responsibility and provide initial evaluation and treatment of an individual with a behavioral health impairment in the custody of a crisis intervention team officer or referred by the community mental health center;

(B) A licensed mental health professional to screen and assess an individual with a behavioral health impairment within thirty (30) minutes of notification that the individual has arrived; and
(C) The physician, psychiatric nurse practitioner, or psychiatric physician assistant on call for the psychiatric emergency service to evaluate the individual with a behavioral health impairment onsite within twelve (12) hours of the individual's admission.

20-47-810. Seventy-two-hour maximum time of detention.
(a) An individual with a behavioral health impairment who is admitted to a psychiatric emergency service under a crisis intervention protocol under this subchapter shall have a final disposition within a maximum of seventy-two (72) hours or be released from custody.
(b) If the individual with a behavioral health impairment cannot be stabilized within seventy-two (72) hours of entering into a crisis intervention protocol, a participating partner may institute commitment proceedings as authorized under § 20-47-201 et seq.
(c) An individual who has been released from custody and has chosen to stay at a crisis stabilization unit voluntarily under § 20-47-804(c) is not bound by the seventy-two-hour maximum time of detention under this section.
(d) As part of the discharge process after the seventy-two (72) hour hold has expired and the individual is being released from custody, and subject to the consent of the person no longer in custody, a crisis stabilization unit may provide the individual with a follow-up treatment plan and a request that the individual utilize the treatment plan, including subsequent appointments with a mental health professional.

A person acting in good faith in connection with the detention of an individual with a behavioral health impairment under the crisis intervention protocol as set out in this subchapter is immune from civil or criminal liability for those acts.

(a)(1) A director of a community mental health center shall actively encourage hospitals, community mental health centers, mental health services providers, and other mental health professionals to develop psychiatric emergency services.
(2) If a collaborative agreement can be negotiated with a hospital, community mental health center, or other healthcare facility that can provide a comprehensive psychiatric emergency service, that hospital, community mental health center, or other healthcare facility shall be given priority when designating the single point of entry.
(b) The Department of Human Services shall encourage community mental health center directors to actively work with hospitals, mental health services providers, other mental health professionals, and law enforcement agencies to develop a crisis intervention protocol and associated crisis intervention teams and psychiatric emergency services and shall facilitate the development of those collaborations.
