"SECTION 1. Arkansas Code Title 22 is amended to add an additional chapter to read as follows:

CHAPTER 10

Subchapter 1 — General Provisions

22-10-101. Title.
This chapter shall be known and may be cited as the “Partnership for Public Facilities and Infrastructure Act”.

22-10-102. Legislative findings — Purpose.
The General Assembly finds that:

(2) The public need for government facilities and public infrastructure may not be satisfied by existing methods of procurement or funding available to the state;

(A) Promote the timely and cost-efficient development of public infrastructure and governmental facilities;
(B) Provide alternative and innovative funding sources to governmental entities; and
(C) Allow governmental entities to leverage and supplement the developmental cost of public infrastructure and governmental facilities through private funding and participation by the private sector in governmental incentive and tax programs that are not otherwise available to governmental entities; and
(4) It is necessary to authorize the formation of public-private partnerships that may result in the ability to develop private projects for public infrastructure and government facilities in a more cost-efficient and timely manner, resulting in increased benefits to the public safety and welfare of the citizens of the state and substantial cost benefits to the governmental entities and the public.

SECTION 2. DO NOT CODIFY. TEMPORARY LANGUAGE. Program reforms and managed growth.
(a) As used in this section:
(1) "Community support programs" means programs that provide residential care for longer than thirty (30) days to individuals whose primary goals are the treatment of behavioral health needs, rather than medical needs, and who are not in need of acute level care;
(2) "Provider-led organized care" means a system of delivering, reimbursing, or coordinating care that is achieved through the use of a risk-bearing entity that is at least fifty-one percent (51%) owned by healthcare providers; and
(3) "Rehabilitation services for persons with mental illness" means an array of clinical services for treatment of individuals with mental illness intended to treat and prevent mental disorders.
(b) In addition to the changes made to a program providing rehabilitation services for persons with mental illness, the Department of Human Services shall adopt rules to change the program providing rehabilitation services for persons with mental illness as soon as practicable, which includes:
(1) Revise the definition of "serious emotional disturbance" with sufficient specificity to ensure that children are not unnecessarily included in more costly services;
(2)(A) Adopt and mandate the use of a standardized universal assessment tool devised by clinical program experts in collaboration with the Division of Behavioral Health Services to assess the intensity of services needed by individuals seeking rehabilitation services for persons with mental illness.

(B) The use of the standardized universal assessment tool shall be peer-reviewed generally and independently reviewed for medical necessity in specific cases during utilization review processes;

(3) Adopt a minimum frequency of treatment planning review of one hundred eighty (180) days, unless a greater frequency is medically necessary, and process requests for prior authorization in time increments that correspond with the completion of the treatment planning review; and

(4) Eliminate:

(A) The requirement for a continuing care psychiatric diagnostic assessment for all patients, unless medically necessary;

(B) The billing of rehabilitation services for persons with mental illness in community support programs by establishing a per diem rate for twenty-four-hour clinical support to persons with serious mental illness; and

(C) The practice of providing additional funds to certain providers of rehabilitation services for persons with mental illness through annual cost settlements.

(c) The program providing rehabilitation services for persons with mental illness shall continue to function as the program did on January 1, 2017, until operations can be transferred to a provider-led organized care risk-based reimbursement model.

(d) The department shall process applications for certification of new sites for rehabilitation services for persons with mental illness in compliance with policies existing on January 1, 2017.

(e) The department shall only process an application for certification of a site for rehabilitation services for persons with mental illness that is:

(1) A recertification of an existing site;

(2) A replacement site opened by an existing provider of rehabilitation services for persons with mental illness when the provider is terminating services at a currently certified and operating site; or

(3) A new site located in an area in which Medicaid beneficiaries are suffering an undue hardship where the lack of a certified site in the area results in the unavailability of medically necessary services as determined by the Director of the Division of Behavioral Health Services of the Department of Human Services.

(f) This section does not prevent an existing provider of rehabilitation services for persons with mental illness from delivering rehabilitation services for persons with mental illness in a public school.

(g) The provisions for managed growth of rehabilitation services for persons with mental illness in this section shall remain effective until July 1, 2018, or until operations can be transferred to a provider-led organized care risk-based reimbursement model.”

ARKANSAS SENATE
NINETY-FIRST GENERAL ASSEMBLY
REGULAR SESSION
Amendment No. 1 to SENATE BILL NO. 645

Amend Senate Bill No. 645 as originally introduced:

Delete everything after the enacting clause and substitute the following:

“SECTION 1. DO NOT CODIFY. Legislative findings. The General Assembly finds that:

(1) Through bonded debt assistance, the state provides school districts financial assistance for the purpose of retiring outstanding bonded indebtedness in existence as of January 1, 2005;

(2) This bonded debt assistance is necessary to maintain good standing with investors, as bonded debt assistance is restricted to bond payments and was considered in coverage and in calculation of required debt service mills;

(3) School district expenditure of savings yielded from refunding these bonds is restricted to the support of academic facilities;

(4) This restriction creates inefficiencies and is time-consuming to implement because refunding and restructuring the bonds multiple times makes it difficult to track and accurately restrict and report bond savings;

(5) Any benefit derived from the restrictions is minimal; and

(6) In the interest of improving efficiency and aligning benefit to cost, the law should be amended to eliminate this restriction by allowing savings realized from the refunding of bond that were issued and outstanding as of January 1, 2005 bonds to be expended by school districts for any legitimate school or school district purpose.

SECTION 2. Arkansas Code § 6-20-2503(b)-(h), concerning bonded debt assistance, is amended to read as follows:

(b)(1) In accordance with the requirements and limitations of this section, the state shall provide eligible school districts with financial assistance for the purpose of retiring outstanding bonded indebtedness in existence as of January 1, 2005.

(2) The amount of financial assistance under this section is based on:

(A) The total amount required to satisfy a school district's outstanding bonded indebtedness in existence as of January 1, 2005;

(B) The annual amount due on a fiscal year basis from the school district in accordance with the principal and interest payment schedule in effect and on file with the Department of Education on January 1, 2005, for the outstanding bonded indebtedness identified under subdivision (b)(2)(A) of this section; and

(C) The calculation in subdivision (b)(3)(A) or subdivision (b)(3)(B) of this section.

(3)(A) The Commission for Arkansas Public School Academic Facilities and Transportation shall determine the amount of financial bonded debt assistance for each eligible school district as follows:

(i) For the year that financial assistance under this section will be provided, ascertain the scheduled debt payment on a fiscal year basis
from the principal and interest payment schedule in effect and on file with the department on January 1, 2005, and reduce the amount of the payment by ten percent (10%) except as provided in subdivision (b)(3)(A)(i)(b) of this section.

(b)(1) If a school district can demonstrate to the satisfaction of the commission that all or a portion of the ten percent (10%) reduction in its scheduled debt payment under subdivision (b)(3)(A)(i)(a) of this section can be attributed to the support of academic facilities, the commission shall reverse all or a portion of the ten percent (10%) reduction by a percentage proportionate to the amount attributable to academic facilities.

(2) A school district that applied to the commission during the 2006-2007 school year for a reversal of the ten percent (10%) reduction but was denied the reversal by the commission due to the failure of the school district to submit timely appeals shall be entitled to receive bonded debt assistance for the relevant period of the program beginning with the 2007-2008 school year in the amount approved by the Division of Public School Academic Facilities and Transportation;

(ii) For the year that financial bonded debt assistance will be provided, divide the scheduled debt payment as adjusted under subdivision (b)(3)(A)(i) by the total assessed valuation of taxable real, personal, and utility property in the school district as shown by the applicable county assessment for the most recent year with the result multiplied by one thousand (1,000);

(iii)(a) Multiply the calculation under subdivision (b)(3)(A)(ii) of this section by a funding factor per average daily membership that will distribute a total amount of state financial bonded debt assistance no less than the total amount of funds that would have been distributed during fiscal year 2005 if every school district in the state had received an amount of state financial bonded debt assistance equal to an amount calculated by applying the debt service funding supplement formula under the Supplemental School District Funding Act of 2003, § 6-20-2401 et seq. [repealed], during fiscal year 2005 with a funding factor of eighteen dollars and three cents ($18.03).

(b) The funding factor for each fiscal year after Fiscal Year 2006 shall be equal to the funding factor derived for Fiscal Year 2006 under subdivision (b)(3)(A)(iii)(a) of this section; and

(iv) Multiply the calculation under subdivision (b)(3)(A)(iii) of this section by the state wealth index.

(B)(i) As used in this subdivision (b)(3)(B), “mandatory callable bonds” means a bond issue in which all net proceeds from debt service millage used to secure the issuance of that bond must be applied to payment of the issue and cannot be used for any other purposes.

(ii) School districts having mandatory callable bonds shall receive an amount of state financial assistance with regard to the mandatory callable bonds proportionate to the amount of state financial assistance provided under subdivision (b)(3)(A) of this section to school districts that do not have mandatory callable bonds.

(C) As the amount of state financial bonded debt assistance under this section decreases to correlate with reductions in principal and interest payments and increases in property assessments, the commission shall distribute any savings remaining funded bonded debt assistance appropriation through the Educational Facilities Partnership Fund Account in accordance with rules promulgated by the commission.

(4)(A) The commission shall determine the amount of state financial bonded debt assistance for each eligible school district no later than July 15 of each year.

(B)(i) State financial Bonded debt assistance under this subsection is payable to each eligible school district in two (2) equal installments.
(ii) The commission shall arrange for the payment of the first installment by August 1 of each year and the second installment by February 1 of each year.

(5) For tracking purposes, the school district shall account for the funds received as state financial bonded debt assistance under this section as restricted funds and shall account for the funds in accordance with provisions of law, including, without limitation, the Arkansas Educational Financial Accounting and Reporting Act of 2004, § 6-20-2201 et seq., and rules established by the commission.

(c)(1)(A)(i) Nothing in this section shall prohibit a school district from refunding bonds that were issued and outstanding as of January 1, 2005.

(ii)(B) If a school district qualifies for state financial bonded debt assistance under this section, the amount of state financial bonded debt assistance under this section shall not be altered or reduced as a result of refunding the bonds that were issued and outstanding as of January 1, 2005, and the financial bonded debt assistance shall continue after the refunding based on the principal and interest payment schedule in effect and on file with the department on January 1, 2005.

(B) The school district shall use the debt service savings, if any, produced by refunding the outstanding bonds as follows:

(i) The annual savings produced by the refunding shall be deposited into a bond refunding savings fund, to be used by the school district solely for the:

(a) New construction of, capital repairs to, or renovation of academic facilities; or

(b) Purchase of academic equipment; and

(ii) Before the date on which the refunding bonds are sold at public sale, the school district shall certify to the commission that the yearly debt service savings will be used solely for the purposes described in subdivision (c)(1)(B)(i) of this section.

(2)(A) Nothing in this section shall prohibit a school district from issuing second lien bonds.

(B) If a school district qualifies for state financial assistance under this section, the amount of state financial assistance under this section shall not be increased or reduced as a result of the issuance of second lien bonds.

(3) Nothing in this subsection shall prevent the annual adjustment of state financial bonded debt assistance under this section in accordance with annual variations in the state wealth index and the school district's principal and interest payment schedule in effect and on file with the department on January 1, 2005.

(d)(1) The state shall not assume any debt of a school district or incur any obligation with regard to a school district's bonded indebtedness by providing the financial bonded debt assistance described in this section.

(2) The school district receiving financial bonded debt assistance under this section is and will remain independently liable for all outstanding indebtedness.

(e)(1) The commission shall compute the amount of general facilities funding that each school district received or would have received under the Supplemental School District Funding Act of 2003, § 6-20-2401 et seq. [repealed], during Fiscal Year 2005.

(2)(A) In addition to the financial assistance provided under subsection (b) of this section, a school district shall receive in accordance with subdivision (e)(2)(B) of this section state financial assistance equal to all or a portion of the general facilities funding that the school district received or would have received under the Supplemental School District Funding Act of 2003, § 6-20-2401 et seq. [repealed], during Fiscal Year 2005.
(B) The commission shall phase out state financial assistance under this subsection over a ten-year period by reducing the amount received by a school district under this subsection after Fiscal Year 2006 by one-tenth (1/10) in each year of the ten-year period with the savings. The funded general facilities funding appropriation shall be distributed to the Employee Benefits Division of the Department of Finance and Administration for the exclusive benefit of public school employees participating in the State and Public School Life and Health Insurance Program.

(3) State financial assistance under this subsection is payable to each eligible school district in two (2) equal installments. The commission shall arrange for the payment of the first installment by August 1 of each year and the second installment by February 1 of each year.

(f)(1) If a school district elected to receive supplemental millage incentive funding under the Supplemental School District Funding Act of 2003, § 6-20-2401 et seq. [repealed], during Fiscal Year 2005, the commission shall compute the difference between the amount of supplemental millage incentive funding that a school district received in Fiscal Year 2005 and the amount of debt service funding supplement and general facilities funding that the school district would have received under the Supplemental School District Funding Act of 2003, § 6-20-2401 et seq. [repealed], in Fiscal Year 2005.

(2)(A) In addition to the financial assistance provided under subsection (b) of this section, a school district that elected to receive supplemental millage incentive funding under the Supplemental School District Funding Act of 2003, § 6-20-2401 et seq. [repealed], shall receive in accordance with subdivision (f)(2)(B) of this section state financial assistance equal to all or a portion of the amount of supplemental millage incentive funding that exceeded the amount that the school district would have received under debt service funding supplement and general facilities funding under the Supplemental School District Funding Act of 2003, § 6-20-2401 et seq. [repealed], in Fiscal Year 2005.

(B) The commission shall phase out the state financial assistance under this subsection over a ten-year period by reducing the amount received by a school district under this subsection after Fiscal Year 2006 by one-tenth (1/10) in each year of the ten-year period with the savings. The funded supplemental millage appropriation shall be distributed to the Employee Benefits Division of the Department of Finance and Administration for the exclusive benefit of public school employees participating in the State and Public School Life and Health Insurance Program.

(3) State financial assistance under this subsection is payable to each eligible school district in two (2) equal installments. The commission shall arrange for the payment of the first installment by August 1 of each year and the second installment by February 1 of each year.

(g)(1)(A) Within thirty (30) days after the satisfaction of a school district's outstanding bonded indebtedness in existence as of January 1, 2005, the school district shall notify the department that the school district's outstanding bonded indebtedness in existence as of January 1, 2005, has been satisfied, which shall include defeasance, but shall exclude refunding.

(B) If a school district has issued refunding bonds to refund bonds in existence as of January 1, 2005, the school district shall notify the department of the date that the school district's outstanding bonded indebtedness in existence as of January 1, 2005, would have been satisfied had the bonds not been refunded.

(2)(A) Within thirty (30) days after receiving notification under subdivision (g)(1)(A) of this section, the department shall certify to the commission that all the school district's outstanding bonded indebtedness in existence as of January 1, 2005, has been satisfied.

(B) Upon acceptance by the commission of the department's certification, state financial participation under this section shall expire.
(h)(1) A school district shall qualify to receive any appropriate supplemental millage incentive funds otherwise available in the public school fund if:
(A) The school district voluntarily raised its maintenance and operation mills only during the 2004-2005 school year in order to have a total millage beyond the twenty-five (25) mills required by the Arkansas Constitution, Amendment 74; and
(B) The school district's property assessment per student is below the state average per student.
(2) The supplemental millage incentive funds shall be available without regard to any other qualifications in law, including without limitation any requirement that a school district must have previously received a debt service funding supplement."

(c)(1) The prosecuting attorney shall give notice of the forfeiture proceedings by:

26-51-515. Tax credit for contributions for education savings accounts.
(a) A state income tax credit is allowed against the taxes imposed by the Income Tax Act of 1929, § 26-51-101 et seq., for sixty-five percent (65%) of an eligible contribution approved by the Department of Finance and Administration under subsection (b) of this section made by the taxpayer for a tax year to an eligible nonprofit organization that is certified under the Parental Choice Scholarship Program, § 6-15-2901 et seq., at the time of the contribution.
   (b)(1)(A) Before making the contribution to an eligible nonprofit organization under subsection (a) of this section, a taxpayer shall notify the eligible nonprofit organization of the total amount of contributions that the taxpayer intends to make to the eligible nonprofit organization.
   (B) Beginning March 1 and ending April 15, before accepting the contribution, the eligible nonprofit organization shall request certification of the contribution from the Department of Finance and Administration for the taxpayer’s intended contribution amount.
   (C) The Department of Finance and Administration shall certify or deny the requested amount within twenty (20) days after receiving the request from the eligible nonprofit organization.
(D) If the Department of Finance and Administration certifies the request, the nonprofit organization shall immediately notify the taxpayer that the requested amount was certified.

(E) In order to receive a tax credit under this section, the taxpayer shall make the contribution in the certified amount within the required twenty (20) days after receiving notice from the eligible nonprofit organization that the requested contribution amount was certified.

(F)(i) If the eligible nonprofit organization receives the certified contribution from the taxpayer within the required twenty (20) days, the eligible nonprofit organization shall immediately notify the Department of Finance and Administration so the Department of Finance and Administration may record the tax credit on the taxpayer's account as of July 1.

(ii) If the eligible nonprofit organization does not receive the certified contribution from the taxpayer within the required twenty (20) days, the eligible nonprofit organization shall immediately notify the Department of Finance and Administration.

(G) After the Department of Finance and Administration receives notice that the eligible nonprofit organization did not receive the certified contribution:

(i) The certification becomes void; and

(ii) The Department of Finance and Administration shall no longer include that certified contribution amount when calculating the state income tax credit limit under subsection (d) of this section for the purpose of certified contributions.

(2)(A) Except as provided in subdivision (b)(3) of this section, the Department of Finance and Administration shall certify contributions on a first come, first served basis.

(B)(i) The Department of Finance and Administration shall maintain a list of contributions that were denied because the state income tax credit limit under subsection (d) of this section had been met.

(ii) If a certified contribution is not received and becomes void under subdivision (b)(1)(G) of this section, the Department of Finance and Administration shall certify a contribution that was denied under subdivision (b)(2)(B)(i) of this section on a first come, first served basis.

(C) An eligible nonprofit organization shall report to the Department of Finance and Administration by November 1 the amount of the certified contributions under subdivision (b)(1) of this section received by the eligible nonprofit organization being used to fund education savings accounts for that academic year.

(3)(A) For tax credits issued in fiscal year 2019 only, the Department of Finance and Administration shall certify contributions on a priority basis to taxpayers identified by the eligible nonprofit organization under subdivision (b)(3)(C) of this section as taxpayers:

(i) That contributed to the eligible nonprofit organization during fiscal year 2018; and

(ii) Whose contributions were used to fund education savings accounts.

(B) The Department of Finance and Administration shall certify contributions on a priority basis under subdivision (b)(3)(A) of this section up to the amount of the contribution made by a taxpayer that meets the requirements under subdivisions (b)(3)(A)(i) and (ii) of this section.

(C) An eligible nonprofit organization shall notify the Department of Finance and Administration of the taxpayers who meet the requirements under subdivisions (b)(3)(A)(i) and (ii) of this section before the Department of Finance and Administration begins certifying contributions for fiscal year 2019.
(c) A state income tax credit under this section may not exceed fifty percent (50%) of the tax due under this chapter for the taxable year, after the application of any other allowable state income tax credits by the eligible taxpayer.

(d) In fiscal years 2019, 2020, and 2021, the total amount of state income tax credits made under this section shall equal the amount approved by the Department of Finance and Administration under subdivision (b)(1) of this section, not to exceed three million dollars ($3,000,000).

(e) An eligible taxpayer who files an Arkansas consolidated return as a member of an affiliated group under § 26-51-805 may be allowed the state income tax credit under this section on a consolidated return basis subject to the limitation established under subsections (c) and (d) of this section.

(f) Spouses who file separate returns for a tax year in which they could have filed a joint return may each claim only one-half (1/2) of the state income tax credit that would have been allowed for a joint return.

(g)(1) Any unused state income tax credit under this section may be carried forward for five (5) consecutive tax years following the tax year in which the state income tax credit was earned.

(2) An eligible taxpayer that seeks to carry forward an unused amount of the state income tax credit under this section shall submit an application for allocation of tax credits or carryforward credits in the year that the eligible taxpayer intends to use the carryforward credits.

(3) An eligible taxpayer may not convey, assign, or transfer the state income tax credit under this section to another entity unless all of the assets of the eligible taxpayer are conveyed, assigned, or transferred in the same transaction.

(h) The state income tax credit allowed by this section is in lieu of any deduction for a contribution made to the eligible nonprofit organization under 26 U.S.C. § 170 taken for state tax purposes.

(i) For the purposes of this section, a contribution for which a state income tax credit is claimed that is made on or before the fifteenth day of the fourth month following the close of the tax year may be applied to either the current or preceding tax year and is considered to have been made on the last day of that tax year.

(j)(1) An eligible taxpayer may rescind all or part of the eligible taxpayer's allocated state income tax credit under this section.

(2) The amount rescinded shall become available for purposes of the cap for the state fiscal year under this section to an eligible taxpayer as approved by the Department of Finance and Administration if the eligible taxpayer receives notice from the Department of Finance and Administration that the rescission has been accepted by the Department of Finance and Administration and the eligible taxpayer has not previously rescinded any or all of the eligible taxpayer's allocated state income tax credit under this section more than one (1) time in the previous three (3) tax years.

(3) Any amount rescinded under this subsection shall become available to an eligible taxpayer on a first-come, first-served basis based on state income tax credit applications received after the date the rescission is accepted by the Department of Finance and Administration.

(k)(1) An application for a state income tax credit under this section shall be submitted to the Department of Finance and Administration on forms established by rule of the Department of Finance and Administration.

(2) The Department of Finance and Administration and the Department of Education shall develop a cooperative agreement to assist in the administration of this section.

(l) The Department of Finance and Administration shall adopt rules necessary to administer this section, including without limitation rules governing the allocation of state tax credits and carryforward credits under this section on a first-come, first-served basis.
SECTION 3. DO NOT CODIFY. This act shall be implemented as a four-year pilot program beginning with the 2018-2019 school year.”

SECTION 2. Arkansas Code Title 6, Chapter 15, is amended to add an additional subchapter to read as follows:

Subchapter 29 — Arkansas Educational Support and Accountability Act

6-15-2901. Title.
This subchapter shall be known and may be cited as the "Arkansas Educational Support and Accountability Act".

6-15-2902. Legislative findings.
The General Assembly finds that:

(1) Arkansas Constitution, Article 14, § 1, requires the State of Arkansas to provide a general, suitable, and efficient system of free public schools to the children of the state;

(2) Under the decision of the Arkansas Supreme Court in Lake View School District No. 25 v. Huckabee, 351 Ark. 31 (2002), it is the absolute duty of the State of Arkansas to provide all public school children with a substantially equal opportunity for an adequate education;

(3) It is the state's responsibility to provide the statutory framework necessary to ensure that all students in the public schools of this state have a substantially equal opportunity to achieve and demonstrate academic readiness, individual academic growth, and competencies through the application of knowledge and skills in core subjects, consistent with state academic standards through a student-focused learning system;

(4)(A) In Lake View School District No. 25 v. Huckabee, the Arkansas Supreme Court explicitly addressed the relationship between local control versus the state's responsibility when, in quoting DuPree v. Alma School District No. 30, 279 Ark. 340 (1983), it opined, "[i]f local government fails, the state government must compel it to act, and if the local government cannot carry the burden, the state must itself meet its continuing obligation".

(B) An accountability system that provides increasing levels of state assistance would help the local government or the local public school district board of directors to meet this burden, while allowing state intervention to occur if the local government chronically fails to meet the burden in spite of the state assistance;

(5) Arkansas public schools and school districts would benefit from an accountability system that:

(A) Uses multiple measures of student academic achievement and growth; and

(B) Allows flexibility for public schools and school districts to utilize local decision-making while maintaining quality in education;

(6) A comprehensive accountability system would empower the state and public school districts to assess the effectiveness of student-focused education using multiple factors, measures, and indicators of student achievement and school quality, rather than relying solely on an annual statewide assessment; and

(7)(A) The State of Arkansas cannot be the sole guarantor of each individual student's success.
(B) Parents, students, families, educational institutions, and communities, as collaborative partners in education, play an important role in the success of individual students.

As used in this subchapter:
(1) "Academic growth" means the calculation of a student's academic progress from one school year to the next, as measured by assessments and other criteria required by rule of the State Board of Education;
(2) "College and career readiness assessment" means a set of criterion-referenced measurements of a student's acquisition of the knowledge and skills that the student needs to:
(A) Be successful in future endeavors, including credit-bearing, first-year courses at an institution of higher education such as a two-year or four-year college, trade school, or technical school; or
(B) Embark on a career;
(3) "Consolidated state plan" means the Arkansas consolidated state application accountability plan required under the Elementary and Secondary Education Act of 1965, Pub. L. No. 89-10, as reauthorized by the Every Student Succeeds Act of 2015, Pub. L. No. 114-95;

SENATE JOINT RESOLUTION NO. 2
As Engrossed: S1/26/17 S3/1/17
NINETY-FIRST GENERAL ASSEMBLY
REGULAR SESSION
BY: SENATORS G. STUBBLEFIELD, HESTER, RICE, A. CLARK, FLIPPO, COLLINS-SMITH, RAPERT
BY: REPRESENTATIVES BALLINGER, ET AL.

SENATE JOINT RESOLUTION - APPLYING TO THE UNITED STATES CONGRESS TO CALL A CONVENTION FOR PROPOSING AMENDMENTS PURSUANT TO ARTICLE V OF THE UNITED STATES CONSTITUTION, LIMITED TO PROPOSING AMENDMENTS THAT IMPOSE FISCAL RESTRAINTS ON THE FEDERAL GOVERNMENT, LIMIT THE POWER AND JURISDICTION OF THE FEDERAL GOVERNMENT, AND LIMIT THE TERMS OF OFFICE FOR ITS OFFICIALS AND FOR MEMBERS OF THE UNITED STATES CONGRESS.

Subtitle
APPLYING TO THE UNITED STATES CONGRESS TO CALL A CONVENTION FOR PROPOSING AMENDMENTS PURSUANT TO ARTICLE V OF THE UNITED STATES CONSTITUTION.

WHEREAS, the founders of the United States Constitution empowered state legislators to be guardians of liberty against excessive use of power by the federal government; and

WHEREAS, the federal government has created a crushing national debt through improper and imprudent spending; and
WHEREAS, the federal government has ceased to operate under a proper interpretation of the United States Constitution; and

WHEREAS, the federal government has invaded the legitimate roles of the states through the manipulative process of federal mandates, most of which are unfunded to a great extent; and

WHEREAS, it is the solemn duty of the states to protect the liberty of our people, particularly for the generations to come, by proposing amendments to the United States Constitution through a convention of the states under Article V of the United States Constitution for the purpose of restraining these and related abuses of power,

NOW THEREFORE,

BE IT RESOLVED BY THE SENATE OF THE NINETY-FIRST GENERAL ASSEMBLY OF THE STATE OF ARKANSAS AND BY THE HOUSE OF REPRESENTATIVES, A MAJORITY OF ALL MEMBERS ELECTED TO EACH HOUSE AGREEING THERETO:

THAT the General Assembly hereby applies to the United States Congress, under the provisions of Article V of the United States Constitution, for the calling of a convention of the states limited to proposing amendments to the United States Constitution that impose fiscal restraints on the federal government, limit the power and jurisdiction of the federal government, and limit the terms of office for its officials and for members of the United States Congress.

BE IT FURTHER RESOLVED THAT the Secretary of the Senate is hereby directed to transmit copies of this application to the President of the United States Senate, the Secretary of the United States Senate, the Speaker of the United States House of Representatives, the Clerk of the United States House of Representatives, the members of the Arkansas congressional delegation, and the presiding officers of each house of the legislatures in the several states, requesting their cooperation.
BE IT FURTHER RESOLVED THAT this application constitutes a continuing application in accordance with Article V of the United States Constitution until the legislatures of at least two-thirds (2/3) of the several states have made applications on the same subject.

BE IT FURTHER RESOLVED THAT the General Assembly adopts this application expressly subject to the following reservations, understandings, and declarations:

1) An application to the United States Congress to call an amendment convention of the states pursuant to Article V of the United States Constitution confers no power to the United States Congress other than the power to call such a convention. The power of the United States Congress to exercise this ministerial duty consists solely of the authority to name a reasonable time and place for the initial meeting of a convention;

2) The United States Congress shall perform its ministerial duty of calling an amendment convention of the states only upon the receipt of applications for an amendment convention for the substantially same purpose as this application from two-thirds (2/3) of the legislatures of the several states;

3) The United States Congress does not have the power or authority to determine any rules for the governing of a convention for proposing amendments called pursuant to Article V of the United States Constitution. The United States Congress does not have the power to set the number of delegates to be sent by any state to such a convention, nor does it have the power to name delegates to such a convention. The power to name delegates remains exclusively within the authority of the legislatures of the several states;

4) By definition, an amendment convention of the states means that states shall vote on the basis of one (1) state, one (1) vote;
(5) A convention for proposing amendments convened pursuant to this application shall be limited to consideration of the topics specified herein and no other. This application is made with the express understanding that an amendment that in any way seeks to amend, modify, or repeal any provision of the Bill of Rights of the United States Constitution shall not be authorized for consideration at any stage. This application shall be void ab initio if ever used at any stage to consider any change to any provision of the Bill of Rights of the United States Constitution;

(6) Pursuant to Article V of the United States Constitution, the United States Congress may determine whether proposed amendments shall be ratified by the legislatures of the several states or by special state ratification conventions. The General Assembly recommends that the United States Congress select ratification by the legislatures of the several states; and

(7) The General Assembly may provide further instructions to its delegates and may recall its delegates at any time for a breach of a duty or a violation of the instructions provided.

ARKANSAS SENATE
NINETY-FIRST GENERAL ASSEMBLY
REGULAR SESSION
Amendment No. 1 to SENATE BILL NO. 649

Amend Senate Bill No. 649 as originally introduced:

Delete everything after the enacting clause and substitute the following:

"SECTION 1. Arkansas Code Title 20, Chapter 77, is amended to add an additional subchapter to read as follows:

Subchapter 27 — Assessment Fee and Program on Medical Transportation Providers

20-77-2701. Legislative findings and intent.
(a) The General Assembly finds that:
(1) Emergency medical services constitute an invaluable part of the healthcare delivery system of Arkansas;
(2) Emergency medical services will be a key element in any healthcare reform initiative;
(3) Emergency medical services are a key component of any economic development program as emergency medical services are essential to recruiting and retaining industry;
(4) Emergency medical services are a critical element of the emergency preparedness system within Arkansas; and
(5) While containing the cost of funding within the Arkansas Medicaid Program and providing healthcare services for the poor and uninsured individuals of this state are vital interests, the challenges associated with appropriate reimbursement for emergency medical services under the Arkansas Medicaid Program are recognized.
(b) It is the intent of the General Assembly to assure appropriate reimbursement by establishing an assessment on emergency medical services to preserve vital emergency medical services for all residents of Arkansas.

20-77-2702. Definitions.
As used in this subchapter:
(1) "Air ambulance services" means services authorized and licensed by the Department of Health to provide care and air transportation of patients;
(2) "Ambulance services" means services authorized and licensed by the department to provide care and transportation of patients upon the streets and highways of Arkansas;
(3) "Emergency medical services" means:
(A) The transportation and medical care provided an ill or injured person before arrival at a medical facility by a licensed emergency medical services personnel or other healthcare provider;

(B) Continuation of the initial emergency care within a medical facility subject to the approval of the medical staff and governing board of that facility; and

(C) Integrated medical care in emergency and nonurgent settings with the oversight of a physician;

(4)(A) "Medical transportation" means emergency medical services provided through ambulance services and air ambulance services.

(B) "Medical transportation" does not include nonemergency ambulance services;

(5) "Medical transportation provider" means a licensed provider of medical transportation;

(6) "Net operating revenue" means the gross revenues earned for providing medical transportation in Arkansas, excluding amounts refunded to or recouped, offset, or otherwise deducted by a patient or payer for medical transportation;

(7)(A) "Nonemergency ambulance services" means the transport in a motor vehicle to or from medical facilities, including without limitation hospitals, nursing homes, physicians' offices, and other healthcare facilities of persons who are ill or injured and who are transported in a reclining position.

(B) "Nonemergency ambulance services" does not include transportation provided by licensed hospitals that own and operate the ambulance for their own admitted patients;

(8) "Specialty hospital based ambulance services" means ambulance services provided by an acute care general hospital that limits healthcare services primarily to children and qualifies as exempt from the Medicare prospective payment system regulation;

(9) "Upper payment limit" means the lesser of the customary charges of the medical transportation provider or the prevailing charges in the locality of the medical transportation provider for comparable services under comparable circumstances, calculated according to methodology in an approved state plan amendment for the Arkansas Medicaid Program; and

(10)(A) "Upper payment limit gap" means the difference between the upper payment limit of the medical transportation provider and the Medicaid payments not financed using medical transportation assessment made to all medical transportation providers.

(B) "Upper payment limit gap" is calculated separately for ambulance services and air ambulance services.

20-77-2703. Medical transportation provider assessment.

(a)(1) Except as provided in this subchapter, an assessment is imposed on each medical transportation provider for each state fiscal year in an amount calculated as a percentage of the net operating revenues of the medical transportation provider.

(2) The assessment rate shall be determined annually based upon the percentage of net operating revenue needed to generate an amount up to the nonfederal portion of the upper payment limit gap plus the annual fee to be paid to the Arkansas Medicaid Program under § 20-77-2705(f)(1)(C), but in no case at a rate that would cause the assessment proceeds to exceed the indirect guarantee threshold set forth in 42 C.F.R. § 433.68(f)(3)(i).

(3) The assessment rate described in subsection (a) of this section shall be determined after consultation with the Arkansas Ambulance Association or its successor association.

(b) This subchapter does not authorize a unit of county or local government to license for revenue or impose a tax or assessment:
(1) Upon medical transportation providers; or
(2) Measured by the income or earnings of a medical transportation provider.

20-77-2704. Program administration.
(a) The Director of the Division of Medical Services of the Department of Human Services shall administer the assessment program created in this subchapter.
(b)(1) The Division of Medical Services of the Department of Human Services shall adopt rules to implement this subchapter;
(2) Unless otherwise provided in this subchapter, the rules adopted under subdivision (b)(1) of this section shall not grant any exceptions to or exemptions from the medical transportation provider assessment imposed under § 20-77-2703.
(3) The rules adopted under subdivision (b)(1) of this section shall include any necessary forms for:
   (A) Calculating of upper payment limits;
   (B) Reporting of net operating revenue;
   (C) Imposing and collecting of the medical transportation provider assessment imposed under § 20-77-2703; and
   (D) Enforcing this subchapter, including without limitation letters of caution or sanctions.
(4) The rules adopted under subdivision (b)(1) of this section shall specify which time periods are used as the basis for the calculation of the assessment in each state fiscal year.
(c) To the extent practicable, the division shall administer and enforce this subchapter and collect the assessments, interest, and penalty assessments imposed under this subchapter using procedures generally employed in the administration of the division's other powers, duties, and functions.

20-77-2705. Medical Transportation Assessment Account.
(a)(1) There is created within the Arkansas Medicaid Program Trust Fund a designated account known as the "Medical Transportation Assessment Account".
(2) The medical transportation provider assessments imposed under § 20-77-2703 shall be deposited into the Medical Transportation Assessment Account.
(b) Moneys in the Medical Transportation Assessment Account shall consist of:
   (1) All moneys collected or received by the Division of Medical Services of the Department of Human Services from medical transportation provider assessments imposed under § 20-77-2703;
   (2) Any interest or penalties levied in conjunction with the administration of this subchapter; and
   (3) Any appropriations, transfers, donations, gifts, or moneys from other sources, as applicable.
   (c) The Medical Transportation Assessment Account shall be separate and distinct from the General Revenue Fund Account of the State Apportionment Fund and shall be supplementary to the Arkansas Medicaid Program Trust Fund.
   (d) Moneys in the Medical Transportation Assessment Account shall not be used to replace other general revenues appropriated and funded by the General Assembly or other revenues used to support Medicaid.
   (e) The Medical Transportation Assessment Account shall be exempt from budgetary cuts, reductions, or eliminations caused by a deficiency of general revenues.
   (f)(1) Except as necessary to reimburse any funds borrowed to supplement funds in the Medical Transportation Assessment Account, the moneys in the Medical Transportation Assessment Account shall be used only as follows:
(A) To make emergency medical transportation access payments under § 20-77-2709;

(B) To reimburse moneys collected by the division from medical transportation providers through error or mistake or under this subchapter; or

(C) To pay an annual fee to the division in the amount of three and three-fourths percent (3.75%) of the assessments collected from medical transportation providers under § 20-77-2703 each state fiscal year.

(2)(A) The Medical Transportation Assessment Account shall retain account balances remaining each fiscal year.

(B) At the end of each fiscal year, any positive balance remaining in the Medical Transportation Assessment Account shall be factored into the calculation of the new assessment rate by reducing the amount of medical transportation provider assessment funds that must be generated during the subsequent fiscal year.

(3) A medical transportation provider shall not be guaranteed that its emergency medical transportation access payments will equal or exceed the amount of its medical transportation provider assessment.

20-77-2706. Exemptions.

(a) The following medical transportation providers are exempt from the assessment imposed under § 20-77-2703 unless the exemption is adjudged to be unconstitutional or otherwise determined to be invalid:

(1) Volunteer ambulance services;

(2) Ambulance services owned by the state, county, or political subdivision;

(3) Nonemergency ambulance services;

(4) Air ambulance services; and

(5) Specialty hospital based ambulance services.

(b) If an exemption under subsection (a) of this section is adjudged to be unconstitutional or otherwise determined to be invalid, the applicable medical transportation provider shall pay the assessment imposed under § 20-77-2703.

20-77-2707. Quarterly notice and collection.

(a)(1) The annual medical transportation provider assessment imposed under § 20-77-2703 shall be due and payable on a quarterly basis.

(2) However, an installment payment of an assessment imposed by § 20-77-2703 shall not be due and payable until:

(A) The Division of Medical Services of the Department of Human Services issues the written notice required by § 20-77-2708(a) stating that the payment methodologies to medical transportation providers required under § 20-77-2709 have been approved by the Centers for Medicare and Medicaid Services and the waiver under 42 C.F.R. § 433.68 for the assessment imposed by § 20-77-2703, if necessary, has been granted by the Centers for Medicare and Medicaid Services;

(B) The thirty-day verification period required by § 20-77-2708(b) has expired; and

(C) The division has made all quarterly installments of emergency medical transportation access payments that were otherwise due under § 20-77-2709 consistent with the effective date of the approved state plan amendment and waiver.

(3) After the initial installment has been paid under this section, each subsequent quarterly installment payment of an assessment imposed by § 20-77-2703 shall be due and payable within ten (10) business days after the medical transportation provider has received its emergency medical transportation access payments due under § 20-77-2709 for the applicable quarter.

(b)(1) If a medical transportation provider fails to timely pay the full amount of a quarterly assessment, the division shall add to the assessment:
(A) A penalty assessment equal to five percent (5%) of the quarterly amount not paid on or before the due date; and

(B) On the last day of each quarter after the due date until the assessed amount and the penalty imposed under subdivision (b)(1)(A) of this section are paid in full, an additional five percent (5%) penalty assessment on any unpaid quarterly and unpaid penalty assessment amounts.

(2) Payments shall be credited first to unpaid quarterly amounts, rather than to penalty or interest amounts, beginning with the most delinquent installment.

(3) If the division is unable to recoup from Medicaid payments the full amount of any unpaid assessment or penalty assessment, or both, the division may file suit in a court of competent jurisdiction to collect up to double the amount due, the division’s costs related to the suit and reasonable attorney’s fees.

(a)(1) The Division of Medical Services of the Department of Human Services shall send a notice of assessment to each medical transportation provider informing the medical transportation provider of the assessment rate, the medical transportation provider’s net operating revenue calculation, and the estimated assessment amount owed by the medical transportation provider for the applicable fiscal year.

(2) Except as set forth in subdivision (a)(3) of this section, annual notices of assessment shall be sent at least forty-five (45) days before the due date for the first quarterly assessment payment of each fiscal year.

(3) The first notice of assessment shall be sent within seventy-five (75) days after receipt by the division of notification from the Centers for Medicare and Medicaid Services that the payments required under § 20-77-2709 and, if necessary, the waiver granted under 42 C.F.R. § 433.68 have been approved.

(b) The medical transportation provider shall have thirty (30) days from the date of its receipt of a notice of assessment to review and verify the assessment rate, the medical transportation provider’s net operating revenue calculation, and the estimated assessment amount.

(c)(1) If a medical transportation provider operates, conducts, or maintains more than one (1) medical transportation provider in the state, the medical transportation provider shall pay the assessment for each medical transportation provider separately.

(2) However, if the medical transportation provider operates more than one (1) medical transportation provider under one (1) Medicaid provider number, the medical transportation provider may pay the assessment for the medical transportation providers in the aggregate.

(d)(1) For a medical transportation provider subject to the assessment imposed under § 20-77-2703 that ceases to conduct medical transportation operations or maintain its state license or did not conduct medical transportation operations throughout a state fiscal year, the assessment for the state fiscal year in which the cessation occurs shall be adjusted by multiplying the annual assessment computed under § 20-77-2703 by a fraction, the numerator of which is the number of days during the year that the medical transportation provider operated and the denominator of which is three hundred sixty-five (365).

(2) Immediately upon ceasing to operate, the medical transportation provider shall pay the adjusted assessment for that state fiscal year to the extent not previously paid.

(e) A medical transportation provider subject to an assessment under this subchapter that has not been previously licensed as a medical transportation provider in Arkansas and that commences medical transportation operations during a state fiscal year shall pay the required assessment computed under § 20-77-2703 and shall be eligible for emergency medical transportation access payments under §
20-77-2709 on the date specified in rules promulgated by the division under the Arkansas Administrative Procedure Act, § 25-15-201 et seq.

(f) A medical transportation provider that is exempted from payment of the assessment under § 20-77-2706 at the beginning of a state fiscal year but during the state fiscal year experiences a change in status so that it becomes subject to the assessment shall pay the required assessment computed under § 20-77-2703 and shall be eligible for emergency medical transportation access payments under § 20-77-2709 on the date specified in rules promulgated by the division under the Arkansas Administrative Procedure Act, § 25-15-201 et seq.

(g) A medical transportation provider that is subject to payment of the assessment computed under § 20-77-2703 at the beginning of a state fiscal year but during the state fiscal year experiences a change in status so that it becomes exempted from payment under § 20-77-2706 shall be relieved of its obligation to pay the medical transportation provider assessment and shall become ineligible for emergency medical transportation access payments under § 20-77-2709 on the date specified in rules promulgated by the division under the Arkansas Administrative Procedure Act, § 25-15-201 et seq.

20-77-2709. Emergency medical transportation access payments.

(a) To preserve and improve access to medical transportation services, for medical transportation services rendered on or after July 1, 2017, the Division of Medical Services of the Department of Human Services shall make emergency medical transportation access payments as set forth in this section.

(b) The division shall calculate the emergency medical transportation access payment amount as the balance of the Medical Transportation Assessment Account plus any federal matching funds earned on the balance, up to but not to exceed the upper payment limit gap for all medical transportation providers.

(c)(1) Except as provided in § 20-77-2706, all medical transportation providers shall be eligible for emergency medical transportation access payments each state fiscal year as set forth in this subsection.

(2)(A) In addition to any other funds paid to medical transportation providers for emergency medical services to Medicaid patients, each eligible medical transportation provider shall receive emergency medical transportation access payments each state fiscal year equal to the medical transportation provider’s proportionate share of the total upper payment limit gap for all providers of emergency medical services.

(B) Emergency medical transportation access payments shall be made on a quarterly basis.

(C) In addition to other rules as the division determines are necessary to implement emergency medical transportation access payments, the division may create separate levels of assessments and emergency medical transportation access payments for ambulance services and air ambulance services.

(d) An emergency medical transportation access payment shall not be used to offset any other payment by Medicaid for emergency or nonemergency services to Medicaid beneficiaries.

20-77-2710. Effectiveness — Cessation.

(a) The medical transportation provider assessment imposed under § 20-77-2703 shall cease to be imposed, the emergency medical transportation access payments made under § 20-77-2709 shall cease to be paid, and any moneys remaining in the Medical Transportation Assessment Account in the Arkansas Medicaid Program Trust Fund shall be refunded to medical transportation providers in proportion to the amounts paid by them if:

(1) The Medical Transportation Assessment Account access payments required under § 20-77-2709 are changed or the assessments imposed under § 20-77-2703 are not eligible for federal matching funds under Title XIX of the
Social Security Act, 42 U.S.C. § 1396 et seq., or Title XXI of the Social Security Act, 42 U.S.C. § 1397aa et seq.; or

(2) It is determined in the course of an administrative adjudication or in an action under § 25-15-207 that the Division of Medical Services of the Department of Human Services:

(A) Established Medicaid medical transportation provider payment rates that include an offset, in whole or in part, for any emergency medical transportation access payments under § 20-77-2709; or

(B) Included the net effect of any emergency medical transportation access payment under § 20-77-2709 when considering whether Medicaid medical transportation provider payment rates are:

(i) Consistent with efficiency, economy, and quality of care; and

(ii) Sufficient to enlist enough providers so that Medicaid care and services are available at least to the extent that the care and services are available to the general population in the geographic area.

(b)(1) The medical transportation provider assessment imposed under § 20-77-2703 shall cease to be imposed and the emergency medical transportation access payments under § 20-77-2709 shall cease to be paid if the assessment is determined to be an impermissible tax under Title XIX of the Social Security Act, 42 U.S.C. § 1396 et seq.

(2) Moneys in the Medical Transportation Assessment Account in the Arkansas Medicaid Program Trust Fund derived from assessments imposed before the determination described in subdivision (b)(1) of this section shall be disbursed under § 20-77-2709 to the extent federal matching is not reduced due to the impermissibility of the assessments, and any remaining moneys shall be refunded to medical transportation providers in proportion to the amounts paid by them.

20-77-2711. State plan amendment.

(a) The Division of Medical Services of the Department of Human Services shall file with the Centers for Medicare and Medicaid Services a state plan amendment to implement the requirements of this subchapter, including the payment of emergency medical transportation access payments under § 20-77-2709, no later than forty-five (45) days after June 15, 2017.

(b) If the state plan amendment is not approved by the Centers for Medicare and Medicaid Services, the division shall:

(1) Not implement the assessment imposed under § 20-77-2703; and

(2) Return any assessment fees to the medical transportation providers that paid the fees if assessment fees have been collected."

SECTION 3. EMERGENCY CLAUSE. It is found and determined by the General Assembly of the State of Arkansas that The Digital Learning Act of 2013 expanded the need for digital learning courses in Arkansas public schools; that the Eighty-Ninth General Assembly directed the House Committee on Education and the
Senate Committee on Education to implement a study concerning quality digital learning; that the report that resulted from this study made significant recommendations regarding the expansion of internet bandwidth for Arkansas public schools; that under the leadership of the Governor, the Department of Information Systems and the Department of Education are making rapid progress in expanding the availability of high-speed broadband connectivity for Arkansas public schools; that with the expanded broadband connectivity now available to Arkansas public schools, it is necessary and appropriate for the state to expand and improve the availability, efficiency, quality, and educational benefit of digital learning content from both public and private providers; that time is of the essence to ensure that the Quality Digital Learning Provider Task Force created by this act may conduct a comprehensive review and develop in-depth recommendations in time for those recommendations to be considered by the Nintey-Second General Assembly in 2019; and that this act is immediately necessary in order to constitute a task force to immediately begin the work required in this act. Therefore, an emergency is declared to exist, and this act being immediately necessary for the preservation of the public peace, health, and safety shall become effective on:

(1) The date of its approval by the Governor;
(2) If the bill is neither approved nor vetoed by the Governor, the expiration of the period of time during which the Governor may veto the bill; or

(d)(1) The commission or its designee may charge a fee for the hull identification number verification not to exceed twenty-five dollars ($25.00).

(2) A fee owed to the commission shall be:

(A) Collected by the Revenue Division of the Department of Finance and Administration at the time of application for certificate of title; and

(B) Deposited into the State Treasury as special revenue to the credit of the Game Protection Fund for use by the commission.

(3) A fee owed to a designee may be collected and retained by the commission or the designee at the time of the inspection.

(e)(1) The commission shall adopt a form that is to be used for all hull identification number verifications in the state.

(2) The commission may adopt rules to:

(A) Ensure the hull identification number verification process is available at convenient times and locations; and

(B) Ensure the hull identification number verification process does not unduly burden legitimate businesses or consumers in the state.

(f) If information is received from another state that indicates that a certificate of title issued by the Office of Motor Vehicle under this chapter does not accurately reflect the designation of the status of a motorboat as provided under subdivision (b)(2) of this section, the office may cancel the certificate of title and issue a corrected certificate of title that correctly designates the status of the motorboat.

(a) As used in this section:

(1)(A) “Beneficiary” means one (1) person designated to become the owner of a motorboat upon the death of the current owner as indicated on the certificate of title issued under this chapter.

(B) “Beneficiary” does not include a business, firm, partnership, corporation, association, or any other legally created entity;

(2) “Certificate of title with beneficiary” means a certificate of title for a motorboat issued under this subchapter that indicates the present owner of the motorboat and designates a beneficiary as provided under this section; and
(3)(A) “Owner” means a person who holds legal title to a motorboat and may include more than one (1) person but not more than three (3) people.

(B) “Owner” does not include a business, firm, partnership, corporation, association, or any other legally created entity.

(b)(1) The owner or joint owners of a motorboat may submit a transfer-on-death application to the Office of Motor Vehicle to request the issuance of a certificate of title with beneficiary or a change to a certificate of title with beneficiary which directs the office to transfer the certificate of title upon the death of the owner or upon the death of all joint owners to the beneficiary named on the certificate of title with beneficiary.

(2) A transfer-on-death application shall contain:

(A) A statement as to whether the applicant seeks to add, remove, or change a beneficiary;

(B) The full legal name of the beneficiary;

(C) The Social Security number of the beneficiary;

(D) The address of the beneficiary;

(E) The hull identification number of the motorboat and, where applicable, the engine or motor serial number;

(F) The year, make, model, and body type of the motorboat;

(G) The printed full legal name of the owner of the motorboat; and

(H) The driver's license or identification card number for the owner of the motorboat;

(I) The signature of the owner of the motorboat.

(3) The applicant shall include the following with the transfer-on-death application:

(A) The certificate of title for the motorboat issued under this chapter;

(B) A certificate of title fee in the amount of two dollars ($2.00);

(C) The certificate of title application fee in the amount of eight dollars ($8.00); and

(D) The certificate of title with beneficiary processing fee in the amount of ten dollars ($10.00).

(4) The proceeds collected under subdivision (b)(3)(C) of this section shall be distributed as set out in § 27-101-1004(d).

(5)(A) The certificate of title with beneficiary processing fee remitted under subdivision (b)(3)(D) of this section shall be deposited into the State Central Services Fund for the benefit of the Revenue Division of the Department of Finance and Administration.

(B) The fee shall be credited as supplemental and in addition to all other funds as may be deposited for the benefit of the division.

(C) The fee shall not be considered or credited to the office as direct revenue.

(c)(1) The office shall not issue a certificate of title with beneficiary to an owner of a motorboat if:

(A) The motorboat is encumbered by a lien; or

(B) The owner holds his or her interest in the motorboat as a tenant in common with another person.

(2) If a lien request is made for a certificate of title with beneficiary, the beneficiary shall be removed and the lien added upon payment of all fees required under this chapter.

(d) The certificate of title with beneficiary issued by the office shall include after the name of the owner the words “transfer on death to” or the abbreviation “TOD” followed by the name of the beneficiary.

(e) During the lifetime of the owner or before the death of the last surviving joint owner:
(1) The signature or consent of the beneficiary is not required for any transaction relating to the motorboat for which a certificate of title with beneficiary has been issued; and

(2) The certificate of title with beneficiary is revoked by:

(A) Selling the motorboat with proper assignment and delivery of the certificate of title to another person; or

(B) Filing an application with the office to remove or change a beneficiary as provided under subsection (b) of this section.

(f) Except as provided in subsection (e) of this section, the designation of the beneficiary in a certificate of title with beneficiary shall not be changed or revoked absent receipt of a court order requiring a change in the designation of beneficiary.

(g) The interest of the beneficiary in a motorboat on the death of the owner or on the death of the last surviving joint owner is subject to any contract of sale, assignment, or security interest to which the owner of the motorboat was subject to during his or her lifetime.

(h)(1)(A) Upon the death of the owner, the office shall issue a new certificate of title for the motorboat to the surviving owner or, if there is no surviving owner, to the beneficiary if the surviving owner or beneficiary presents the following:

(i) Proof of death of the owner that includes a death certificate issued by the state or a political subdivision of the state;

(ii) Surrender of the outstanding certificate of title with beneficiary; and

(iii) An application and payment of all fees required under this chapter.

(B) A certificate of title issued under this subsection is subject to any existing security interest.

(2) If the surviving owner or beneficiary chooses, he or she can submit a completed certificate of title with beneficiary application as provided under this section, which shall be accompanied by all required fees, at the time of the application for a new certificate of title.

(3) The transfer under this subsection is a transfer by operation of law, and § 27-101-1022 applies to the extent practicable and not in conflict with this section.

(i) The transfer of a motorboat upon the death of the owner under this section is not testamentary and is not subject to administration under the Probate Code.

(j) The procedures and fees under §§ 27-101-1004 and 27-101-1029 shall apply for obtaining a duplicate certificate of title with beneficiary.

A conditional sale contract, conditional lease, chattel mortgage, or other lien or encumbrance, or title retention instrument upon a motorboat, other than a lien dependent upon possession, is not valid against the creditors of an owner acquiring a lien by levy or attachment or subsequent purchasers or encumbrances, with or without notice, until the requirements of this subchapter have been satisfied.

(a) There shall be deposited with the Office of Motor Vehicle a copy of the instrument creating and evidencing a lien or encumbrance, which is to be executed in the manner required by the laws of this state and accompanied by the certificate of title last issued for the motorboat.

(b) If a motorboat is subject to a security interest when brought into this state, the validity of the security interest is determined by the law of the jurisdiction where the motorboat was when the security interest attached, subject to the following:
(1) If at the time the security interest attaches the parties understand that the motorboat will be kept in this state and the motorboat is in this state within thirty (30) days after attachment for purposes other than transportation through this state, the validity of the security interest in this state is determined by the law of this state;

(2) If a security interest is perfected under the law of the jurisdiction where the security interest attached, the following rules apply:

(A) If the name of the lienholder is shown on an existing certificate of title issued by that jurisdiction, the lienholder’s security interest continues perfected in this state; or

(B)(i) If the name of the lienholder is not shown on an existing certificate of title issued by that jurisdiction, the security interest continues perfected in this state for four (4) months after a first certificate of title of the motorboat is issued in this state and also thereafter if, within the four-month period, it is perfected in this state. (ii) Perfection dates from the time of perfection in this state if the security interest is perfected in this state after the expiration of the four-month period;

(3) If the security interest is not perfected under the law of the jurisdiction where the security interest attached, the security interest may be perfected in this state, and perfection dates from the time of perfection in this state; or

(4) A security interest may be perfected either under subdivision (b)(2)(B) of this section or subdivision (b)(3) of this section as provided in subsection (a) of this section.

(c) If the motorboat is not registered with a certificate of number and a certificate of title has not been issued for the motorboat, the certified copy of the instrument creating the lien or encumbrance shall be accompanied by an application by the owner in usual form for an original registration and issuance of an original certificate of title and any fees as required under this chapter.

Upon receipt of an application for a certificate of title accompanied by the documents and fees required under this subchapter, the Office of Motor Vehicle shall:

(1) File the application and documents with the date and hour the application and documents were received noted on the application; and

(2) If the application requirements are properly satisfied, issue a new certificate of title in the name of the owner and a statement of all liens or encumbrances certified to the office existing against the motorboat.

(a) The filing and issuance of a new certificate of title as provided in this chapter shall constitute constructive notice of all liens and encumbrances against the motorboat described in the certificate of title to creditors of the owner, subsequent purchasers, and encumbrancers, except those liens as may be authorized by law dependent upon possession.

(b)(1) A lien is perfected on the date of execution if the documents required under § 27-101-1015 are filed with the Office of Motor Vehicle within thirty (30) days from the date of execution.

(2) Otherwise, constructive notice shall date from the time of receipt and filing of the documents by the office noted on the application as required under § 27-101-1016.

(a)(1)(A) At his or her option, a lienholder may:

(i) Record the lien on the manufacturer’s certificate of origin; or
(ii) Record the lien on an existing certificate of title. 

(B) File with the Revenue Division of the Department of Finance and Administration a certified copy of the instrument creating and evidencing the lien or encumbrance.

(2) The lienholder shall remit a fee in the amount of one dollar ($1.00) for each lien filed.

(3) The recording or filing shall constitute constructive notice of the lien against the motorboat described therein to creditors of the owner, subsequent purchasers, and encumbrancers, except those liens that are by law dependent upon possession.

(4) A photocopy of the manufacturer's certificate of origin or of an existing certificate of title, showing the lien recorded thereon and certified as a true and correct copy by the party recording the lien, shall be sufficient evidence of the recording.

(b)(1)(A) The lien shall be deemed perfected and the constructive notice shall be effective from the date of the execution of the instrument creating and evidencing the lien or encumbrance if it is filed as authorized in this section within thirty (30) days after the date of the execution thereof.

(B) If the instrument is filed more than thirty (30) days after the date of the execution thereof, the lien shall be deemed perfected and the constructive notice shall date from the time of the filing of the instrument.

(2) However, the filing of a lien under this section by the lienholder and the payment of the required fee shall in no way relieve any person of the obligation of paying the fee required by law for filing a lien to be evidenced on a certificate of title of a motorboat.

(a) The methods provided in this subchapter of giving constructive notice of a lien or encumbrance upon a motorboat shall be exclusive except as to liens dependent upon possession.

(b) Any lien, or encumbrance, or title retention instrument filed as provided in this subchapter, and any documents evidencing them, are exempted from the provisions of law which otherwise require or relate to the recording or filing of instruments creating or evidencing title retention or other liens or encumbrances upon motorboats.

(a) It is Class C misdemeanor for any person to fail or neglect to enter the transferee's name on a properly endorsed certificate of title, or fail or neglect to properly endorse and deliver a certificate of title to a transferee or owner lawfully entitled to the certificate of title.

(b) A person found to be in possession of a motorboat with an improperly assigned certificate of title that fails to identify the transferee shall immediately establish ownership of the motorboat, register the motorboat with a certificate of number, and pay all required fees and penalties.

(a)(1) The transferee of a motorboat shall apply for, or cause to be applied for, a registration with a certificate of number under § 27-101-304 and the issuance of a certificate of title under this subchapter within thirty (30) days after the date of the release of lien by a prior lienholder, as provided in § 27-101-1025, or thirty (30) days after the date of the transfer if no lien exists.

(2) A motorboat shall not be operated upon the waters of this state for more than thirty (30) days after the release of lien by a prior lienholder as provided in § 27-101-1024, or thirty (30) days after the transfer date if no lien exists, unless a valid registration with a
certificate of number and certificate of title have been issued under this chapter.

(b) A transferee shall at the same time present the certificate of title, properly endorsed and assigned, to the Office of Motor Vehicle and apply for and obtain a new certificate of title for the motorboat, except as otherwise provided in § 27-101-1022.

(c)(1)(A) It is unlawful for a dealer or other person who sells or finances the purchase of a motorboat subject to registration with a certificate of number in this state to use a title retention note to secure his or her interest in the motorboat.

(B) As used in this section, a “title retention note” means any instrument that grants the purchaser the right to possession and use of the motorboat, but withholds assignment of ownership on the existing certificate of title and its delivery to the purchaser, until full payment has been made by the purchaser, which makes it impossible for the purchaser to comply with subsection (b) of this section.

(2) It shall be a Class C misdemeanor for a motorboat dealer or other seller to fail to comply with this subsection.

(d) This section is not intended to limit the rights of a lienholder to perfect or record his or her security interest in a motorboat as provided under §§ 27-101-1014 and 27-101-1019.

(a) Whenever the certificate of title or interest of an owner in or to a registered motorboat is transferred to another person by a method other than voluntary transfer, the registration and certificate of title of the motorboat shall expire, and the motorboat shall not be operated upon the waterways of this state for more than thirty (30) days after the date of transfer.

(b)(1) Upon transfer, the new owner shall secure a new registration with a certificate of number under § 27-101-304 and a new certificate of title under this subchapter, if the new owner submits to the office:

(A) The application and documents required to be submitted with the application;

(B) Payment of all required fees;

(C) Presentation and surrender of the last certificate of title;

(D) Evidence that the lien or encumbrance was previously recorded in this state; and

(E) The instruments or documents of authority, or certified copies of the instruments or documents of authority, as may be sufficient or required by law to evidence or effect a transfer of certificate of title or interest in or to chattels in this case.

(2)(A) If the motorboat to be registered with a certificate of number and titled was previously registered with a certificate of number in a jurisdiction other than Arkansas and if the name of the new owner as lienholder is not shown on the existing certificate of title, a certificate of title shall not be issued to the new owner under this section.

(B) Instead, the new owner may secure a new registration and certificate of title by obtaining an order issued by a court of competent jurisdiction directing issuance of the new registration with certificate of title and certificate of title.

(3) The new owner, upon transferring his or her certificate of title or interest to another person, shall execute and acknowledge an assignment and warranty of title upon the certificate of title previously issued, if available, and deliver it, as well as the documents of authority or certified copies of the documents of authority, as may be sufficient or required by law to evidence the rights of the person, to the person to whom the transfer is made.

(a) A person holding a lien or encumbrance upon a motorboat, other than a lien dependent solely upon possession, may assign his or her certificate of title or interest in or to the motorboat to a person other than the owner without the consent of the owner, and without affecting the interest of the owner or the registration with certificate of number of the motorboat, but in this event, he or she shall give to the owner a written notice of the assignment.

(b) The Office of Motor Vehicle, upon receiving a certificate of title, along with all required fees, assigned by the holder of a lien or encumbrance shown thereon and giving the name and address of the assignee, shall issue a new certificate of title as upon an original application.

(a) As used in this section, "final payment" means an item is paid when a payee bank or person has:

1. Paid for the item in cash;
2. Settled for the item without having a right to revoke the settlement under statute, clearinghouse rule, or agreement; or
3. Made a provisional settlement for the item and failed to revoke the settlement in the time and manner permitted by statute, clearinghouse rule, or agreement.

(b) For purposes of this section, a lien or encumbrance is satisfied when the lienholder receives final payment.

(c)(1) Upon the satisfaction of any lien or encumbrance on a motorboat for which the certificate of title is in the possession of the lienholder, the lienholder shall within ten (10) business days from the date of receipt of final payment execute a release of the lien or encumbrance in the space provided in the certificate of title, or as the Office of Motor Vehicle prescribes, and mail or deliver the certificate of title and the release of lien or encumbrance to the next lienholder named in the certificate of title or, if none, to the owner or to any person who delivers to the lienholder an authorization from the owner to receive the certificate of title.

(2) Upon the satisfaction of a lien or encumbrance on a motorboat for which the certificate of title is in the possession of a prior lienholder, the lienholder whose lien or encumbrance is paid in full shall within ten (10) business days of receipt of final payment execute a release of lien or encumbrance in the form the office prescribes and deliver the release of lien or encumbrance to the owner or to any person who delivers to the lienholder an authorization from the owner to receive it.

(d) A lienholder named in a certificate of title shall upon written request of the owner or of another lienholder named on the certificate of title disclose any pertinent information as to his or her security agreement and the indebtedness secured.

(e)(1) A lienholder who fails to comply with subsection (c) of this section shall pay to the person or persons satisfying the lien or encumbrance twenty-five dollars ($25.00) for the first five (5) business days after expiration of the time period prescribed in subsection (c) of this section, and the payment shall double for each five (5) days thereafter in which there is continued noncompliance, up to a maximum of five hundred dollars ($500) for each lien.

(2) If delivery of the certificate of title is by mail, the delivery date is the date of the postmark for purposes of this subsection.

(a) When satisfied as to the genuineness and regularity of the transfer of a motorboat and of the right of the transferee to receive a new registration and certificate of title under this chapter, the Office of Motor Vehicle shall reregister the motorboat under § 27-101-304 and
issue a new certificate of title under this subchapter as upon an original application.

(b) The request for reregistration and issuance of a new certificate of title shall be accompanied by:

(1) A properly endorsed certificate of title;

(2) A completed application for registration and certificate of title as required in this chapter;

(3) If applicable, proof the motorboat or personal watercraft is covered by a liability insurance policy issued by an insurance company authorized to do business in this state;

(4) Payment of all required fees; and

(5) Any other documents that may be required by the office.

(c) The office shall:

(1) Retain and appropriately file every surrendered certificate of title; and

(2) Maintain the file required under subdivision (c)(1) of this section to permit the tracing of the certificate of title.

(a) The owner of a motorboat who has made a bona fide sale or transfer of his or her certificate of title or interest and who has delivered possession of the motorboat to the purchaser or transferee is not liable for any damages resulting from negligent operation of the motorboat by another person.

(b) The selling or transferring owner, upon delivery of possession of the motorboat, is not liable for any damage or negligence if the selling or transferring owner:

(1) Delivers the certificate of title, properly endorsed and dated with the date of the endorsement, to the purchaser or transferee;

(2) Delivers to the Office of Motor Vehicle or placed in the United States mail, addressed to the office, the notice as provided in § 27-101-1027; or

(3) Delivers to the office or places in the United States mail, addressed to the office, the appropriate documents and fees for registration of the motorboat to the new owner under the sale or transfer.

27-101-1027. Notice of sale or transfer.

(a) Whenever the owner of a motorboat registered with a certificate of number under this chapter sells or transfers the certificate of title or interest in and delivers possession of the motorboat to another person, the owner may notify the Office of Motor Vehicle of the sale or transfer.

(b) The notice shall provide the following information:

(1) The date of the sale or transfer;

(2) The name and address of the owner and of the transferee;

(3) The hull identification number;

(4) The identifying number assigned to the motorboat under § 27-101-301 et seq.;

(5) A description of the motorboat; and

(6) Any other information that may be required by the office.

27-101-1028. Time requirements for payment of lien or encumbrance.

(a) As used in this section:

(1) “Customer” means a person who trades in or otherwise provides a motorboat to a motorboat dealer for resale;

(2) “Motorboat dealer” means a recognized motorboat dealer; and

(3) “Subsequent purchaser” means a person who buys the motorboat that was provided to the motorboat dealer as a trade-in or for resale by the customer.

(b) If a motorboat dealer takes possession of a motorboat for purposes of resale and there is an outstanding lien or encumbrance on the motorboat, the motorboat dealer shall in good faith tender full payment on
the outstanding lien or encumbrance within ten (10) business days after the motorboat dealer takes possession of the motorboat from the customer.

(2) This time period may be shortened if the customer and the motorboat dealer agree to a shorter time period.

(c)(1) If the motorboat dealer fails to act in good faith in tendering full payment for the outstanding lien or encumbrance within ten (10) business days or within the time period agreed to by the motorboat dealer and the customer under subdivision (b)(2) of this section, the customer shall have an absolute right to cancel the contract for sale between the customer and the motorboat dealer.

(2) If the contract for sale is cancelled under subdivision (c)(1) of this section, the motorboat dealer shall be responsible for late fees, finance charges, or any financial penalty that is required to be made by the customer as part of the existing lien or encumbrance.

(d)(1) If the motorboat dealer sells the motorboat to a subsequent purchaser without first tendering full payment for the outstanding lien or encumbrance, the subsequent purchaser who buys the motorboat subject to the existing lien or encumbrance shall have an absolute right to cancel the contract for sale between the subsequent purchaser and the motorboat dealer.

(2) If the contract for sale is cancelled under subdivision (d)(1) of this section, the motorboat dealer shall be responsible for late fees, finance charges, or any financial penalty that is required to be made by the subsequent purchaser as part of the existing lien or encumbrance.

(a) Except as otherwise provided, all fees required under this chapter shall be paid to the Office of Motor Vehicle.

(b) The following fees are charged under this subchapter by the Commissioner of Motor Vehicles:

(1) Certificate of title with beneficiary processing fee...............................................$10.00
(2) Duplicate title fee.................................................................$2.00
(3) Lien filing fee .................................................................$1.00
(4) Lien notation fee .............................................................$0.50
(5) Title application fee .........................................................$8.00
(6) Hull identification fee.................................$25.00

"SECTION 3. DO NOT CODIFY. Nonseverability.

(a) Determining the maximum amount of appropriation and general revenue funding for a state agency each fiscal year is the prerogative of the General Assembly and is usually accomplished by delineating such maximums in the appropriation act or acts for a state agency and the general revenue allocations authorized for each fund and fund account by amendment to the Revenue Stabilization Law, § 19--5-101 et seq.

(b)(1) The General Assembly has determined that the Department of Human Services may operate more efficiently if some flexibility is provided to the department authorizing broad powers under this act.

(c) The requirement of approval by the Legislative Council or Joint Budget Committee is not a severable part of this act, and it is the intent of the General Assembly that if the requirement of approval by the Legislative Council or Joint Budget Committee is ruled unconstitutional by a court of competent jurisdiction, this entire act is void."
