(B) The state board determines that the school district has corrected all issues that caused the classification of academic distress.

SECTION 2. Arkansas Code § 6-15-430(b)(10), concerning actions the State Board of Education may take if a school district is classified as being in academic distress, is amended to read as follows:

(10) Return the administration of the school district to the former board of directors or to a newly elected board of directors as provided in subsection (d) of this section if:

(A) The department certifies in writing to the state board and to the school district that the public school has corrected all issues that caused the classification of academic distress and that no public school within the school district is classified as being in academic distress; and

(B) The state board determines the public school has corrected all issues that caused the classification of academic distress and that no public school within the school district is classified as being in academic distress.

SECTION 3. Arkansas Code § 6-15-430(d)(2)(A), concerning academic distress, is amended to read as follows:

(2)(A) If the state board determines that sufficient progress has been made by a public school or school district in academic distress toward correcting all issues that caused the classification of academic distress, but the public school or school district has not yet resolved all issues that caused the classification of academic distress, the commissioner, with the approval of the state board, may appoint a community advisory board of either five (5) or seven (7) members to serve under the supervision and direction of the commissioner if the state board determines that sufficient progress has been made by a public school or school district in academic distress toward correcting issues that caused the classification of academic distress.
SECTION 4. Arkansas Code § 6-15-430(d)(2)(D), concerning the duties of a community advisory board, is amended to read as follows:

(D) The duties of a community advisory board include without limitation:

(i) Meeting monthly during a regularly scheduled public meeting with the state-appointed administrator regarding the progress of the public school or school district toward correcting all issues that caused the classification of academic distress;

(ii) Seeking community input from the residents of the school district regarding the progress of the public school or school district toward correcting all issues that caused the classification of academic distress;

(iii) Conducting hearings and making recommendations to the commissioner regarding personnel and student discipline matters under the appropriate district policies;

(iv) Working to build community capacity for the continued support of the school district; and

(v) Submitting quarterly reports to the commissioner and the state board regarding the progress of the public school or school district toward correcting all issues that caused the classification of academic distress.

SECTION 5. Arkansas Code § 6-15-430(d)(3)(A), concerning academic distress, is amended to read as follows:

(3)(A) By April 1 of each year following the appointment of a community advisory board under subdivision (d)(2) of this section, the state board shall determine the extent of the public school's or school district's progress toward correcting all issues that caused the classification of academic distress and shall:

(i) Allow the community advisory board to remain in place for one (1) additional year;

(ii) Return the school district to local control by calling for the election of a newly elected board of directors if:

(a) The department certifies in writing to the state board and to the school district that:

1. The public school or school district has corrected all issues that caused the classification of academic distress and that no public school within the school district is classified as being in academic distress;

2. The public school or school district has made sufficient progress on the issues that caused the classification of academic distress such that the public school or school district should be returned to the local control of its residents; or

3. It is in the best interest of the public school or school district to return the public school or school district to the local control of its residents; and

(b) The state board determines:

1. The public school or school district has corrected all issues that caused the classification of academic distress and that no public school within the school district is classified as being in academic distress;

2. The public school or school district has made sufficient progress on the issues that caused the classification of academic distress such that the public school or school district should be returned to the local control of its residents; or

3. That it is in the best interest of the public school or school district to return the public school or school district to the local control of its residents; or

(iii) Annex, consolidate, or reconstitute the school district pursuant to this title.
SECTION 6. Arkansas Code § 6-15-430(e)(1), concerning academic
distress, is amended to read as follows:

(e)(1) If, by the end of the fifth school year following the public school's or
school district's classification of academic distress status, the public school or school
district in academic distress has not corrected all issues that caused the
classification of academic distress, the state board, after a public hearing, shall
consolidate, annex, or reconstitute the school district under this section if:

(A) The public school or school district in academic distress has
not corrected all issues that caused the classification of academic distress;

(B) The public school or school district has not made sufficient
progress on the issues that caused the classification of academic distress such that
the public school or school district should be returned to the local control of its
residents; or

(C) It is not in the best interest of the public school or school
district to return the public school or school district to the local control of its
residents.

SECTION 7. EMERGENCY CLAUSE. It is found and determined by the
General Assembly of the State of Arkansas that a public school and school district
are best served when the residents of the school district exercise local control over
the school district; that the criteria for the return to local control of a public school or
school district that has been taken over by the state because of a classification of
being in academic distress are rigid and without flexibility; that the State Board of
Education should be able to exercise discretion in returning a public school or school
district to local control; and that this act is immediately necessary to prevent further
harm to public schools or school districts that are under the control of the state by
allowing the State Board of Education to exercise discretion in returning the public
schools or school districts to local control of their residents. Therefore, an
emergency is declared to exist, and this act being immediately necessary for the
preservation of the public peace, health, and safety shall become effective on:

(1) The date of its approval by the Governor;
(2) If the bill is neither approved nor vetoed by the Governor, the
expiration of the period of time during which the Governor may veto the bill; or
(3) If the bill is vetoed by the Governor and the veto is overridden, the
date the last house overrides the veto.

(a) As used in this section:

(1) "Hospital" means the facilities of an institution licensed, certified, or approved by the Division of Health Facilities Services of the Department of Health as a hospital that is primarily engaged in providing to patients diagnostic and therapeutic services for medical diagnosis, treatment, and care of persons with an injury, disability, or illness, by or under the supervision of a physician or other medical professional; and

(1)(A)(2)(A) "Public university, public college, or community college" means an institution that:

(B) "Public university, public college, or community college" includes without limitation a public technical institute in a county with a population of at least two hundred thousand (200,000) according to the last federal decennial census and that borders another state.

(B)(C) "Public university, public college, or community college" does not include a private university or private college solely because:

(b) A licensee who has completed the training required under subsection (l) of this section may possess a concealed handgun in the buildings and on the grounds of a public university, public college, or community college, whether owned or leased by the public university, public college, or community college, of the public university, public college, or community college where he or she is employed unless otherwise prohibited by this section or § 5-73-306 if:

(1) He or she is a staff member; and
(2)(A) The governing board of the public university, public college, or community college does not adopt a policy expressly disallowing the carrying of a concealed handgun by staff members in the buildings or on the grounds of the public university, public college, or community college and posts notices as described in § 5-73-306(18).

(B) A governing board of the public university, public college, or community college may adopt differing policies for the carrying of a concealed handgun by staff members for different campuses, areas of a campus, or individual buildings of the public university, public college, or community college for which the governing board is responsible.

(C) A policy disallowing the carrying of a concealed handgun by staff members into the public university, public college, or community college expires one (1) year after the date of adoption and must be readopted each year by the governing board of the public university, public college, or community college to remain in effect.

(2) This subsection does not limit the governing board of a public university, public college, or public community college from tailoring its policy to permit the carrying of a concealed handgun into certain public hospital or public medical school facilities within the one-half-mile radius.

(3) A policy adopted under this subsection is invalid until public notices are posted in and around the premises of the public medical school and associated public hospital that are subject to the policy.
(f)(1) The governing board of a public university, public college, or public community college may adopt a policy expressly disallowing the carrying of a concealed handgun by a licensee in the buildings or on the grounds of the public university, public college, or public community college that are adjacent to or are up to within a radius of one-half (1/2) mile of a federally owned and operated presidential library.

(3) A policy adopted under this subsection is invalid until public notices as described under § 5-73-306(18) are posted in and around the premises of the public university, public college, or public community college that are adjacent to or up to within a radius of one-half (1/2) mile of a federally owned and operated presidential library that are subject to the policy.

(A) Into a licensed daycare or childcare facility that is located on the campus of the public university, public college, or public community college;

(B) Into a location during which an official meeting lasting no more than nine (9) hours is being conducted in accordance with documented grievance and disciplinary procedures as established by the public university, public college, or public community college if:

(i) At least twenty-four (24) hours' notice is given to participants of the official meeting; and

(ii) Notice is posted on the door of or entryway into the location in which the official meeting is being conducted that possession of a handgun by a licensee under this section is prohibited during the official meeting; or

(C) Into a location during which a special function, special event, or special meeting lasting no more than seventy-two (72) consecutive hours of a public university, public college, or community college is being conducted if:

(iii) At least twenty-four (24) hours' notice is given to participants of the official function, special event, or special meeting; and

(iv) Temporary notice is posted on the door or entryway into the location in which the official function, special event, or special meeting is held that possession of a concealed handgun by a licensee under this section is prohibited during the official function, special event, or special meeting.
(2) As used in this subsection, "special function, special event, or special meeting" does not include a regularly scheduled or ongoing event, such as a class at a public university, public college, or public community college.

(3) A person who knowingly violates subdivision (h)(1) of this section upon conviction is guilty of a Class A misdemeanor.

(i) The governing board of a public university, public college, or public community college may prohibit a person possessing an out-of-state concealed handgun license that otherwise is valid in this state from carrying a concealed handgun on the property or in a building of a public university, public college, or public community college under this section.

(j) This section does not affect a licensee's ability to store a concealed handgun in his or her vehicle under § 5-73-306(13)(B)(v).

(k) If a private university or private college permits carrying a concealed handgun under this section, the private university or private college may revise any sign or notice required to be posted under § 5-73-306(18) to indicate that carrying a concealed handgun under this section is permitted.

(l)(1) A licensee who intends to carry a concealed handgun in the buildings and on the grounds of a public university, public college, or community college is required to complete an active shooter or related training program as prescribed and approved by the Director of the Department of Arkansas State Police.

(4) A licensee who completes a training program under this subsection and is at least twenty-five (25) years of age shall be given an endorsement by the department on his or her license that the person is permitted to carry a concealed handgun in the buildings and on the grounds of a public university, public college, or community college.

(m)(1) Unless carrying a concealed handgun is a requirement of a licensee's job description, the carrying of a concealed handgun under this section is a personal choice made by the licensee and not a requirement of the employing public university, public college, or community college.
(2) A licensee who carries a concealed handgun in the buildings and on the grounds of a public university, public college, or community college at which the licensee is employed is not:

BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES OF THE NINETY-FIRST GENERAL ASSEMBLY OF THE STATE OF ARKANSAS AND BY SENATE, A MAJORITY OF ALL MEMBERS ELECTED TO EACH HOUSE AGREING THERETO:

That the following is proposed as an amendment to the Constitution of the State of Arkansas, and upon being submitted to the electors of the state for approval or rejection at the next general election for Representatives and Senators, if a majority of the electors voting thereon at the election adopt the amendment, the amendment shall become a part of the Constitution of the State of Arkansas, to wit:

(b) A contingency fee for legal representation in a civil action shall not exceed thirty-three and one-third percent (33 1/3 %) of the net amount of the recovery, whether obtained by settlement, arbitration, or judgment.

(c) Beginning with the 2019 regular session, by a majority vote of each house, the General Assembly shall enact laws necessary for the proper implementation of this section, including without limitation laws:

(b) The General Assembly shall have power to enact laws prescribing the amount of compensation to be paid by employers for injuries to or death of employees, and to whom said payment shall be made. It shall have power to provide the means, methods, and forum for adjudicating claims arising under said laws, and for securing payment of same. Provided, that otherwise, except as provided in subsections (c), (d), and (e) of this section, no law shall be enacted limiting the amount to be recovered for injuries resulting in death or for injuries to persons or property; and in case of death from such injuries the right of action shall survive, and the General Assembly shall prescribe for whose benefit such action shall be prosecuted.

(c)(1) Punitive damage awards for each claimant in actions for injuries resulting in death and actions for injuries to persons or property, including without limitation medical injuries, shall not exceed the greater of:

(b)(1) By a three-fifths vote of each house, the General Assembly may enact laws:

(A) Amending or repealing a rule of pleading, practice, or procedure prescribed by the Supreme Court; and

(B) Adopting on its own initiative a rule of pleading, practice, or procedure.

(2) A rule of pleading, practice, or procedure enacted by law by the General Assembly shall supersede a conflicting rule of pleading, practice, or procedure prescribed by the Supreme Court.

(c) Rules of pleading, practice, and procedure under this section shall preserve the right of trial by jury as declared in this Constitution.

(d) Rules of pleading, practice, and procedure in effect on January 1, 2019, shall continue in effect until amended, superseded, or repealed under this section.

(e) Rules of pleading, practice, and procedure under this section include without limitation rules governing the presentation and admission of evidence.

ARKANSAS SENATE
NINETY-FIRST GENERAL ASSEMBLY
REGULAR SESSION
Amendment No. 1 to SENATE BILL NO. 236

Amend Senate Bill No. 236 as originally introduced:

Delete everything after the enacting clause and substitute:

"SECTION 1. TEMPORARY LANGUAGE. DO NOT CODIFY. Legislative findings.

The General Assembly finds that:

(1) There is a retirement savings crisis in Arkansas;
(2) According to the National Institute on Retirement Security, the average household saves only two thousand five hundred dollars ($2,500) for retirement;
(3) The amount an average household saves for retirement is due largely to the unavailability of a payroll deduction retirement plan for workers;
(4) An employee is fifteen (15) times more likely to save for retirement if the amount to be saved is removed from the employee's regular paycheck;
(5) Five hundred thirty thousand (530,000) citizens of Arkansas lack access to a workplace retirement savings plan;
(6) Although there are numerous available options, only five percent (5%) of individuals who do not have access to a payroll deduction plan open their own individual retirement account;
(7) An employee who is unable to effectively build retirement savings is at risk of living on low income as a retiree and is more likely to depend on social safety-net programs;
(8) Dependency on social safety-net programs costs taxpayer dollars down the line;
(9) Small businesses often choose not to offer a retirement plan to employees due to concerns about costs, complexity, time burdens, and potential liability;
(10) In response to the apprehensions of small businesses, the Arkansas Small Business Voluntary Retirement Program should be established;
(11) The program will assist small businesses by relieving entrepreneurs of the operational burden of running a retirement plan;
(12) Voluntary payroll deduction individual retirement accounts through public and private partnership should be established as part of the program;
(13) The deduction will enable small business owners to voluntarily offer their employees access to the program, which will provide low-cost, professionally managed, diversified investment options;
(14) Many private financial services firms in Arkansas offer high-quality retirement options for small businesses and their employees;
(15) The Arkansas Small Business Voluntary Retirement Marketplace will supplement the program by educating small businesses on the availability of low-cost retirement plans and investment products; and

..."
The program will help Arkansas close the retirement savings access gap, protect the fiscal stability of the state and its citizens well into the future, and further secure its place as a national leader in retirement and investor promotion and protection.

SECTION 2. Arkansas Code Title 11 is amended to add an additional chapter to read as follows:

CHAPTER 16
ARKANSAS SMALL BUSINESS VOLUNTARY RETIREMENT PROGRAM

As used in this chapter:
(1) "Administrative costs" means all costs, including without limitation, administrative expenses, employee wages or salaries, insurance expenses, investment expenses, accounting costs, actuarial costs, legal costs, marketing expenses, education expenses, investment advice costs, trading costs, and insurance annuitization costs;

SECTION 2. Arkansas Code § 5-73-306(18), concerning prohibited places for the carrying of a concealed handgun, is amended to read as follows:

(18)(A)(i) Any place at the discretion of the person or entity exercising control over the physical location of the place by placing at each entrance to the place a written notice clearly readable at a distance of not less than ten feet (10') that "carrying a handgun is prohibited".

(ii)(a) If the place does not have a roadway entrance, there shall be a written notice placed anywhere upon the premises of the place.

(b) In addition to the requirement of subdivision (18)(A)(ii)(a) of this section, there shall be at least one (1) written notice posted within every three (3) acres of a place with no roadway entrance.

(iii) A written notice as described in subdivision (18)(A)(i) of this section is not required for a private home.

(iv) Any licensee entering a private home shall notify the occupant that the licensee is carrying a concealed handgun.

(B) Subdivision (18)(A) of this section does not apply if the physical location place is:

5-73-324. Licensee rights — Private employer parking lot.

(a) A private employer shall not prohibit an employee who is a licensee from transporting or storing a legally owned handgun in the employee's private motor vehicle in the private employer's parking lot when:

(1) The handgun:

(A) Is lawfully possessed;

(B) Is stored out of sight inside a locked private motor vehicle in the private employer's parking lot; and

(C)(i) Is stored inside a locked personal handgun storage container that is designed for the safe storage of a handgun.

(ii) An employee is not required to store the handgun in the personal handgun storage container as required in subdivision (a)(1)(C)(i) of this section until he or she is exiting his or her private motor vehicle; and

(2) The employee has in his or her possession the key to the personal handgun storage container as required by subdivision (a)(1)(C)(i) of this section.

(b) A private employer shall not prohibit or attempt to prevent an employee who is a licensee from entering the parking lot of the private employer's place of business because the employee's private motor vehicle contains a handgun if:

(1) The handgun is kept for lawful purposes;

(2) The handgun is concealed within the employee's private motor vehicle; and

(1) Prohibit a person who is not an employee from storing a handgun in the employee's motor vehicle in the private employer's parking lot; and

(2) Prohibit a licensee's entry onto the private employer's place of business or in the parking lot because the person's private motor vehicle contains a handgun in the following circumstances:

(A) The parking lot is a prohibited place specifically listed in § 5-73-306;

(E) The private motor vehicle is not permitted in the parking lot for reasons unrelated to the employee's transportation, storage, or possession of a handgun;

(F) The employee is the subject of an active or pending employment disciplinary proceeding; or
(G) The employee, at any time after being issued a license to carry a concealed handgun, has been adjudicated mentally incompetent or not guilty in a legal proceeding by reason of mental disease or defect.

(d) This section does not prevent a private employer from prohibiting a person who is not licensed or who fails to transport or store the handgun in accordance with subdivisions (a)(1)(A)-(C) of this section from transporting or storing a handgun in the parking lot or from entering onto the private employer’s place of business or the private employer’s parking lot.

(e) A former employee who possesses a handgun in his or her private motor vehicle under this section is not criminally liable for possessing the handgun in his or her private motor vehicle in his or her former private employer's parking lot while the former employee is physically leaving the private employer's parking lot immediately following his or her termination or other reason for ceasing employment with the former private employer.

(b) Employees shall, within twenty-four (24) hours of obtaining knowledge of a theft occurring on a private employer’s private parking lot, report a handgun as lost or stolen to the private employer and a local law enforcement agency with jurisdiction.
(c) A handgun possessed in a parking lot does not solely constitute a failure on the part of a private employer to provide a safe workplace.
(d)(1) A private employer may terminate any employee for flagrantly or unreasonably displaying a handgun in plain sight of others at the private employer’s place of business or in plain sight in an employee’s motor vehicle.
(2) A private employer may bring a civil action against an employee that knowingly display in a flagrant or unreasonable manner a handgun in plain sight of others at a private employer's place of business or in plain sight in an employee’s motor vehicle, as described in § 16-118-113 except when an employee’s display of a
handgun is incidental and reasonably related to the transfer of the employee’s handgun from his or her locked container located within the employee’s motor vehicle to another part of the employee’s motor vehicle or employee’s person."

ARKANSAS SENATE
NINETY-FIRST GENERAL ASSEMBLY
REGULAR SESSION
Amendment No. 1 to SENATE BILL NO. 688

Amend Senate Bill No. 688 as originally introduced:

Delete everything after the enacting clause, and substitute the following:

"SECTION 1. DO NOT CODIFY. Legislative findings.

The General Assembly finds that:

(1) Arkansas is one (1) of the leading producers of steel in the United States, and Mississippi County, Arkansas, is ranked as one (1) of the top two (2) highest steel-producing counties in the United States;

(2) The steel industry in the United States is highly competitive, and there are presently rising prices and a high level of demand for raw materials in the domestic market;

(3) The current national political and economic climate lends itself to an influx in the reshoring of well-paying manufacturing jobs, and Arkansas has an unprecedented opportunity to utilize existing incentive programs that are intended to encourage investment in this state to capitalize on this trend;

(4) When considering where to place new American manufacturing jobs, companies will consider the availability of incentives and credits; and

(5) In order to continue to attract well-paying manufacturing jobs to the State of Arkansas and encourage continuing capital investment by steel producers in this state, adjustments in the recycling tax credit are appropriate to allow the tax credit to be utilized more fully to accomplish the purposes for which the tax credit is intended.

SECTION 2. Arkansas Code § 26-51-506(b), concerning the income tax credit for waste reduction, reuse, or recycling equipment, is amended to add additional subdivisions to read as follows:

(15) "Qualified expansion project" means an expansion of a taxpayer's facility that:

(A) Is commenced on or after January 1, 2017;

(B) Is conducted on the site of a qualified manufacturer of steel, as defined in §§ 26-51-1211, 26-52-901, 26-52-911, Acts 2013, No. 1084, or Acts 2013, No. 1476;

(C) Has a total investment in excess of seven hundred fifty million dollars ($750,000,000);
(D) Is undertaken by a taxpayer that has entered into a job training agreement or other agreement with the State of Arkansas in which the taxpayer made a commitment to create at least three hundred fifty (350) direct and indirect jobs with an average annual wage of at least seventy-five thousand dollars ($75,000); and

(E) Provides a positive cost-benefit analysis to the state as determined by the Arkansas Economic Development Commission and Office of Economic Analysis and Tax Research of the Department of Finance and Administration; and

(16) “Qualified steel specialty products manufacturing facility” means a facility:

(A) For which the taxpayer commenced construction on or after January 1, 2017;

(B) That is located in Arkansas;

(C) That melts scrap steel in an electric arc furnace to produce one (1) or more specialty steel products, including without limitation billets, structural shapes, reinforcing bars, coiled reinforcing bars, wire rods, and merchant bars;

(D) In which the taxpayer has a total investment in excess of two hundred million dollars ($200,000,000);

(E) That is being constructed by a taxpayer that has entered into a job training agreement or other agreement with the State of Arkansas in which the taxpayer made a commitment to create at least one hundred fifty (150) direct and indirect jobs with an average annual wage of at least seventy-five thousand dollars ($75,000); and

(F) That provides a positive cost-benefit analysis to the state as determined by the Arkansas Economic Development Commission and the Office of Economic Analysis and Tax Research of the Department of Finance and Administration.

SECTION 3. Arkansas Code § 26-51-506(c), concerning the income tax credit for waste reduction, reuse, or recycling equipment, is amended to add an additional subdivision to read as follows:

(3)(A) If the tax credits are allowed with respect to a qualified expansion project that, as of the end of the taxable year in which such tax credits are first allowed, does not have a public retirement system of the State of Arkansas as a proprietor, partner, member, or shareholder, no more than sixteen million dollars ($16,000,000) of credit against tax or an amount equal to the tax imposed by the Income Tax Act of 1929, § 26-51-101 et seq., whichever is less, issued to the taxpayer making the purchases of waste reduction, reuse, or recycling equipment under subdivision (c)(1) of this section may be claimed each tax year.

(B) If the tax credits are allowed with respect to a qualified steel specialty products manufacturing facility that, as of the end of the taxable year in which such tax credits are first allowed, does not have a public retirement system of the State of Arkansas as a proprietor, partner, member, or shareholder, no more than the following amounts of credit against tax or an amount equal to the tax imposed by the Income Tax Act of 1929, § 26-51-101 et seq., whichever is less, issued to the taxpayer making the purchases of waste reduction, reuse, or recycling equipment under subdivision (c)(1) of this section may be claimed each tax year:
(i) For a total investment in the qualified steel specialty products manufacturing facility of at least two hundred million dollars ($200,000,000) but less than two hundred seventy-five million dollars ($275,000,000), three million dollars ($3,000,000);

(ii) For a total investment in the qualified steel specialty products manufacturing facility of at least two hundred seventy-five million dollars ($275,000,000) but less than three hundred fifty million dollars ($350,000,000), four million dollars ($4,000,000); and

(iii) For a total investment in the qualified steel specialty products manufacturing facility of at least three hundred fifty million dollars ($350,000,000), five million dollars ($5,000,000).

(C) Any unused tax credit that cannot be claimed in a tax year by operation of subdivision (c)(3)(A) of this section or subdivision (c)(3)(B) of this section may be carried forward as allowed by law. If a tax credit amount disallowed by operation of subdivision (c)(3)(A) of this section or subdivision (c)(3)(B) of this section would otherwise expire, the carry-forward period for such unused tax credit shall instead be extended each year, for one (1) additional year at a time, to preserve the ability of the taxpayer to apply the unused tax credit to future tax liability.

(D)(i) If tax credits are allowed under this section with respect to a qualified expansion project or a qualified steel specialty products manufacturing facility, and any portion of the tax credits under this section would be apportioned to a public retirement system of the State of Arkansas as a proprietor, partner, member, or shareholder of the taxpayer, the public retirement system shall have the possession and control of all tax credits, including any such tax credits otherwise apportioned to the other proprietors, partners, members, shareholders, or beneficiaries allowed under this section.

(ii) The possession and control of the tax credits by the public retirement system under this subdivision (c)(3)(D) shall be confirmed in writing by a legal opinion issued by the Department of Finance and Administration under the rules promulgated by the Department of Finance and Administration.

(iii)(a) The public retirement system shall sell or transfer for value the tax credits allowed under this section to the State of Arkansas for eighty percent (80%) of the face value, in lieu of the right of a proprietor, partner, member, shareholder, or beneficiary of the qualified expansion project or the qualified steel specialty products manufacturing facility to claim the tax credits as allowed pursuant to applicable state law.

(b) No more than sixteen million dollars ($16,000,000) of the tax credits in possession and control of the public retirement system with respect to a qualified steel specialty products manufacturing facility pursuant to subdivision (c)(3)(D)(i) of this section may be sold or transferred each year.

(c) No more than the following amounts of the tax credits in possession and control of the public retirement system with respect to a qualified expansion project pursuant to subdivision (c)(3)(D)(i) of this section may be sold or transferred each year:

(1) For a total investment in the qualified steel specialty products manufacturing facility of at least two hundred million dollars ($200,000,000) but less than two hundred seventy-five million dollars ($275,000,000), three million dollars ($3,000,000);

(2) For a total investment in the qualified steel specialty products manufacturing facility of at least two hundred seventy-five million dollars ($275,000,000) but less than three hundred fifty million dollars ($350,000,000), four million dollars ($4,000,000); and
(3) For a total investment in the qualified steel specialty products manufacturing facility of at least three hundred fifty million dollars ($350,000,000), five million dollars ($5,000,000).

(iv) Any unused tax credit that cannot be sold or transferred in a tax year by the operation of subdivision (c)(3)(D)(iii) of this section may be carried forward as allowed by law. If a tax credit amount disallowed by operation of subdivision (c)(3)(D)(iii) of this section would otherwise expire, the carry-forward period for such unused tax credit shall instead be extended each year, for one (1) additional year at a time, to preserve the ability of the public retirement system to sell or transfer all unused tax credits in future years.

(v) Beginning July 1, 2020, by July 15 of each year, the public retirement system with possession and control of the tax credits under this subdivision (c)(3)(D) shall provide notice to the Department of Finance and Administration of the amount of tax credits, including tax credits expected to receive certification during the fiscal year by the Arkansas Department of Environmental Quality, subject to the limitations in subdivision (c)(3)(D)(iii) of this section, to be sold or transferred for value.

(vi) The State of Arkansas shall pay the purchase price equal to eighty percent (80%) of the face value of all of the tax credits included in the notice required in subdivision (c)(3)(D)(v) of this section on or before June 30 of the calendar year following the calendar year in which the notice was provided for all tax credits certified by the Arkansas Department of Environmental Quality by June 30 of the calendar year following the calendar year in which the notice was provided by warrant from the Economic Development Incentive Fund funded by a transfer from general revenue.

(vii)(a) Tax credits under this section sold or transferred for value to the State of Arkansas are extinguished upon payment of the purchase price as if claimed against the tax imposed by the Income Tax Act of 1929, § 26-51-101 et seq.

(b)(1) In the event the State of Arkansas fails to timely pay the purchase price, as required in subdivision (c)(3)(D)(vi) of this section, for the tax credits included in the notice required in subdivision (c)(3)(D)(v) of this section, the public retirement system may, before the end of the taxable year following the taxable year in which a failure to pay occurs, sell or transfer for value such tax credits to one (1) or more persons. Such person or persons may claim such tax credits in accordance with applicable law, provided however, any tax credits sold or transferred for value to such person or persons under this subdivision (c)(3)(D)(vii)(b) shall not expire before the later of the end of:

(A) The carry-forward period for such tax credits under applicable law; or

(B) The third taxable year following the year in which such tax credits were sold or transferred for value pursuant to this section.

(2) The sale or transfer of tax credits under this subdivision (c)(3)(D)(vii)(b) shall be confirmed in writing by a legal opinion issued by the Department of Finance and Administration under the rules promulgated by the Department of Finance and Administration.

(E) By July 1, 2018, the taxpayer shall obtain the capital acquisition and financing necessary for the following activities related to a qualified expansion project or qualified steel specialty products manufacturing facility:

(i) Securing a site for the qualified expansion project or qualified steel specialty products manufacturing facility;

(ii) Obtaining engineering services for the qualified expansion project or qualified steel specialty products manufacturing facility;
(iii) Purchasing equipment for the qualified expansion project or qualified steel specialty products manufacturing facility; and
(iv) Beginning initial construction of the qualified expansion project or qualified steel specialty products manufacturing facility.

SECTION 4. Arkansas Code § 19-6-301(181), concerning the enumeration of special revenues, is amended to read as follows:

(181) Arkansas Economic Development Incentive Act of 1993 transfers from general revenues for financial incentive plans, § 15-4-1607, and § 26-51-506(c)(2)(B)(vii), and § 26-51-506(c)(3)(D)(vi);

SECTION 5. EMERGENCY CLAUSE. It is found and determined by the General Assembly of the State of Arkansas that certain provisions of the tax credit allocations for waste reduction, reuse, or recycling equipment should be modified to ensure that the expansion of major projects utilizing the tax credit does not endanger the ability of the state to provide essential services or to provide the full value of the tax credits earned by the applicable businesses; that further investment for the tax credit allocations for waste reduction, reuse, or recycling equipment will increase the number of applicable tax credits in existence; and that the state must maintain a balanced budget necessary to deliver essential services to its citizens; and that this act is immediately necessary because, without this change, the ability of the State of Arkansas to ensure the delivery of essential services to citizens will be imperiled and could endanger the economic health of the state. Therefore, an emergency is declared to exist and this act being necessary for the preservation of the public peace, health, and safety shall become effective on:

(1) The date of its approval by the Governor;
(2) If the bill is neither approved nor vetoed by the Governor, the expiration of the period of time during which the Governor may veto the bill; or
(3) If the bill is vetoed by the Governor and the veto is overridden, the date the last house overrides the veto."

Amend Senate Bill No. 306 as originally introduced:
Delete everything after the enacting clause and substitute the following:

"SECTION 1. Arkansas Code § 9-27-315(a)(1)(B), concerning probable cause hearings held after the issuance of an emergency order, is amended to add additional subdivisions to read as follows:

(iii) No further evidence shall be presented at the probable cause hearing regarding issues agreed to by the parties if the court accepts a stipulated agreement signed by the parties that specifies the facts and findings of law supporting the probable cause order that are agreed to by the parties.

(iv) If a stipulated agreement under subdivision (a)(1)(B)(iii) of this section is accepted by the court, testimony or evidence specifically addressing the allegations in the petition shall be reserved for adjudication and the petitioner has the burden of proving the allegation during the adjudication hearing.

SECTION 2. Arkansas Code § 9-27-325, concerning hearings held under the Arkansas Juvenile Code of 1989 generally, is amended to add additional subsections to read as follows:

(p)(1) If the court determines that the health and safety of the juvenile can be adequately protected and it is in the best interest of the child, unsupervised visitation may occur between a juvenile and a parent from whom custody of the juvenile is removed.

(A) A petitioner has the burden of proving that unsupervised visitation is not in the best interest of a child.

(B) If the court determines that unsupervised visitation between a juvenile and a parent from whom custody of the juvenile is removed is not in the best interest of the child, visitation between the juvenile and the parent shall be supervised.

(g) When visitation is ordered between a juvenile and the parent from whom custody of the juvenile is removed:

(A) A parent's positive result from a drug test is insufficient to deny the parent visitation with a juvenile.
(B) If at the time that visitation between the parent and a juvenile occurs a parent is under the influence of drugs or alcohol, exhibits behavior that may create an unsafe environment for a child, or appears to be actively impaired, the visitation may be cancelled; and

SECTION 3. Arkansas Code § 9-27-341(b)(3)(B)(vii), concerning other factors or issues providing grounds for the termination of parental rights, is amended to read as follows:

(vii)(a) That other factors or issues arose subsequent to the filing of the original petition for dependency-neglect that demonstrate that placement of the juvenile in the custody of the parent is contrary to the juvenile's health, safety, or welfare and that, despite the offer of appropriate family services, the parent has manifested the incapacity or indifference to remedy the subsequent issues or factors or rehabilitate the parent's circumstances that prevent the placement of the juvenile in the custody of the parent.
(b) The department shall make reasonable accommodations in accordance with the Americans with Disabilities Act of 1990, 42 U.S.C. § 12101 et seq., to parents with disabilities in order to allow them meaningful access to reunification and family preservation services.
(c) For purposes of this subdivision (b)(3)(B)(vii), the inability or incapacity to remedy or rehabilitate includes, but is not limited to, mental illness, emotional illness, or mental deficiencies;
(d) Subdivision (b)(3)(B)(vii)(a) of this section does not apply if the factors or issues have not been adjudicated by the court or the parent is not provided with proper notice of the factors or issues;

SECTION 4. Arkansas Code § 9-27-341, concerning the termination of parental rights, is amended to add an additional subsection to read as follows:

(h) Upon the entry of an order terminating parental rights, the:

(1) Department is relieved of all responsibility for providing reunification services to the parent whose parental rights are terminated;
(2) Appointed parent counsel is relieved of his or her representation of the parent whose parental rights are terminated except as provided under rules 6-9 and 6-10 of the Arkansas Supreme Court Rules;
(3) Appointed parent counsel shall be reappointed to represent a parent who successfully appeals the termination of his or her parental rights if the parent is indigent; and
(4) Parent whose parental rights are terminated is not entitled to:

(A) Notice of any court proceeding concerning the juvenile; and
(B) An opportunity to be heard in any court proceeding concerning the juvenile.
SECTION 5. Arkansas Code § 9-27-361(a)(1), concerning the reporting requirements of the Department of Human Services and court-appointed special advocates before dependency-neglect review hearings, is amended to read as follows:
